DEFINITIONS

A	In case of bidding for shares out of the Book Building portion, the total
Application Money	amount of money paid by a Bidder which is equivalent to the product of the Bid Price and the number of shares.
Bid	An indication to make an offer during the Bidding Period by a Bidder to subscribe to the Ordinary Shares of Pak-Qatar General Takaful Limited at a price at or above the floor price, including upward revisions thereto. An Eligible Investor shall not make a bid with price variation of more than 10% of the prevailing indicative strike price subject to a maximum price band of 40% of the Floor Price. Please refer to Section 12.1.2 for details.
Bid Amount	The amount equals the product of the number of shares Bid for and the Bid price.
Bid Price	The price at which a bid is made for a specified number of shares.
	The Eligible Investors can revise their bids upward subject to the provision of regulation 10(2)(iii) of the PO Regulations. The bids can be revised with a price variation of not more than 10% from the prevailing indicative Strike Price in compliance with Regulation10(2)(iii) of the PO Regulations.
Bid Revision	As per regulation 10(2)(vi) of the PO Regulations, the bidder shall not make downward revision both in terms of Bid Price and Bid Volume; Provided that in case of upward revision of the Bid Price, the number of shares Bid for i.e. Bid Volume may be adjusted ensuring that the bid amount or bid money remains the same. As per regulation 10(2)(vii) of the PO Regulations, the bidder shall not withdraw their bids.
Bidder	An Eligible Investor who makes bids for shares in the Book Building process.
Book Building	A process undertaken to elicit demand for shares offered through which bids are collected from the Bidders and a book is built which depicts demand for the shares at different price levels.
Book Building Portion	The part of the total Issue allocated for subscription through the Book Building.
Book Building System	I
BOOK Building System	An online electronic system operated by the Designated Institution for conducting Book Building.
Cede Amount	<u> </u>
	conducting Book Building. The initial and ongoing capital contributions made by the takaful operator (shareholders) to the Participant Takaful Fund (Waqf fund), representing
Cede Amount	conducting Book Building. The initial and ongoing capital contributions made by the takaful operator (shareholders) to the Participant Takaful Fund (Waqf fund), representing the operator's financial commitment to support the fund's capital base. The proportion of total risk or contributions that a Takaful or insurance

Commission	Securities & Exchange Commission of Pakistan ("SECP").
Consolidated Bids	A bid which is fully or partially beneficially owned by persons other than the one named therein.
Consultant to the Issue	Any person licensed by the Commission to act as Consultant to the Issue.
	Arif Habib Limited has been appointed as Lead Manager/Consultant to the Issue by the Issuer.
Designated Bank of the Issuer	Any bank(s) with whom an account is opened and maintained by the Issuer for keeping the bid amount/bid money.
Designated Bank of the Issuer	Meezan Bank Limited has been appointed, in this IPO, as the Designated Bank.
Designated Institution	Includes the securities exchange, central depository and clearing company to provide the Book Building System for conducting Book Building.
Dutch Auction Method	The method through which Strike Price is determined by arranging all the Bid Prices in descending order along with the number of shares and the cumulative number of shares bid for at each Bid Price. The Strike Price is determined by lowering the price to the extent that the total number of shares Issued under the Book Building Portion are subscribed.
	E-IPO refers to the electronic platform through which investors can submit applications for public subscription of securities electronically with payment through e-banking channels. Retail investors shall be able to participate in the public subscription through only the e-IPO platforms provided by CDC and PSX.
	The following systems are available for e-IPO:
E-IPO Facility	(i) PSX's e-IPO System (PES): To facilitate investors, the Pakistan Stock Exchange Limited ("PSX") has developed an e-IPO System ("PES") through which applications for subscription of securities offered to the General Public/retail portion can be made electronically. PES has been made available in this Issue and can be accessed through the web link (https://eipo.psx.com.pk). Payment of subscription money can be made through 1LINK's and NIFT's member banks available for PES.
	For making application though PES, investors must be registered with PES. The PES registration form is available 24/7, all throughout the year. Registration is free of cost and can be done by:
	 the investor himself, or the TREC Holder with whom the investor has a sub-account, or the Bank with whom the investor has a bank account.
	Similarly, an e-IPO application can be filed by: the investor himself, or the TREC Holder with whom the investor has a sub-account, or the Bank with whom the investor has a bank account.

In case of queries regarding PES, investors may contact Mr. Farrukh Shahzad, Deputy General Manager - IT Division at phone number: 111-001-122 or (021)-35274401-10, or email: itss@psx.com.pk.

Investors who are registered with PES can submit their applications through the web link, https://eipo.psx.com.pk, 24 hours a day during the subscription period which will close at midnight on [•]

(ii) Centralized e-IPO System (CES): To facilitate investors, the Central Depository Company of Pakistan ("CDC") has developed a Centralized e-IPO System ("CES") through which applications for subscription of securities offered to the General Public/retail portion can be made electronically. CES can be accessed through the web link (www.cdceipo.com). Payment of subscription money can be made through 1LINK's member banks available for CES. There is no transaction limit on making payment through e – banking channels. For making application though CES, investors must be registered with CES. Registration with CES is free of cost and can be done under a self-registration process by filling the CES registration form, which is available 24/7 all throughout the year.

In addition to the above, sub-account holder(s) can request their respective TREC Holders who are Participants in Central Depository System (CDS) to make electronic subscription on their behalf for subscription of securities of a specific Company by authorizing (adding the details of) their respective Participant(s) in CES. Consequently, authorized Participants can electronically subscribe on behalf of their sub-account holder(s) in securities offered through Initial Public Offerings (IPOs) and can also make payment against such electronic subscriptions through all the available channels mentioned on CES only after receiving the subscription amount from the sub-account holder(s). To enable this feature, the CDS Participant may request CDC to activate his ID on the CES portal. The securities will be credited directly in Investors' subaccount. In case the sub-account of the investor has been blocked or closed, after the subscription, then securities shall be parked into the CDC's IPO Facilitation Account and investor can contact CDC for credit of shares in its respective account.

Investors who do not have CDS account may visit www.cdcpakistan.com for information and details.

For further guidance and queries regarding CES and opening of CDS account, investors may contact CDC at phone number: 0800 - 23275 (CDCPL) and e-mail: info@cdcpak.com or contact Mr. Farooq Ahmed Butt, Senior Manager – Operations, at Phone 021-34326030 and email: farooq butt@cdcpak.com.

Investors who are registered with CES can submit their applications through the web link www.cdceipo.com 24 hours a day during the subscription period which will close at midnight on [•].

IPO Facilitation Account (IFA):

	Investors not having investor account or sub account can subscribe IPO application by opting for the IPO facilitation account. IPO Facilitation Account is an account to be maintained by CDC separately for each IPO wherein securities of such successful applicants who do not have CDS Accounts at the time of making subscription application, shall be parked for a certain period of time. Subsequent to parking, all the successful applicants shall be intimated via email to open an Investor Account with CDC or Sub-Account with any of the CDS Participants (i.e. licensed securities brokers or commercial banks). Upon opening of CDS Account, successful applicants shall approach CDC Investor Account Services and securities of such successful applicants shall be moved from the IFA to their respective CDS Accounts.	
Eligible Investor	An Individual or Institutional Investor whose Bid Amount is not less than the minimum bid size of PKR 2,000,000/- (Two Million Rupees only).	
Eligible Participant for Book Building (Eligible Participant)	Eligible Participant shall include securities brokers, mutual funds, scheduled banks, and development finance institutions that are clearing member of NCCPL. Provided that Trading Only Securities Broker shall also be eligible to act as Eligible Participant for Book Building. Provided further that in case of	
	Trading Only Securities Broker, Professional clearing member shall collect the margin money from the bidders and deposit the same with NCCPL.	
Floor Price	In case of book building means the minimum price per share set by the Issuer in consultation with Consultant to the Issue.	
GDP	Gross domestic product (GDP) is the total monetary or market value of all the finished goods and services produced within a country's borders in a specific time period.	
General Public	All Individual and Institutional Investors including both Pakistani (residents & non-residents) and foreign investors.	
Initial Public Offer (IPO)	Initial Public Offering or IPO means first time offer of securities to the general public.	
Institutional Investors	Any of the following entities: (i) A financial institution; (ii) A company as defined in the Companies Act, 2017; (iii) An insurance company established under the Insurance Ordinance, 2000; (iv) A securities broker; (v) A fund established as Collective Investment Scheme under the Non-Banking Finance Companies and Notified Entities Regulations, 2008; (vi) A fund established as Voluntary Pension Scheme under the Voluntary Pension System Rules, 2005; (vii) A private fund established under Private Fund Regulations, 2015; (viii) Any employee's fund established for the benefit of employees; (ix) Any other fund established under any special enactment; (x) A foreign company or any other foreign legal person; and (xi) Any other entity as specified by the Commission.	

Issue	This Issue consists of 30,000,000 Ordinary Shares representing 29.67% of total post-IPO paid – up capital having Face Value of PKR 10.00/- each.	
Issue Price	The price at which Ordinary Shares of the Company are issued to the General Public/retail portion. The Strike Price will be the Issue Price.	
Issuer	Pak-Qatar General Takaful Limited	
Key Employees	Directors, Chief Executive Officer, Chief Financial Officer and Company Secretary of the Company.	
Limit Bid	The bid at a Limit Price.	
Limit Price	The maximum price (up to 40% of the Floor Price) a prospective Bidder is willing to pay for a share under Book Building.	
	Chapter 5 of the Rule Book of the Pakistan Stock Exchange Limited, titled 'Listing of Companies and Securities Regulation'.	
Listing Regulations	The aforementioned regulations can be found at the following link; https://www.psx.com.pk/psx/themes/psx/uploads/PSX-Regulations- October-21-2025-Holding-of-CBS.pdf	
Margin Money	The partial or total amount, as the case may be, paid by a bidder at the time of registration as an Eligible Investor. The Eligible Participants shall collect full amount of the bid money as Margin Money from the Bidders and deposit same with the NCCPL. Individual Investors and Institutional Investors shall pay 100% of bid amount as margin money to the Eligible Participants. Provided that Eligible Participant may accept a lower margin from the bidders based on its own risk assessment. Eligible Participants that are Banks, Development Finance Institutions, and Mutual Funds, shall be allowed to participate in the book building with 0% margin money for proprietary trade. Provided that the Banks and Development Finance Institutions shall provide standing instruction to the NCCPL to directly debit the bank account in case of default.	
Minimum Bid Size	The Bid amount is equal to Two Million Rupees (PKR 2,000,000/-).	
Ordinary Shares	Ordinary Shares of Pak-Qatar General Takaful Limited having face value of PKR 10.00/- each.	
Participants	Individuals or entities that contribute to a takaful fund to mutually share and cover risks in accordance with Shariah principles. The term if often used interchangeably with policyholders, especially when drawing parallels with conventional insurance.	
Policyholder	Individuals or entities that own an insurance policy, having entered into a contractual agreement with an insurer to receive financial protection against specified risks in exchange for premium payments.	
PO Regulations	The Public Offering Regulations, 2017	

	secp.gov.pk/document/public-offering-regulations-2017-updated-august-6-2025/?wpdmdl=61673&refresh=68c2b70f425cc1757591311	
Price Band	Floor Price with an upper limit of 40% above the Floor Price, i.e. PKR 10.00/-, allowing Bidder to make Bid at Floor Price or within the Price Band.	
Prospectus	Prospectus includes any document, notice, circular, material, advertisement, offer for sale document, publication or other invitation offering to the public (or any section of the public) or inviting offers from the public for the subscription or purchase of any securities of a company, body corporate or entity, other than deposits invited by a bank and certificate of investments and certificate of deposits issued by non-banking finance companies.	
Registration Period	The period during which registration of bidders is carried out. The registration period shall commence two days before the start of the Bidding Period and shall remain open till 3:00 pm on the last day of the Bidding Period.	
Related Employees	Related Employees mean such employees of the Issuer, the Offeror, the Underwriters, and the Consultants to the Issue, who are involved in the Issue or the Offer for Sale. Please refer to Section 3A (vi) for further details.	
Re-Takaful	A Shariah-compliant form of reinsurance where the Takaful Operator transfers part of its risk to another Takaful or Re-Takaful company for risk sharing and protection.	
Sponsor	A person who has contributed initial capital in the issuing company or has the right to appoint majority of the directors on the board of the issuing company directly or indirectly; A person who replaces the person referred to above; and A person or group of persons who has control of the issuing company whether directly or indirectly.	
Step Bid	Step Bid in case of shares means a series of Limit Bids at increasing prices provided that Bid Amount of any step is not less than minimum bid size. In case of a step bid the amount of each step will not be less than Rupees Two Million (PKR 2,000,000/-).	
Strike Price	The price per ordinary share of the Issue determined / discovered on the basis of Book Building process in the manner provided in the Public Offering Regulations 2017, at which the shares are Issued to the successful bidders.	
Supplement to the Prospectus	The Supplement to the Prospectus shall be published within One (1) working day of the close of the Bidding Period at least in all those newspapers in which the Prospectus was earlier published and disseminated through the Securities Exchange where shares are to be listed.

Application has been made to PSX for permission to deal in and for quotation of the shares of the Company.

In accordance with Section 69 of the Companies Act, 2017, any allotment made on the basis of this Prospectus shall be void if such permission has not been applied for within seven (7) days after the first issue of this Prospectus or, having been applied for, is not granted within twenty-one (21) days from the closing of the

subscription lists (or within such extended period, not exceeding forty-two (42) days, as may within the said twenty-one (21) days be notified by PSX).

If permission to deal in and quote the shares is not granted within the above period, the Company shall forthwith refund, without surcharge, all money received from applicants in pursuance of this Prospectus. If any such money is not repaid within eight (8) days after the Company becomes liable to repay it, the Directors shall be jointly and severally liable to repay that money from the expiration of the eighth day together with a surcharge at the rate of two percent (2%) per month or part thereof and shall, in addition, be liable to a penalty of Level 3 on the standard scale as prescribed under the Act.

All monies received from applicants shall be deposited and kept in a separate bank account in a scheduled bank until the Company is no longer liable to repay such amounts under sub-section (2) of Section 69. In the event of default in complying with this requirement, the Company and every officer who authorizes or permits the default shall be liable to a penalty of Level 2 on the standard scale in accordance with the provisions of the Act.

2. SUMMARY OF THE PROSPECTUS

2.1. PRIMARY BUSINESS OF THE PAK – QATAR GENERAL TAKAFUL LIMITED

Pak-Qatar General Takaful Limited ("PQGTL" or the "Company") is among the pioneers of Pakistan's Takaful industry and a leading provider of Shariah-compliant general (non-life) insurance solutions. Incorporated in 2006 under the Companies Ordinance, 1984 and commencing operations in 2007, the Company is licensed and supervised by the Securities and Exchange Commission of Pakistan ("SECP"). With its head office in Karachi and a network of 8 branches across four provinces, PQGTL extends its services to both individual and corporate clients throughout the country.

City	Address		
	Head Office		
Karachi	Suite # 402 – 403, Business Arcade, Block 6, P.E.C.H.S, Sharah-e-Faisal.

Sialkot	Sialkot Shop # 312, Al-Khalil Centre, 2nd Floor, Kashmir Road.		
Faisalabad	2nd Floor, P-14 Usman Plaza, Opposite Shell Petrol Pump, Kotwali Road.		
Sukkur	Mezzanine Floor, Chamber Avenue Building, Near Chamber of Commerce, Bunder Road.		

Takaful, the Shariah-compliant alternative to conventional insurance, was first introduced in Sudan in 1979 and has since developed into an established segment of the global Islamic finance industry. Over the years, it has gained prominence in countries such as Malaysia, Bahrain, the Kingdom of Saudi Arabia, and the United Arab Emirates, where it has become a key part of the financial ecosystem. In Pakistan, the SECP has played a central role in promoting the industry by developing a comprehensive regulatory framework that provides clarity, standardization, and investor confidence. The SECP formally defines Takaful as a system of Islamic insurance based on the principles of *Ta'awun* (mutual assistance) and *Tabarru* (voluntary contribution), where risk is shared collectively by the group. Operated on the values of shared responsibility, brotherhood, solidarity, and cooperation, this model ensures financial protection for participants against defined risks in a Shariah-compliant manner.

Backed by this regulatory foundation, Takaful has evolved into a fast-growing component of Pakistan's financial services sector. It complements the broader Islamic finance industry, which includes Islamic banking, Sukuk, and Shariah-compliant asset management, by offering ethical risk mitigation tools to both individuals and businesses. Industry growth between 2023 and 2028 is expected to remain strong, driven by demographic trends, rising awareness, and greater demand for Shariah-compliant financial solutions. As one of the early entrants, PQGTL has positioned itself at the forefront of this expansion, contributing to the development of the Takaful market in Pakistan.

As part of the broader Pak-Qatar Group, which also includes Pak-Qatar Family Takaful Limited, the first Islamic life insurer in Pakistan, and Pak-Qatar Asset Management Company, the Company benefits from a strong foundation of financial strength and presence on its Board provided by its Qatar-based sponsors, namely Qatar International Islamic Bank (QIIB), Qatar Islamic Insurance Group (QIIG), and Pak-Qatar Investment (Private) Limited. Its risk management capabilities are further strengthened through established Re-takaful arrangements with leading regional and international institutions, including Kuwait Re-takaful, Saudi Re, Arab Re, Oman Re, Kenya Re, Tunis Re, and Pakistan Reinsurance Company Limited (Window Re-takaful).

In terms of financial standing, PQGTL maintains a strong profile consistently reaffirmed by domestic credit rating agencies. In 2025, the Pakistan Credit Rating Agency ("PACRA") maintained the Company's Insurer Financial Strength ("IFS") rating at "A+" (Stable Outlook), as per its report dated February 7, 2025, marking the continuation of this rating since March 31, 2022.² Meanwhile, VIS Credit Rating Company Limited ("VIS") upgraded PQGTL's IFS rating from "A" to "A+" (Stable Outlook) on July 17, 2025, ³ reflecting the Company's strengthened financial position, prudent underwriting practices, and sustained capacity to meet policyholder obligations.

The business of PQGTL is conducted strictly in line with the principles of Islamic finance, ensuring that all operations provide ethical and interest-free risk protection solutions as an alternative to conventional insurance. Central to this framework is the Takaful model, which emphasizes mutual cooperation, equitable risk sharing, and transparency among participants. Contributions are collected under the principle of *Tabarru* (voluntary contribution), pooled collectively, and utilized to indemnify participants who encounter covered losses. This system guarantees that the Company's operations remain free from elements prohibited under Shariah, such as *Riba* (interest), *Gharar* (excessive uncertainty), and *Maysir* (gambling).

In support of this, the Company ensures that all contracts, products, and investment activities are subject to review, approval, and continuous supervision by an independent Shariah Advisory Board. This function, long considered a hallmark of credibility for the Pak-Qatar Group, was initially chaired by the renowned scholar Mufti Muhammad Taqi Usmani and, since 2019, has been chaired by Mufti Muhammad Hassaan Kaleem. Through this firm oversight, PQGTL demonstrates its commitment to integrity, transparency, and compliance with Islamic principle and jurisprudence.

The Company operates under the Wakala–Waqf Takaful model, which represents an enhancement of the traditional Wakala structure. Under this model, a **Waqf** is established as a dedicated fund created solely for the

² https://www.pacra.com/summary_report/RR_1080_13996_07-Feb-25.pdf

³ http://docs.vis.com.pk/RatingReports/OP_00667501017_0006675.pdf

purpose of providing mutual financial assistance to Participants. Shareholders hold no rights or ownership over the Waqf. Membership in the Waqf is granted exclusively to Participants through their contributions, which entitle them to risk protection in accordance with the terms defined at the fund's inception, along with a share in the profits. Once contributed, the amounts immediately become the property of the Waqf and are used for purposes such as claim settlements and re-Takaful arrangements. The pool created in this manner is formally recognized as the **Participants' Takaful Fund (PTF).**

The relationship between **Participants** and the **Waqf** is structured on the principle of **Aqd Tabarru** (a **Shariah-compliant voluntary contribution agreement**). In practice, this ensures that indemnification is provided not by the Company directly but by the Waqf itself, thereby maintaining the cooperative essence of Takaful.

The Waqif (the settlor who initially creates and endows the Waqif for the benefits of participants) defines the rules governing coverage, eligibility, and claim settlement of the Waqif's creation. All disbursements are restricted to participants in strict accordance with Shariah principles. Moreover, funds in the Waqif are invested only in Shariah-compliant avenues such as Islamic Sukuk, Islamic mutual funds, and other permissible instruments, with all profits credited back to the Waqif to reinforce its sustainability.

In managing this framework, PQGTL, as the Operator, who serves as the *Wakeel* (manager) of the Waqf Pool, charging a Wakala fee for its management, administrative, and operational services. At the same time, the Operator assumes the role of *Mudarib* (working partner) for investments, while the Waqf Pool acts as *Rab-ul-Maal* (capital provider). Under this Mudarabah arrangement, profits from investments are shared between the Operator and the Waqf in accordance with pre-agreed ratios, while any losses are borne exclusively by the Waqf unless they result from negligence, misconduct, or breach of trust by the Operator. The Operator (PQGTL) is essentially the Takaful company entrusted to manage the Waqf on behalf of the participants, ensuring that all operations, investments, and disbursements remain fully Shariah-compliant.

A defining feature of the model is the clear segregation of funds. The PTF belongs exclusively to the participants, while the **Shareholders' Fund** ("**SHF**") is separately maintained for capital requirements, regulatory obligations, and business growth. In circumstances where the PTF is insufficient to meet claims, the SHF may extend an interest-free loan (*Qard Hasan*), repayable from future surpluses, thus preserving solvency and uninterrupted protection for participants. Surpluses in the PTF, after meeting all obligations, may also be distributed among eligible participants in proportion to their contributions, subject to Shariah Board approval.

Through this robust structure, PQGTL offers a wide-ranging suite of Shariah-compliant insurance solutions tailored to meet the diverse needs of both retail and corporate clients. For individual customers, the Company provides protection through Motor Takaful, Ashiana and Home Takaful, Travel Takaful, Personal Accident Takaful, and ATM Cash Withdrawal Takaful, ensuring financial security in everyday life and unexpected situations. On the corporate side, PQGTL delivers specialized solutions including Fire & Property Takaful, Marine Takaful, Engineering Takaful, Liability Takaful, Health takaful and Miscellaneous Takaful, addressing the complex risk management requirements of businesses across various sectors.

In every instance, indemnification is facilitated through the Waqf Pool, a collective risk-sharing mechanism that promotes transparency, ethical conduct, and strict adherence to Shariah principles. By leveraging this framework, PQGTL not only provides financial protection but also fosters a sense of mutual support and trust among policyholders, reinforcing its position as a leading provider of ethical and responsible Takaful solutions in Pakistan.

The financial performance of PQGTL reflects the strength of this model. In 2024, the Company reported a written gross contribution of PKR 1.174 billion and a net profit after tax of PKR 113.79 million, equivalent to earnings per share of PKR 2.23. Results were driven by Wakala fees and investment income within the SHF, complemented by a surplus of PKR 47.32 million generated in the PTF. This structure ensures value creation for both stakeholders and participants receive financial protection with potential surplus sharing, while shareholders earn returns through fees and Shariah-compliant investment income.

The contributions achieved during the year reflected a well-diversified portfolio, with meaningful participation from both retail and corporate lines of business. This diversification underlines the Company's prudent underwriting practices and resilience across multiple segments of risk.

To further align with evolving customer needs, PQGTL has invested extensively in digital transformation. User-friendly online portals, mobile applications, and integrations with payment gateways, brokers, and digital aggregators provide policyholders with enhanced accessibility, real-time policy dashboards, and seamless digital contribution payments. A dedicated Customer Experience and Digital Sales function has been established to ensure that these platforms are fully aligned with service strategies, while data analytics are increasingly being applied to underwriting, customer profiling, and risk detection. Collectively, these efforts improve customer convenience, create operational efficiencies, and open new revenue streams.

Taken together, these initiatives demonstrate PQGTL's position as a financially resilient and Shariah-compliant alternative to conventional insurance providers in Pakistan. By uniting ethical principles with strong governance, diversified business lines, and innovative technological solutions, the Company has reinforced its role as a leading player in the Islamic financial services industry, bridging the interests of participants and shareholders while contributing to financial inclusion and the broader development of the Islamic economy in Pakistan.

2.2. SPONSORS OF PAK-QATAR GENERAL TAKAFUL LIMITED

PQGTL is an associate of the Pak-Qatar Group ("PQG"), one of Pakistan's leading Islamic finance services groups. PQG offers a range of Islamic finance solutions and encompasses the following companies alongside PQGTL:

Pak-Qatar Investments Limited ("PQIL")

- Pak-Qatar Asset Management Company Limited ("PQAMC")
- Pak-Qatar Family Takaful Limited ("PQFTL")
- Sharq Trading & Merchandising Limited ("STML")
- Qatar Group (Private) Limited

The sponsors of the company hold 69.28% of its paid-up capital, whilst Directors and their family, excluding sponsoring Chairman, hold 13.35%. The remainder is held by, financial institutions, companies, and individuals.

The details of the sponsors of the company are given hereunder:

Spansors Description		No. Shares Held	Ownership
Sponsors	Description	#	%
Pak – Qatar Investment (Private) Limited	A Leading investment and advisory firm in Pakistan, dedicated to Islamic financial management.	23,743,783	33.39%
Qatar International Islamic Bank	Privately-owned Islamic bank in the State of Qatar offering personal and corporate Islamic banking solutions.	8,844,569	12.44%
Qatar Islamic Insurance Group	A leading Qatar based company that provides a wide range of takaful, or Shariacompliant, insurance products and services.	7,108,735	10.00%
H. E. Sheikh Ali bin Abdullah	As a distinguished member of the Royal Family of Qatar, Sheikh Ali has served as the Board Chairman of PQGTL since 2007.	9,563,467	13.45%

2.3. SALIENT FEATURES OF THE OFFER

The Offer comprises of 30,000,000 ordinary shares of PQGTL of face value of PKR 10.00/- each, which constitute 29.67% of the post-IPO paid-up capital of the Company.

Seventy five percent (75%) of the entire Issue size i.e., 22,500,000 shares will be offered through Book Building Method at a Floor Price of PKR 10.00/- per share, with a maximum price band of up to 40% (i.e., PKR 14/- per share). The Strike Price shall be the price at which seventy-five percent (75%) of the Issue is subscribed under the Book Building process.

The remaining twenty-five percent (25%) of the Issue, i.e., 7,500,000 ordinary shares, will be offered to Retail Investors through the General Public portion at the Strike Price determined through the Book Building process. The Retail Portion shall be fully underwritten. Any unsubscribed shares (if any) from the General Public portion shall be allocated to Successful Bidders of the Book Building portion on a pro-rata basis.

The proceeds from the IPO at the Floor Price of PKR 10.00/- are expected to be as follows:

Aggregate Dresseds	Number of Shares	Price/Share	Total Proceeds
Aggregate Proceeds	#		PKR

2.5. PRINCIPAL PURPOSE OF THE ISSUE

The proposed offering will strengthen PQGTL's competitive positioning by reinforcing its capital adequacy, improving solvency margins, and enhancing financial resilience. It will also accelerate the expansion of digital distribution channels and support the launch of innovative, customer-focused, and cost-efficient Takaful products designed to meet evolving market demands. At the same time, the listing is expected to elevate brand visibility, raise public awareness of Takaful, facilitate deeper market penetration, broaden the investor base, and build stronger customer confidence through greater transparency and public accountability. Collectively, these initiatives will underpin sustainable earnings growth, an expanded investment platform, and long-term value creation for both shareholders and stakeholders.

The listing will further allow the sponsors to partially realize gains on their investment in PQGTL while ensuring compliance with the revised minimum paid-up capital requirements applicable to non-life insurance and Takaful operators. This strategic step will not only align the Company with regulatory standards but also reinforce its market credibility and future growth trajectory. (Further details are provided in section 4.1)

^{**} Muhammad Ozair Zahid is the son of Zahid Hussain Awan.

^{***} Mr. Said Gul and Mr. Zahid Hussain Awan serve as non-executive directors on PQGTL's board. Neither Zahid Hussain Awan nor Said Gul have been nominated as Sponsors, likewise their family members are also not Sponsors of the Company.

**** This shareholding was subscribed by a group consisting of friends, associates, and early supporters of the initial sponsors, including non-resident Pakistanis and Qatari nationals who expressed interest in the newly introduced, Shariah-compliant Takaful concept. Their post-IPO shareholding is assumed unchanged, though these original subscribers may participate in the public offering.

2.5.1. Source of Funding

PQGTL intends to raise PKR 300,000,000/- (Pak Rupees Three Hundred Million only) through an Initial Public Offering (IPO), issuing 30,000,000 ordinary shares at a floor price of PKR 10.00/- per share.

2.5.2. Utilization of IPO Proceeds

PQGTL intends to allocate the IPO proceeds towards strategic initiatives aimed at enhancing operational efficiency, elevating customer experience, infrastructure, market presence and ensuring sustainable long-term growth. The funds will be utilized for the development and upgradation of software and business systems, investment in hardware and IT infrastructure, targeted market and brand – building activities, human resource development and the establishment of new branches along with the transformation and renovation of existing ones. These initiatives are aimed at enhancing technology-driven transformation, infrastructure enhancement, branches transformation, brand-building activities, expansion of the digital sales force, and reinforcement of the Shareholders Fund (SHF), thereby reinforcing financial resilience and market competitiveness. Key areas of allocation are as follows:

- (i) Digital Infrastructure and Online Distribution Network: Investment in digital platforms to introduce new products, extend outreach, and deepen market penetration.
- (ii) Upgradation of Portals & Applications: Enhancement of mobile applications, customer portals, and core operating systems to support digital transformation, process automation, and scalable growth.
- (iii) **Digital Marketing:** Targeted campaigns to increase product visibility, improve customer acquisition, and strengthen brand positioning in both retail and corporate segments.
- (iv) Sales Team Expansion: Recruitment and capacity-building of sales personnel to accelerate distribution and drive business growth across multiple channels.
- (v) Branch Transformation: Modernization and reconfiguration of existing branches to improve service delivery, operational efficiency, and customer experience.
- (vi) Strengthening Solvency & Underwriting Capacity: Augmenting the financial base to underwrite larger risks and attract high-value corporate clients who prioritize insurers with strong capitalization.
- (vii) Sustainable growth in income through Use of Funds: Optimized utilization of proceeds to expand the investment base, enhance income-generating capacity, and unlock long-term shareholder value.

Particular	Cost	Percentage
Particular	PKR	%
Software's/Intangibles (Apps, Portals, Business System Development and Upgradation)	51,795,000	17.27
Hardware & Infrastructure	59,400,000	19.80
Marketing	85,471,400	28.49
Human Resource Cost	78,665,280	26.22
New Branches with existing Branches Transformation (Renovation, Boards, Branding, Relocation, etc.)	24,668,320	8.22
Total	300,000,000	100.00%

2.5.3. Compliance with Minimum Paid-up Capital Requirements:

PQGTL currently maintains an issued and subscribed paid-up capital of PKR 700 million. The proceeds raised through this public offering will increase the company's paid-up capital to PKR 1.06 billion, enabling PQGTL to meet progressive regulatory milestones for non-life insurers and Takaful operators as outlined by the SECP vide SRO 310(I)/2025 dated March 03, 2025, for applicable periods as follows:

Prior December 31, 2026	By December 31, 2026	By December 31, 2028	By December 31, 2030			
PKR						
500,000,000 1,000,000,000 1,500,000,000 2,000,000,000						

(Detailed breakdown of the utilization of proceeds is provided in section 4.3)

2.6. JUSTIFICATION IN FAVOR OF THE FLOOR PRICE OF PKR 10.00/- PER SHARE

Justification given by the lead manager/consultant to the issue in favor of floor price of PKR 10.00/- per share may be seen at section 4A of the prospectus, titled valuation section.

2.7. QUALIFIED OPINION, IF ANY, GIVEN BY THE AUDITOR DURING THE LAST THREE FINANCIAL YEARS

No qualified opinion was given on the financial statements of PQGTL during the last three financial years, i.e. FY24, FY23, FY22, by the Company's Auditors, i.e. Yousuf Adil, Chartered Accountants.

2.8. FINANCIAL INFORMATION – (PLEASE REFER TO SECTION 6.7 FOR FURTHER DETAILS AND RATIOS ANALYSIS)

3. OVERVIEW, HISTORY AND PROSPECTS

3.1. COMPANY HISTORY AND OVERVIEW

Name	Pak-Qatar General Takaful Limited		
Incorporation Number	0054339		
Date of Incorporation and Place	March 15, 2006		
Date of Registration (Takaful)	August 16, 2007		
Date of Commencement of Business	February 08, 2008		

Pak-Qatar General Takaful Limited ("**PQGTL**" or the "**Company**") is among the pioneers of Pakistan's Takaful industry and a leading provider of Shariah-compliant general (non-life) insurance solutions. Incorporated on March 15, 2006, as public unlisted company under the Companies Ordinance, 1984 (subsequently superseded by the Companies Act, 2017). The Company commenced its operations on February 08, 2008, the Company is licensed and supervised by the Securities and Exchange Commission of Pakistan ("**SECP**"). The registered and corporate head office of the Company is at 402 – 404, 4th Floor, Business Arcade, Block 6, P.E.C.H.S, Shahrah-e-Faisal, Karachi.

PQGTL operates as part of the Pak-Qatar Group, a diversified and well-established business conglomerate with a strong presence in both Pakistan and Qatar. Leveraging the Group's extensive financial expertise, robust governance framework, and strategic vision, PQGTL delivers Shariah-compliant general (non-life) insurance solutions that adhere to ethical and cooperative principles.

As a member of the Pak-Qatar Group, the Company benefits from the collective strength and expertise of its sister concerns, including Pak-Qatar Family Takaful Limited (PQFTL), the first largest dedicated Family Takaful (Islamic life insurer) operator in Pakistan, and Pak-Qatar Asset Management Company (PQAMC), a provider of Shariah-compliant investment and wealth management services. The Company also benefits from the strong financial foundation and technical expertise of its Qatar-based sponsors, namely Qatar International Islamic Bank (QIIB), Qatar Islamic Insurance Group (QIIG), and Pak-Qatar Investment (Private) Limited (PQIL), whose financial capacity and technical knowledge reinforce the Company's foundations.

Its risk management capabilities are further enhanced through established Re-takaful arrangements with leading regional and international institutions, including **Kuwait Re-takaful**, **Saudi Re**, **Arab Re**, **Oman Re**, **Kenya Re**, **Tunis Re**, and Pakistan Reinsurance Company Limited (**Window Re-takaful**). ⁴ This network enables the Company to deliver reliable and secure solutions to its participants.

The Pak-Qatar Group is widely recognized as a prominent force in Pakistan's Islamic finance industry, with a strong and diversified presence across Takaful, asset management, and investments. Over the years, the Group has established itself as a catalyst for innovation, introducing Shariah-compliant financial solutions that provide ethical alternatives to conventional products. By combining financial strength with technical expertise, it has developed a reputation for reliability, customer-centric services, and long-term value creation for its participants and stakeholders.

The Group's impact extends beyond business performance. It has contributed significantly to expanding awareness and adoption of Islamic finance across Pakistan, helping to create a sustainable ecosystem that supports individuals, businesses, and communities alike. Its consistent growth, strong governance standards, and commitment to Shariah compliance reflect a vision of becoming not only a market leader but also a key driver of inclusive financial development in the country.

Rating

PQGTL has an Insurer Financial Strength rating of "A+" (Single A Plus) with a Stable Outlook by both PACRA and VIS Credit Rating Company. The PACRA maintained the Company's rating at "A+" in its report dated February 7, 2025, continuing the rating level held since 2022. Meanwhile, VIS Credit Rating Company Limited (VIS) upgraded PQGTL's rating from "A" to "A+" on July 17, 2025, reflecting an improvement in the Company's financial strength

⁴ <u>https://pqgtl.com.pk/about-us/about-company/the-company/</u>

and operational stability. The "A+" rating denotes a very strong capacity to meet policyholder and contractual obligations, with risk factors remaining very low and the impact of any adverse business or economic conditions assessed as minimal, underscoring PQGTL's robust financial position and prudent risk management framework.

Shariah Compliance

The business of PQGTL is conducted strictly in line with the principles of Islamic finance, ensuring that all operations provide ethical and interest-free risk protection as an alternative to conventional insurance. At the core of its framework lies the Takaful model, which emphasizes mutual cooperation, equitable risk sharing, and transparency among participants. Derived from the Arabic word "Kafalah," which signifies mutual guarantee or joint responsibility or benefit, Takaful can best be explained as a group of contributing participants entering into an agreement to pool investments and mutually guarantee each other in the event of a loss. Contributions are collected on the principle of *Tabarru* (voluntary contribution), pooled collectively, and utilized to indemnify participants in case of covered losses. This ensures that operations remain free from *Riba* (interest), *Gharar* (excessive uncertainty), and *Maysir* (gambling).

To ensure Shariah compliance, all contracts, products, and investments of PQGTL are subject to review, approval, and continuous supervision by an independent Shariah Advisory Board. This Board was initially chaired by the globally renowned scholar Mufti Muhammad Taqi Usmani and, since 2019, has been led by Mufti Muhammad Hassaan Kaleem, who continues the legacy of credibility and expertise.

Through this firm oversight, PQGTL demonstrates its commitment to transparency, integrity, and adherence to Islamic jurisprudence, giving it a unique positioning among ethically conscious consumers seeking faith-based financial planning tools.

Business Model

The Company operates under the Wakala–Waqf Takaful model, which represents an enhancement of the traditional Wakala structure. Under this model, a **Waqf** is established as a dedicated fund created solely for the purpose of providing mutual financial assistance to Participants. Shareholders hold no rights or ownership over the Waqf. Membership in the Waqf is granted exclusively to Participants through their contributions, which entitle them to risk protection in accordance with the terms defined at the fund's inception, along with a share in the profits. Once contributed, the amounts immediately become the property of the Waqf and are used for purposes such as claim settlements and re-Takaful arrangements. The pool created in this manner is formally recognized as the **Participants' Takaful Fund (PTF).**

The relationship between **Participants** and the **Waqf** is structured on the principle of **Aqd Tabarru** (a **Shariah-compliant voluntary contribution agreement**). In practice, this ensures that indemnification is provided not by the Company directly but by the Waqf itself, thereby maintaining the cooperative essence of Takaful.

The **Waqif** defines the rules governing coverage, eligibility, and claim settlement of the Waqf's creation. All disbursements are restricted to participants in strict accordance with Shariah principles. Moreover, funds in the Waqf are invested only in Shariah-compliant avenues such as Islamic Sukuk, Islamic mutual funds, and other permissible instruments, with all profits credited back to the Waqf to reinforce its sustainability.

In managing this framework, PQGTL, as the Operator, acts as both Wakeel (Manager) and Mudarib (Investment Manager) on behalf of the Waqf Pool (i.e., the Participants' Takaful Fund). The Waqf Pool serves as the Rab-ul-Maal (capital provider) under this Mudarabah arrangement, while the Operator, as Mudarib, manages the investments and shares profits with the Waqf according to pre-agreed ratios. The Operator also charges a Wakala fee for its management, administrative, and operational services. Any investment losses are borne exclusively by the Waqf, except in cases of negligence, misconduct, or breach of trust by the Operator. Overall, the Operator (PQGTL) is the Takaful company entrusted to manage the Waqf on behalf of the participants, ensuring that all operations, investments, and disbursements remain fully Shariah-compliant.

Comparison Between Conventional Insurance and Takaful

Conventional insurance and Takaful differ significantly in structure and underlying principles. In conventional insurance, underwriting profits are retained by shareholders, reinforcing a commercial orientation. By contrast, the Takaful model ensures that any surplus generated in the Participant Takaful Fund (PTF) is distributed solely to participants. This framework embodies cooperation, transparency, and mutual risk-sharing, offering an ethical and Shariah-compliant alternative.

⁵ https://www.secp.gov.pk/document/takaful-quide/?wpdmdl=17877&refresh=6901e6c8d097f1761732296

COMPARISON BETWEEN TAKAFUL AND CONVENTIONAL INSURANCE				
	Conventional	Takaful		
Nature of Contract	A contract of compensation (Aqd Mua'wza).	A Taburru' (donation) based contract		
Contribution/Premiums	Insurance company retains the premiums paid by the policyholder in exchange for bearing all expected risks	Participants' contributions to the Takaful fund, whether in full or part, helps others in the event of a loss or risk.		
Investment Profit	All surpluses and profits go directly to the shareholders.	Surplus in the Participants' Takaful is shared among Participants only, and the returns on investments are distributed between the participants and the shareholders based on the principles of Mudarabah.		
Claims	Payable from the overall fund of the company.	Payable from the Participants' Takaful Fund (Waqf Fund).		
Surplus/Underwriting Profit	Belongs to the company's shareholders. Insurance companies will make profit if the claims are less than the premiums.	No provision for underwriting profit for the operator. Can be given to the Participants only.		
Deficit	The conventional insurance company covers the risks	The Takaful Operator provides for an interest free loan (Qard-e-Hasn) to the participants.		
Shari'ah Supervision	There is no Shari'ah supervision in place, nor does any specific law exist in this regard. The operations are solely subject to the prevailing rules, regulations, and governing laws of the region.	Subject to the rules, regulations, and governing laws of the region, as well as a Shari'ah Supervisory Board. As per the Takaful Rules 2012, external Shari'ah compliance audit is compulsory.		

Financial Performance and Rating

The financial performance of PQGTL reflects the strength of this model. In 2024, the Company reported a written gross contribution of PKR 1.174 billion and a net profit after tax of PKR 113.79 million, equivalent to earnings per share of PKR 2.23. Results were driven by Wakala fees and investment income within the SHF, complemented by a surplus of PKR 47.32 million generated in the PTF. This structure ensures value creation for both stakeholders and participants receive financial protection with potential surplus sharing, while shareholders earn returns through fees and Shariah-compliant investment income.

Gross Contribution Mix Portfolio – FY 2024

Branch Network and Outreach

PQGTL operates through 8 branches nationwide, covering all major commercial and urban centers including Karachi, Lahore, Islamabad, Peshawar, Sialkot, Multan, Faisalabad, and Sukkur. The Company serves a diverse customer base of corporates, SMEs, and individuals, offering a wide range of Shariah-compliant risk protection products. Its nationwide presence reinforces its position as a credible alternative to conventional general insurance providers.

Strategic Positioning

PQGTL continues to play a pioneering role in developing Pakistan's Takaful industry. Beyond financial and operational achievements, the Company contributes to industry development and talent building. Notably, it signed a Memorandum of Understanding with ILMA University to promote Islamic finance education and nurture future professionals. Strategically, PQGTL has embraced digital transformation, introducing online portals, mobile applications, aggregator partnerships, and real-time policy dashboards. Integration with payment gateways and advanced use of data analytics in underwriting, fraud detection, and customer profiling have enhanced customer engagement, operational efficiency, and accessibility.

The Takaful industry in Pakistan is in a growth phase, supported by increasing demand for Shariah-compliant solutions and favorable regulatory support from the SECP. With strong sponsor backing, robust governance, and expanding distribution channels, PQGTL is well-positioned to capitalize on growth opportunities and maintain its leadership role as a Shariah-compliant, innovative, and customer-focused alternative to conventional insurance.

3.3.1.1. Rising Demand for Shariah Compliant Solution

With Pakistan being a predominately Muslim country, local consumers have sought insurance solutions that comply with Shariah (Islamic) law. This has led to the growth and development of the Takaful business, which act as a Shariah compliant alternative to conventional solutions. In CY 2024 the total Gross Contributions collected by the Takaful business (incl. Window) in the General and Life insurance sector amounted to PKR 31 billion and PKR 66 billion, respectively.

PQGTL is one of the Pakistan's largest dedicated General Takaful operators in terms of gross contributions, collecting PKR 1,174 million from participants. PQGTL stands as one of two dedicated general takaful companies in Pakistan, having a market share of 19% of the dedicated general takaful sector. The industry's total gross contributions (premiums) segregated between conventional and Takaful business are provided hereunder:

PKR Billion	CY 2022	CY 2023	CY 2024	YoY %	YoY %				
· Alt Ellisti	0. 2022	0. 2020	0. 202 .	(2022 – 2023)	(2023 – 2024)				
General*									
Conventional	157	202	212	28.7%	5.0%				
Takaful (Including Window)	21	25	31	19.0%	24.0%				
Total	178	227	243	27.5%	7.0%				

^{*}Source: SECP Insurance Industry Statistics 2022, 2023 and 2024.

3.3.1.2. Investment Income

As of December 31, 2024, total investments held by the Company's Participants' Fund amounted to PKR **46.977** Mn (2023 PKR **52.542** Mn). This portfolio generates investment income for the Participant Takaful Fund (PTF), including dividend income, return from debt securities, and income from deposits (detailed break-up provided above). Investment income (excl. fair value gains/losses) generated in CY 2024 PKR **132.243** Mn (CY 23: PKR 115.876 Mn) for the shareholders' fund.

3.3.1.3. Wakala Fee

The Takaful operator (SHF) manages the general takaful operations for the participants' takaful fund (PTF). Wakala fee is charged from PTF as a percentage of the gross contribution written net of administrative surcharge at the time of issuance of policy. It is amortized over the takaful contract terms in accordance with the pattern of takaful contribution earned. Administrative surcharge is recognized on upfront basis.

3.3.1.4. Modarib Fee

The Takaful Operator (SHF) also manages the PTF's bank balances and investments as Modarib. A Modarib fee is charged as a percentage of the income generated from these assets. Currently, the Modarib share is 50% of the investment income earned by the PTF, and it is recognized on the same basis as the related investment income, ensuring alignment with the actual returns of the fund.

3.3.2. Cost Drivers

Breakdown of PQGTL's key expense items for the proceedings three years is provided hereunder:

PKR	CY 2022		CY 2023		CY 2024		9MFY2025				
PKK	Audited	%	Audited	%	Audited	%	Unaudited	%			
Key Expense Items - Participants' Fund											
Contribution Ceded to Retakaful	(256,609,422)	31.87%	(275,577,967)	29.25%	(317,164,287)	41.56%	(257,864,933)	40.4%			
Net takaful Claims	(536,224,574)	66.57%	(666,711,694)	70.75%	(401,229,731)	41.56%	(369,349,617)	57.9%			
Modarib's Share	(14,198,487)	1.76%	ı	1	(23,488,780)	3.08%	(10,630,556)	1.7%			
Total	(807,032,483)	100%	(942,289,661)	100%	(741,882,798)	100%	(637,845,106)	100%			
Key Expense Items - Shareholders' Fund											
Commission expense	(126,095,403)	27.61%	(135,248,028)	27.73%	(137,217,528)	26.27%	(95,834,895)	25.9%			
Management expenses	(286,324,739)	62.72%	(335,959,202)	68.88%	(361,169,757)	69.14%	(276,366,071)	74.7%			
Direct expenses	(5,537,239)	1.21%	(9,662,677)	1.98%	(10,365,906)	1.99%	(8,228,781)	2.2%			
Modarib share from Participants' takaful fund	14,198,487	-3.11%	-	-	23,488,780	-4.50%	10,630,556	2.9%			
Total	(403,659,028)	100%	(549,650,907)	100%	(485,264,411)	100%	(251,322,753)	100%			

3.3.2.1. Takaful Benefits

Takaful benefits (claims) represent amounts that are payable to participants as per the terms of their respective policies.

Takaful benefits are payable by the PTF upon the occurrence of the insured event as stated in the terms of the Takaful certificate. Events covered by PQGTL include accidental, theft, damage and others (details of coverage are provided in section 3.9).

Total net takaful claims declined to PKR 401.23 million in CY 2024, down from PKR 666.71 million in CY 2023 and PKR 536.22 million in CY 2022. Against gross written contributions of PKR 1.17 billion, this translated into a claim's ratio of 34.2% in CY 2024, reflecting a marked improvement from 52.6% in CY 2023 and 44.5% in CY 2022. The downward trajectory in the claim's ratio indicates stronger underwriting discipline, improved portfolio risk selection, and better claims management efficiency.

3.3.2.2. Investment Management

During CY 2024, total investment income rose significantly to PKR 141.22 million (Shareholders' Fund: PKR 118.82 million, Participants' Takaful Fund: PKR 22.41 million) compared to PKR 125.02 million in CY 2023. The growth was primarily driven by higher returns from debt securities (sukuks) and substantial realized gains on equity mutual funds, which increased to PKR 71.69 million in 2024 from PKR 41.14 million in the prior year. Profit from bank placements declined during the year as funds were strategically reallocated toward higher-yielding sukuk and equity instruments. The improved investment performance reflects a prudent portfolio strategy focused on optimizing returns while maintaining a balanced exposure across asset classes in line with Shariah principles.

3.3.2.3. Management and Administrative Costs

PQGTL incurs management and administrative expenses as part of its normal business operations. These include staff salaries and benefits, asset maintenance, Shariah advisory fees, legal and professional expenses, utilities, SECP supervision fees, group takaful, office rentals, and ongoing investments in digital platforms and automation tools. The company also continues to invest in marketing activities and staff development programs to enhance operational efficiency and service quality. These costs are initially borne by the Shareholders' Fund (SHF) and subsequently recovered from participants through the Operator Fee.

3.3.2.4. Branch Infrastructure

PQGTL operates through a network of eight branches across major cities in Pakistan. These branches facilitate business generation, client servicing, and operational support; however, their associated costs such as rent, utilities, and administrative expenses remain modest given the company's lean physical presence.

PQGTL benefits from its association with Pak-Qatar Family Takaful Limited (PQFTL) through shared infrastructure and support functions, enabling it to optimize resource utilization without incurring significant additional costs. The company continues to strengthen its business model through digital platforms, aggregator partnerships, and institutional channels, reducing dependence on physical branches while maintaining nationwide reach.

During CY 2024, gross written contributions amounted to PKR 1.17 billion, compared to PKR 1.27 billion in CY 2023 and PKR 1.21 billion in CY 2022. For the first half of FY2025, contributions reached PKR 610.80 million, reflecting sustained business activity supported by operational efficiencies and strategic use of shared digital and branch infrastructure.

3.3.2.5. Retakaful Arrangements

PQGTL cedes a portion of its takaful contributions to established retakaful partners. This risk-sharing mechanism protects the Participants' Takaful Fund (PTF) against large or unforeseen claims, thereby ensuring its long-term financial stability and sustainability. Retakaful arrangements are particularly vital for lines of business with higher claim exposure, such as motor, fire, and health takaful.

PQGTL maintains retakaful arrangements with a selection of established regional and international partners, including Kuwait Re, Saudi Re, Oman Re, Arab Re, Tunis Re, and Kenya Re. These operators are recognized by leading rating agencies for their financial strength and reliability, providing robust support for PQGTL's risk coverage.

During CY 2024, total contributions ceded to retakaful partners amounted to PKR 317.16 million, compared to PKR 275.58 million in CY 2023 and PKR 256.61 million in CY 2022. For the first half of FY2025, ceded contributions stood at PKR 175.72 million. The year-on-year increase reflects PQGTL's expanding business portfolio and a prudent approach to risk transfer aimed at maintaining financial stability and solvency. The company regularly reviews its ceding ratios, taking into account claims experience, market conditions, and capital adequacy.

Further in line with the Company's strategy to diversify product offerings and address emerging protection needs, the Company is in the process of introducing new Takaful solutions, including:

- **Cyber Takaful** tailored for individuals and small-to-medium enterprises (SMEs) to provide coverage against cyber-related risks.
- **Livestock Takaful** designed to offer financial protection to farmers and livestock owners against loss or damage to their animals.

These additions reflect the Company's continued commitment to innovation and expanding financial inclusion in the Takaful sector.

3.8.1. Brief Details of Takaful Services

PQGTL offers an unmatchable, comprehensive suite of products through its Retail Sales and Corporate Sales teams and additionally through Digital and Alternate channels.

A. Retail Solutions

i. Motor Takaful

Motor Takaful offers comprehensive coverage for private, commercial vehicles and motorcycles, customized according to the Participant's requirements. Motor Takaful offers protection from losses incurred due to traffic accidents and legal liabilities that might arise due to accidents.

Comprehensive Motor Takaful provides maximum coverage against theft, accidental damage and third-party liability with innovative features and hassle free pre- and post-Takaful processing. The cover includes losses due to external accidental means, fire, explosion, burglary, house-breaking or theft, malicious acts, riots, strikes and natural calamities. Terrorism and Third-Party liability i.e., Property Damage, Bodily Injury and Death, are additional features of the policy. The claims management body follows standardized procedures and is available round the clock for assistance and prompt service delivery to Participants

ii. Ashiana Takaful

Ashiana Takaful provides financial protection and relief against unexpected accidents and incidents, which are typically sudden, unforeseen, and difficult to anticipate or prevent. Ashiana Takaful Protection scheme cover loss or damage to residential building and content there caused due to:

- Fire, Lightning, Earthquake Fire & Shock;
- Burglary, Housebreaking or any attempt of threat;
- Flood & Typhoon (excluding rain damage except when occurring during or immediately after typhoon);
- Bursting of Overflowing of underground water or sewerage pipes;
- Riot & Strike Damage, Malicious Act;
- Impact of Motor Vehicle & Falling Tree;
- Explosion (including explosion of domestic appliances like Geyser, Stoves & UPS);
- Falling Aircraft and other aerial devices;

- Accidental Damage to underground tanks;
- Fire, directly or indirectly caused by the failure or interruption of any gas, water or electricity service or supply. Electrical Clause B; and
- Terrorism.

iii. Home Takaful

Home Takaful is another highly rated product of Pak-Qatar General Takaful Limited. Home Takaful protects and alleviates you from financial loss arising from mishaps that are generally "sudden and accidental" and, therefore, hard to predict and prevent. It covers, loss or damage to Residential building and Contents due to certain perils and accident related to Fire and Lighting, Rain, Flood, Cyclone and severe storm, Earthquake, Burglary, armed robbery and housebreaking, Riots and Strike Damage, Malicious Act, Explosion, Falling Aircraft and other Aerial Devices, Impact of Falling Trees, Water Damage due to burst pipes, Accidental Glass Breakage (Glazing), Accidental Damage to Underground Tanks and Loss of Rent.

iv. Safar Asaan - Travel Takaful Coverage

Travel Takaful is designed to cover the costs and reduce the risk associated with unexpected events during domestic and international travel. It is a comprehensive Takaful policy that offers travel emergency sickness/accident as well as travel inconvenience benefits like baggage loss, flight delayed, passport loss etc.

v. Personal Accident Takaful

Personal Accident Takaful has been tailored to offer round the clock cover that fits needs by providing comprehensive coverage for Accidental death and accidental total disablement.

B. Corporate Solutions

i. Fire & Property Takaful

Business places, homes and wealth require security from seen and unforeseen losses. These might arise from fires, burglaries, natural calamities and other hazards which are an unavoidable part of everyday life. In this regard, Fire and Allied Perils Takaful provides comprehensive coverage against all risks to make lives and businesses secure. Fire Takaful provides compensation to the covered person or firm in the event of damage to property (i.e. buildings, stock, machinery and other contents). This policy extends customized coverage for diverse industrial sector companies according to their needs

ii. Marine Takaful

Despite meticulous planning, the various stages of transit face many challenges which can cause monetary damages to cargo. Marine Takaful ensures complete security of valuable cargo from any potential damage during its time on shipment vessels, and caters to all relevant security needs of traders, shipping agents, transporters etc. There are various covers available for the following types of cargo coving Marine Import, Inland Transit and Marine Exports

iii. Engineering Takaful

The world of engineering and construction involves a lot of factors beyond human control which make way for all sorts of incidents. Accidents, whether minor or major, cause setbacks and costly delays that endanger the schedule and integrity of any project. Engineering Takaful provides construction sites the customized protection required to safeguard against unforeseen accidents. Based on actual needs of the Participant, Engineering Takaful offers Contractor's Plant and Machinery/Equipment (CPM/CPE), covering civil works such as construction of roads, bridges, dams and housing projects. Under this plan,

comprehensive and adequate protection against loss or damages with respect to constructions plants is made available, be they equipment, machinery or property damages. Other major covers include Erection Contractor All Risk (CAR) Takaful, All Risk (EAR), Machine Breakdown (MB) and Electronic Equipment Takaful (EET).

iv. Liability Takaful

Liability Takaful provides coverage against legal liabilities to pay compensation to any third party for accidental bodily injury, death or direct damage to the third party's material property, arising due to any accident caused by the Participant's business activities. Liability Takaful policy provides compensation with respect to legal liability to third party for bodily injury, death and property damage and Employer's Liability Takaful, whereby an employer may become liable to his employee if the employee is injured at work due to employer's negligence. Employer's Liability Takaful protects the employer in such a case and will pay all sums that the employer becomes legally liable to pay. In addition, the policy will pay for legal fees incurred in preparing a defense in a court of law.

v. Miscellaneous Takaful

- **Money Takaful:** Cash, during transit or when safely stashed, has always been a reason for concern and insecurity. Money Takaful assures security by providing coverage with respect to.
- **Fidelity Guarantee Takaful:** Fidelity Guarantee can be offered to employers to cover infidelity of their employee(s) who hold positions of trust like handling cash, stocks, store-keeping, etc. This policy is designed to provide coverage against the risk of misappropriation or embezzlement committed by permanent and authorized employee(s) of the Participant during the course of their employment.
- Personal Accident: Round-the-year coverage through Personal Accident provides full benefit
 amount for accidental death, permanent disabilities, and total and partial temporary disabilities,
 directly or indirectly caused by an accident. The policy can be extended to cover reimbursement of
 medical expenses incurred arising out of such accidents.
- Workmen's Compensation Takaful: The policy covers liability of an employer for the death, bodily
 injuries or occupational diseases sustained by employees in the Participant's immediate service,
 arising out of and during employment. In addition, expenses incurred by the Participant while
 defending claims may also be paid with the consent of the Company.

vi. Health Takaful

Health Takaful Provides comprehensive medical coverage for employees and members of organizations, which includes inpatient treatment, surgeries, and prolonged hospital stays.

vii. ATM Cash Withdrawal Takaful

This policy scheme has been specifically designed for banks, as they have a large account holder base. This policy covers the loss which arises by way of forcible and violent snatching and/or armed hold-up and/or forced deprivation of money from the Customer him/herself (not any other person acting on behalf of the Customer) when using ATM services and Over the Counter cash withdrawal

viii. Terrorism Takaful

Every business and individual is at risk from terrorist attacks, and not just in capital cities. Terrorist attacks can cripple a much wider area: even if not directly affected, you could face business interruption due to denial of access, loss of attraction, and the threat of further terrorist attacks.

ix. Shop Owner Comprehensive Takaful

Regardless of all the precautions you may take, your shop still remains vulnerable to armed robbery, riots, strikes, fire, natural disasters and freak weather conditions among other risks. Loss of income coupled with high costs of construction renders in next to impossible to repair, restore or replace your commercial property. This policy provides protection against Armed robbery, burglary Riot & Strike damage, Earthquake, Rain, Flood, Cyclone & Severe Storms Acts of Malicious Persons Fire and Lightning Explosion Falling Aircraft and other Aerial Devices and Impact on Motor Vehicle

x. Professional Indemnity Takaful

Professionals are ever exposed to legal suits due to the nature of their profession. Court cases against consultants in various fields have resulted in the awarding of huge sums of monies to claimants. In view of which such professionals revert back to Takaful companies for protection against legal battles. The rate chargeable is always applied on basis on the limit of indemnity, turn over and the type of activities in which the insured is involved and is very dependent to the nature of works, risks and exposure involved.

xi. Mobile All Risk Takaful

Sudden accidental and/or physical loss or damage to screen only and/or Theft/Armed holdup of mobile phones from any cause other than those specifically excluded in a manner necessitating repair or replacement the insurers will indemnify the insured in respect of such loss or damage.

xii. Contractors Plant & Machinery

Plant, Equipment and Machinery are exposed to a number of risks inherent in their operations in addition to the exposure to natural calamities. This policy covers loss resulting from the accidental breakdown of almost any type of equipment that operates under pressure or that controls, transmits, transforms, or uses mechanical or electrical power. The policy covers sudden, accidental, external damage to the insured equipment due to any cause other than those specifically excluded in the policy. It covers unforeseen and sudden physical loss of or damage to the insured items, necessitating their repair or replacement. The cover, which excludes internal breakdown, applies at work, at rest or during maintenance operations. This policy also provides cover for inland transport with additional premium.

xiii. Boiler & Pressure Vessel

Boiler Takaful (Boiler cover) is a type of Takaful that covers repairs and in some cases the replacement of a home boiler. It can also cover other parts of the central heating system and even plumbing and electrics.

xiv. Bankers Blanket

Every financial institution is exposed to the risk of criminal activity. Bankers blanket provides comprehensive coverage which insures losses against possible risks.

xv. All Risk Contents Takaful

An all-risk Takaful contract or open perils policy offers you coverage and protection from all risks or perils that could damage your home or contents and personal property.

3.9. MARKETING ACTIVITIES

Pak-Qatar General Takaful Limited offers its services through multiple distribution channels, as under:

Direct Channel	Through B2B Relationships
	I .

	Agents / Sales force excluding online		
Traditional Intermediaries	Brokers		
	Corporate Agent other than Banca		
	Telcos (through mobile network operators)		
Digital	Website		
	Web aggregator and Others		
Miscellaneous	Others / Referred Business		

The Takaful products currently being offered to following categories:

Sr. No.	Category
1.	Individual Products
2.	Corporate Products
3.	Bank Products
4.	Online Platform Products

Branch Network

Pak-Qatar General Takaful Limited markets its products extensively through its Agency (Direct Sales Force) channel, which operates via a widespread network of branches and field representatives across the country. The agency channel plays a pivotal role in promoting individual general Takaful plans, by offering personalized Takaful solutions to meet the diverse needs of participants.

Ijarah Clients

Pak-Qatar General Takaful Limited (PQGTL) has established a robust multi-bank ijarah vehicle business, significantly expanding its market reach. The company provides ijarah services to a portfolio of six leading banks and two modarabas, as listed below:

Banks	Modarabas	
Meezan Bank	First Habib Modaraba	
Dubai Islamic Bank	First Paramount Modaraba	
UBL Ameen		
Bank Islami		
Faysal bank		
Habib Metropolitan Bank		

Through these relationships, PQGTL is able to leverage the extensive branch networks and established customer bases of its banking and modaraba clients to provide Shariah-compliant ijarah solutions more efficiently. By working closely with its clients, PQGTL ensures that its ijarah offerings reach a wider segment of the population, enhancing financial inclusion and strengthening its presence in the takaful and Islamic finance market.

Travel Partners

Pak-Qatar General Takaful Limited proudly announces its partnership with two of Pakistan's top travel agencies, **Bukhari Travels** and **Polani Travels**, further strengthening its commitment to providing value-added, Shariah-compliant solutions for travelers.

Digital Aggregator Partners

Pak- Qatar General Takaful Limited has partnered with five leading digital aggregators in Pakistan:

Sr. No.	Partners
1.	Comet Solutions Company
2.	Finovators Digital
3.	PakWheels
4.	Profoundway Private Ltd.
5.	Smart PFM Pvt. Ltd.

These partnerships aim to strengthen Pak-Qatar General Takaful Limited's digital footprint and enhance customer access to innovative, Shariah-compliant protection solutions across Pakistan.

3.10. END USERS, DEMAND FOR THE PRODUCTS AND KEY COMPETITORS

PQGTL promotes its products through multiple distribution channels, including agency, corporate, online platforms and cross-selling. A significant share of the business is driven by the agency channel. The company has also partnered with various banks to enhance its business reach. The online channel is steadily growing and currently contributes a modest share to the overall business volume. The company also leverages the vast network and customer base of Pak-Qatar Group companies to market its products and generate business volumes. However, all transactions conducted through cross-selling channels are carried out on an arm's length basis.

PQGTL has demonstrated a steady growth, driven by rising end-user demand and a strategy that has positioned it strongly across multiple product lines. The focus has been on steady expansion, diversified revenue, and a clear alignment with the evolving needs of individuals and corporate clients.

PKR	CY 2022	CY 2023	CY 2024	9M CY 2025
PKR	Audited	Audited	Audited	Un-audited
Participants Fund				
- Motor	555,009,558	568,672,622	571,723,410	488,540,056
- Fire	204,060,414	239,127,578	253,937,703	206,234,043
- Marine	74,077,802	113,905,096	139,211,740	135,550,239
- Health	291,841,710	280,384,252	139,134,610	198,869,513
- Miscellaneous	83,305,900	65,458,216	70,484,298	57,426,744
Gross Contribution written	1,205,295,384	1,267,547,764	1,174,491,761	1,086,602,595

The table above shows the distribution across various classes of business. As evident, the Company derives over 45% of its contribution from the motor business, which is primarily driven through the bank Ijara channel and supplemented by the decrease in policy rate, expansion of urban mobility, rising vehicle ownership, and the enforcement of coverage regulations. The customer base of PQGTL differs significantly from that of its associated company, PQFTL, where a substantial portion of the business comes from individual customers, however in the case of PQGTL, the major clientele comprises corporate clients. Retail customers are primarily associated with motor and travel takaful. As a result, PQGTL's customer base operates independently and is not reliant on the customer base of its associated companies.

Fire and marine takaful, traditionally considered stable but secondary lines, are emerging as key growth drivers. Together, these segments contributed nearly PKR 393 million in 2024, reflecting a growing awareness among businesses and institutions of the importance of comprehensive risk protection.

What sets the Company's growth strategy apart is its focused emphasis on service delivery. Management has effectively aligned strategic efforts to scale these segments, enhancing customer satisfaction and operational efficiency. Simultaneously, the Company maintains strong Re-takaful arrangements and supplements its income through investments, ensuring financial stability and risk mitigation. Together, these developments reflect a company not just growing but growing with strategy. PQGTL is actively responding to market needs, managing risk with discipline, and building a foundation for sustainable, long-term value for its customers, partners, and investors alike.

Competitors

Pak-Qatar General Takaful Limited (PQGTL), as a dedicated Takaful operator, has been serving the Pakistani market for nearly two decades. While its primary focus is on providing Shariah-compliant general insurance solutions, the competitive environment extends beyond the limited number of dedicated Takaful providers. PQGTL faces direct competition not only from other general Takaful companies but also from conventional general insurance players, many of whom operate Window Takaful segments to capture Shariah-conscious clientele. The general insurance industry in Pakistan is broadly categorized into large, medium, and small players, whereas the dedicated Takaful segment remains relatively limited in size. Consequently, PQGTL competes simultaneously with established conventional insurers, their Window Takaful operations, and the few dedicated Takaful operators in the market. The following table provides an overview of the Company's primary competitors:

General Insurance – Large Players	Market Share	CY 2024 – Gross Premium Written

As of the current reporting period, there are no properties owned or held by the company.

3.13. FUTURE PROSPECTS AND DEMAND OUTLOOK

The general insurance sector of Pakistan, comprising both conventional and Takaful segments, is expected to maintain a stable outlook in the medium term. The sector has demonstrated resilience despite the challenges posed by inflationary pressures, regulatory reforms, and shifts in consumer affordability. With Pakistan's nominal GDP reaching PKR 114.7 trillion in FY 2025, reflecting a real growth of 2.7% year-on-year, and growth projections of 3.6% to 4.2% for FY 2026, the insurance industry is likely to expand in line with the broader economy. During CY 2024, the sector's Gross Premium Written (GPW) rose to PKR 214.9 billion, posting an increase of 18.1% year-on-year. Growth in the conventional segment outpaced the industry with an increase of 20.6%, while Takaful operations registered a relatively modest increase of 4.6%. This moderation in growth was largely attributed to the lagging impact of peak inflation on consumer purchasing power and the gradual adaptation to digital platforms under SECP's Insurtech reforms.

In terms of profitability, the sector recorded a substantial rebound as underwriting results improved by 195.7% during CY2024, supported by higher investment income, which nearly doubled compared to the previous year. Profit before tax increased to PKR 55.7 billion in CY2024 against PKR 28.2 billion in CY2023, reflecting enhanced operational and investment performance. On the expense side, while smaller Takaful operators continue to face elevated expense ratios, the overall expense ratio for Takaful improved to 54.0% in CY2024 compared to 60.3% in CY2023, showing signs of efficiency gains. Loss ratios for the segment, however, remain relatively high, with Takaful operations posting 91.3% in CY2024, largely due to motor insurance claims routed through banking channels, compared to 46.3% for conventional insurance. Nonetheless, the overall industry loss ratio declined to 51.2% in CY2024 versus 54.9% a year earlier, indicating improved claims management. Liquidity in the sector also strengthened considerably as liquid assets rose to PKR 313.9 billion, increasing the coverage ratio to 5.9x of Net Claims. With the recent monetary policy easing and inflation falling to single digits, the industry is expected to maintain a positive trajectory going forward. However, profitability and growth will remain contingent upon macroeconomic stability, investment returns, and continued regulatory reforms.⁸

Prospectus | Pak-Qatar General Takaful Limited

Pak-Qatar General Takaful Limited continued to demonstrate resilience in CY2024 despite macroeconomic challenges and a relatively slower growth trend in the Takaful segment compared to the conventional insurance industry. The Company reported Gross Premium Written (GPW) of PKR 1,174.49 million in CY2024 as against PKR 1,267.55 million in CY2023, with the business mix largely concentrated in Motor (PKR 571.7 million), followed by Fire (PKR 253.9 million), Marine (PKR 139.2 million), Health (PKR 139.1 million), and Miscellaneous classes (PKR 70.5 million). The decline in GPW was primarily reflective of broader sector trends where inflationary pressures and muted demand weighed on underwriting volumes, particularly in the Takaful segment.

Within the Participants' Takaful Fund (PTF), PQGTL recorded net contribution earned of PKR 353.64 million in FY2024 (FY2023: PKR 594.67 million), while net underwriting income stood at PKR 431.46 million (FY2023: PKR 657.34 million). Encouragingly, the Fund reported a higher surplus of PKR 47.32 million in FY2024 compared to PKR 40.58 million in FY2023, demonstrating improved claims experience and prudent underwriting controls.

The Shareholders' Fund (SHF) reflected stable earnings, with Wakala fee income of PKR 511.79 million in FY2024 (FY2023: PKR 506.11 million). Profit after taxation grew to PKR 113.79 million in FY2024 compared to PKR 101.21 million in FY2023, driven by both operating performance and higher investment returns. Consequently, the Company reported earnings per share of PKR 2.23, while the break-up value per share stood at PKR 14.32 as of December 31, 2024. Profitability indicators remained robust, with PAT to Wakala income at 22.2%, PAT to net income at 21.2%, and return on equity at 16.4%, reflecting operational efficiency and sound financial discipline. Investment yield also improved to 15%, supported by prudent portfolio allocation.

In terms of cost efficiency, management expenses to Wakala income were maintained at 70.6%, while commission expenses represented 26.8% of Wakala fee income. The Company declared a dividend per share of PKR 0.88 for FY2024, underlining its ability to generate and distribute value for shareholders.

Looking ahead, PQGTL is well-positioned to capitalize on the growing demand for Shariah-compliant insurance solutions by strengthening its underwriting portfolio, leveraging Insurtech for operational efficiency, and expanding its distribution network. With SECP's regulatory focus on solvency, digital insurance, and governance reforms, the Company remains committed to aligning with best practices while maintaining a competitive edge in the Takaful sector. Supported by its strong sponsorship, financial soundness, and focus on innovation, PQGTL is expected to sustain its trajectory of stable profitability and long-term growth.

3.14. VENDORS TO THE ISSUER (RETAKAFUL PARTNERS)

PQGTL has entered into Re-Takaful arrangements through a consortium of seven reputable operators, facilitated by two internationally recognized brokers. The Company transfers a portion of its underwriting risk to leading global Re-Takaful operators, ensuring sound risk management and capital efficiency. These arrangements are backed by long-term agreements that provide stability, capacity, and continuity of coverage.

Re-Takaful (Islamic reinsurance) plays a pivotal role in PQGTL's risk management framework and is considered a cornerstone of its business model. It enables the Company to underwrite larger and more diverse risks while protecting its financial position against significant or catastrophic losses. Through strategic partnerships with financially strong and Shariah-compliant Re-Takaful providers, PQGTL maintains robust risk transfer mechanisms aligned with best practices. The table below outlines each operator's share in proportional and non-proportional treaties, along with defined per-risk capacities across various classes of business:

3.21. INDUSTRY ANALYSIS

3.21.1. GLOBAL INSURANCE INDUSTRY

According to the Sector Report published by Pakistan Credit Rating Agency ("PACRA")⁹, in terms of Gross Premium Written, the global insurance sector expanded by approximately **8.6**% year-on-year (YoY) in **2024**, following a CAGR of around **4.9**% over **CY13–23**. During the year, insurers worldwide collected an estimated **USD 6.5 trillion in premiums**. Of this, **life insurance** accounted for **USD 2,612 billion**, **property and casualty** insurance for **USD 2,182 billion**, and **health insurance** for **USD 1,514 billion**. The three segments registered growth rates of approximately **10.4**%, **8.2**%, and **7.0**% YoY, respectively. This robust expansion was largely driven by the increasing frequency of natural catastrophes, rising reinsurance costs, and global inflationary pressures that contributed to higher premium pricing.

⁹ https://www.pacra.com/view/storage/app/General%20Insurance%20-%20PACRA%20Research%20-%20July%2725_1753092936.pdf

Share in Global Insurance Premiums - 2024

The **property & casualty** segment ranked second after life insurance in terms of premium income in 2024, posting YoY growth of about **7.7%** to reach **USD 2,240 billion**. This upward trend was observed across all major regions, with North America emerging as the leading driver, where **property & casualty** premiums grew by **8.2%**. Notably, **North America** accounts for nearly **half** of the world's total property & casualty premium volume, reflecting the region's dominant market position.

The **health insurance** segment also remained a key growth area, expanding by around **7.0%** YoY to **USD 1,554 billion** globally. The **Asian region** was a **major contributor** to this growth, supported by rising demand for **private healthcare coverage** amid underdeveloped public health systems and limited social security frameworks. Given the relatively low insurance penetration across Asia, significant untapped potential remains within this segment.

Looking ahead, the global insurance industry is expected to continue its growth trajectory, supported by factors such as the rising frequency and severity of natural hazards, expanding defence and infrastructure investments, elevated reinsurance costs, supply chain disruptions, and labour market challenges, all of which are likely to sustain upward pressure on premium rates. Over the next decade, the industry is projected to grow at an average annual rate of approximately 5.3%, reaching around USD 4,915 billion by 2035. Within this outlook, the property & casualty segment is anticipated to maintain its dominance with a steady growth rate of around 4.5%, while the health insurance segment is expected to record a stronger CAGR of approximately 6.7%.

The global insurance industry has witnessed rapid development in recent years; however, this progress remains uneven, with coverage levels significantly lower in less advanced economies. The insurance penetration ratio (measured as premiums written as a percentage of GDP) reflects this disparity. In advanced markets, penetration levels have continued to rise, surpassing 10% in several economies such as Denmark, Finland, and the United States. In contrast, emerging markets within the EMEA and Asia regions reported penetration ratios of only 2.3% and 3.7%, respectively, in 2023. Despite this gap, these emerging markets have demonstrated a consistent upward trend, supported by rising education levels, increasing financial awareness, and improving macroeconomic conditions, all of which point toward significant growth potential for the insurance sector. In

comparison, **Pakistan's insurance penetration in 2024 stood at just 0.7% of GDP**, underscoring the considerable room for expansion within the domestic market.

3.21.2. INSURANCE INDUSTRY IN PAKISTAN

The insurance industry in Pakistan continues to demonstrate steady growth, driven by increasing public awareness regarding the importance and benefits of insurance coverage. According to the latest report issued

by the Securities and Exchange Commission of Pakistan (SECP)¹⁰, the total assets of the insurance industry expanded from PKR 2,900 billion in 2023 to PKR 3,554 billion in 2024. Similarly, gross premiums grew from PKR 631 billion in 2023 to PKR 677 billion in 2024, while the total number of policies issued during 2024 reached 10.3 million. With Pakistan's population estimated at approximately 251 million¹¹ and nominal GDP recorded at PKR 106,045 billion¹², the insurance penetration (gross premiums written to GDP), stands at around 0.63%, reflecting ample potential for future market expansion.

General Takaful Operators, 2 Life Insurers, 8 Non-Life Insurers, 27

Family Takaful Operators, 4 Reinsurers, 1

Insurers in Pakistan

It is also worth highlighting that insurance providers in Pakistan are being rated fairly and positively by both local and international credit rating agencies. These ratings reflect the industry's improving financial strength, sound

 $^{^{10} \}underline{\ https://www.secp.gov.pk/document/report-on-insurance-industry-statistics\ 2024/?wpdmdl=61696\&refresh=68e3436b912851759724395}$

3.21.3. TAKAFUL INDUSTRY IN PAKISTAN

The Takaful industry in Pakistan is a relatively recent development; however, it has been gaining steady momentum as public awareness about Shariah-compliant financial solutions continues to grow. A positive factor contributing to this growth is the gradual shift in societal preferences, as individuals increasingly seek to align their financial and lifestyle choices with Islamic principles. As awareness of Islamic finance deepens, many are moving away from conventional products and opting for alternatives that are compliant with Shariah, such as Takaful, the Islamic counterpart of insurance. This evolving mindset and growing inclination towards faith-based financial practices have been key drivers behind the expanding footprint of the Takaful sector in Pakistan.

In line with this shift, a notable trend has emerged wherein several conventional insurance companies have established *Takaful windows* to cater to the evolving preferences of their customer base. This strategic move allows them to remain competitive in a market where an increasing number of individuals are opting for Shariah-compliant financial products. By offering both conventional and Takaful solutions, these firms aim to capture the growing demand for Islamic alternatives while ensuring that they do not lose momentum amid the industry's ongoing transition.

In 2024, the Family Takaful segment recorded premium contributions of approximately **PKR 66 billion**, reflecting a robust growth of **37%** over the previous year. Similarly, the General Takaful segment reported premium contributions of around **PKR 31 billion**, marking an impressive year-on-year increase of **24%**. The Family Takaful business accounted for nearly **15%** of the total life insurance premium written by the overall industry, while General Takaful represented about **13%** of the total non-life insurance premium written across both Islamic and conventional segments. These figures highlight the growing significance of Takaful within Pakistan's broader

insurance landscape, underscoring its expanding role as a viable and competitive alternative to conventional insurance. The graph below illustrates the trend in the market share of Family Takaful within the life insurance segment and General Takaful within the non-life insurance segment over recent years.

As illustrated in the graph, the share of Takaful within Pakistan's insurance sector has shown a consistent upward trajectory over the past two decades, with both Family and General Takaful segments demonstrating sustained growth. Despite this encouraging progress, the Takaful sector still trails behind other Islamic financial services in terms of overall market penetration. As of 2024, Islamic banking represents approximately 25% of the total banking sector, while Islamic non-banking financial institutions (NBFIs) account for nearly 39% of the non-banking finance industry.

3.21.4. GENERAL TAKAFUL INDUSTRY IN PAKISTAN

In 2024, the General Insurance and Takaful industry collectively recorded gross premiums of PKR 243 billion, up from PKR 227 billion in the previous year. Total claims paid during the year amounted to PKR 92 billion, compared to PKR 84 billion in 2023. The private sector continued to dominate the market, contributing 91% of total premiums, while the public sector accounted for the remaining 9%. In terms of segment-wise distribution, conventional insurers wrote premiums worth PKR 212 billion in 2024 (PKR 202 billion in 2023), whereas the Takaful segment contributed PKR 31 billion, showing growth from PKR 25 billion in the preceding year.

In 2024, General Takaful made a significant contribution across various non-life classes of business. Among the major segments, Motor and Health Takaful dominated the portfolio, each representing 34% of the total premium within their respective classes. These were followed by Marine Takaful at 12% and Miscellaneous Takaful at 11%. In contrast, Fire Takaful continued to exhibit relatively low penetration, contributing only 7% of the total premium within the fire insurance class. The table below presents a breakdown of General Takaful premium growth across different lines of business.

Additional insights into the Takaful industry reveal several key trends:

- Approximately 47% of total premium contributions were generated through the agent sales force, underscoring the continued importance of traditional distribution channels.
- Geographically, Sindh emerged as the leading contributor, accounting for nearly 50% of total domestic premiums. (see map below)
- The role of digital channels showed promising growth, with premiums collected through online platforms rising to PKR 3.9 billion in 2024 from PKR 1.7 billion in 2023, representing 1.61% of total premiums.
- In terms of policy size, a significant 79% of Takaful policies were concentrated in the premium band of PKR 0–50,000, reflecting the sector's strong focus on retail and mass-market segments.

3A (iv). PRESENT ISSUE

The Offer comprises of 30,000,000 ordinary shares of PQGTL of face value of PKR 10.00/- each, which constitute 29.67% of the post-IPO paid-up capital of the company.

The entirety of the 30,000,000 ordinary shares will be offered through the book building process at a Floor price of PKR 10.00/- per share with a price band of **40**% above the floor price i.e. **PKR 10** /-.

Initially, 75% of the issue size, i.e., 22,500,000 Ordinary Shares will be allotted to Successful Bidders and 25% of the issue i.e., 7,500,000 Ordinary Shares will be offered to Retail Investors. Unsubscribed shares, if any, of the General Subscription portion will be allocated to Successful Bidders of the Book Building portion on a pro-rata basis.

3A (v). GREEN SHOE OPTION

The retail portion is fully underwritten, with Arif Habib Limited acting as the underwriter to the issue. In the event of any unsubscribed shares within the retail portion, such shares will be taken up by the underwriter(s) in accordance with the underwriting agreement.

Accordingly, no Green Shoe Option is being exercised in this offering, as the issue size is fixed and there is no provision for the issuance of additional shares beyond this amount.

3A (vi). RIGHT SHARES, BONUS SHARES AND NON – CASH SHARES ISSUED IN PRECEDING YEARS

The following table presents a break-up of shares issued by the Company since its inception, including right issues and bonus shares along with corresponding changes in total paid-up.

3A (ix). UNDERTAKING OF THE SPONSORS OF THE ISSUER REGARDING IPO UTILIZATION

4. PRINCIPAL PURPOSE OF THE ISSUE AND FUNDING ARRANGEMENT

4.1. PRINCIPAL PURPOSE OF THE ISSUE

The principal purpose of the issue is to enable PQGTL to strengthen and consolidate its position in Pakistan's Takaful industry. The Company aims to reinforce its capital base, improve solvency margins, and expand its digital distribution network while continuing to develop innovative, customer-centric, and cost-effective Takaful products.

The proceeds from the Public Offering will be methodically allocated towards the following avenues:

4.1.1. Strengthening Solvency & Underwriting Capacity

A primary objective of the IPO proceeds is to reinforce PQGTL's solvency position and enhance its underwriting capacity. By strengthening the capital base, the Company will be able to assume larger and more complex risks, an essential factor in attracting high-value corporate clients who prioritize dealing with financially robust insurers. A stronger solvency margin will also provide a buffer against unforeseen market shocks and improve overall financial resilience, positioning PQGTL as a reliable choice for both retail and institutional clients.

4.1.2. Digital Infrastructure and Online Distribution Network

PQGTL aims to invest in modern digital platforms to expand its reach and deepen penetration into untapped segments of the market. The deployment of online distribution channels will enable the Company to introduce new Takaful products, improve accessibility for customers, and provide seamless digital interactions. This investment will not only support innovation but also create new revenue streams by catering to a more digitally inclined customer base.

4.1.3. Upgradation of Portals & Applications

As part of its digital transformation strategy, PQGTL plans to upgrade its customer-facing mobile applications, digital portals, and back-end core operating systems. Enhancements in automation, system integration, and user interface will streamline policy issuance, claims management, and customer service delivery. These improvements are expected to reduce turnaround times, improve transparency, and create more convenient customer experience, while simultaneously allowing the Company to scale its operations efficiently.

4.1.4. Branch Transformation

PQGTL recognizes the importance of physical infrastructure in delivering superior customer service. The IPO proceeds will be partially allocated towards modernizing and transforming its branch network. This includes reconfiguring layouts, integrating digital tools for front-end services, and creating more customer-friendly spaces. The transformation will improve operational efficiency, elevate service quality, and strengthen customer loyalty by providing a consistent and modern experience across all touchpoints.

4.1.5. Sales Team Expansion

To support business growth and effectively serve a wider customer base, PQGTL intends to expand and strengthen its sales force. The proceeds will be used for recruitment, training, and capacity building of sales professionals, ensuring that the workforce is equipped with the skills and knowledge

required to sell innovative products across multiple channels. An empowered and well-trained sales force will significantly improve market outreach and drive new business generation.

4.1.6. Digital Marketing

In line with its brand-building and awareness strategy, PQGTL plans to allocate funds toward targeted digital marketing initiatives. These campaigns will enhance the visibility of its Takaful products, build stronger brand recognition, and increase customer acquisition. By leveraging digital platforms, the Company will be able to reach both retail and corporate segments more effectively, thereby creating a stronger competitive edge in the market.

4.1.7. Sustainable Growth in Income through Optimized Use of Funds

Finally, PQGTL intends to utilize a portion of the proceeds to expand its investment base and strengthen the Participants' Takaful Fund (PTF). By channeling funds into well-diversified incomegenerating avenues, the Company aims to create sustainable long-term earnings growth. This approach will not only unlock shareholder value but also reinforce financial stability, enabling PQGTL to support its participants while building resilience for future expansion.

4.1.8. Compliance with Minimum Paid-up Capital Requirements:

PQGTL currently maintains an issued and subscribed paid-up capital of PKR 711.071 million. The proceeds raised through this public offering will increase the company's paid-up capital to PKR 1.011 billion, enabling PQGTL to meet progressive regulatory milestones for non-life insurers and Takaful operators as outlined by the SECP vide SRO 310(I)/2025 dated March 03, 2025, for applicable periods as follows:

Prior December 31, 2026	By December 31, 2026 By December 31, 2028		By December 31, 2030
			PKR
500,000,000	1,000,000,000	1,500,000,000	2,000,000,000

4.2. SOURCE OF FUNDS

PQGTL intends to raise PKR 300 million through an Initial Public Offering (IPO), issuing 30 million ordinary shares at a floor price of PKR 10.0/- per share.

Doubiculous	Proceeds	Percentage
Particulars	PKR	%
Initial Public Offering	300,000,000	100

4.3. UTILIZATION OF IPO PROCEEDS

PQGTL intends to allocate the IPO proceeds towards strategic initiatives aimed at enhancing operational efficiency, elevating customer experience, infrastructure, market presence and ensuring sustainable long-term growth. The funds will be utilized for the development and upgradation of software and business systems, investment in hardware and IT infrastructure, targeted market and brand – building activities, human resource development and the establishment of new branches along with the transformation and renovation of existing ones. These initiatives are aimed at enhancing technology-driven transformation, infrastructure enhancement, branches transformation, brand-building activities, expansion of the digital sales force, and reinforcement of the Shareholders Fund (SHF), thereby reinforcing financial resilience and market competitiveness

Projects	Existing State of Affairs	Desired State of Affairs	Amount PKR
Motor App	At the moment, we are at the final stage of launching Motor App for customers. This application has been developed to provide enhanced digital experience by offering access to existing motor products, flexibility to adjust the sum covered. Furthermore, the app allows customers to conveniently intimate motor claims and track the live progress of their claim status, thereby ensuring greater transparency and customer engagement.	Following the go-live of the Motor Digital App, the Company intends to expand the platform's scope by integrating additional product lines, including Travel, Home, and Personal Accident Takaful. This enhancement is considered critical for positioning PQGTL as a digitally enabled Takaful operator. The initiative is aimed at supporting business growth through cross-selling opportunities, improving customer experience by offering multiple products through a unified platform, strengthening data security and transaction integrity, and ultimately enhancing profitability through cost efficiencies and broader market outreach.	5,640,000

PQGTL Takaful Management System (TIMS)	PQGTL is currently using the TIMS system, developed by our in-house software team. This system offers greater adaptability compared to other solutions available in the market. However, it was made on older technology due to which we have been certain challenges.	The Company intends to upgrade its systems in line with evolving technology and emerging business requirements. The upgraded system will be integrated with PQGTL's website and mobile application to provide a more connected and seamless digital experience. Planned enhancements include integration with online banking channels and connectivity with brokers, agents, and aggregators to support improved distribution and operational efficiency.	15,040,000
Partner Portals (PoS) Support	The Partner Portal, which functions as a point-of-sale system, enables seamless policy issuance, customer onboarding, and premium collection at the agent level. It supports real time data entry, document uploads, and compliance checks to ensure efficient and accurate processing. The platform strengthens agent productivity and contributes to improved customer service delivery.	The Company plans to enhance system features such as automation and analytics by incorporating updated technologies to improve user experience, accelerate processing, and support mobility through offline functionality. These enhancements, supported by integration with core systems and advanced analytics, will facilitate stronger decision making. Increased automation is also expected to streamline operations and reduce manual efforts across processes.	4,700,000
Replacement of SAP	The current system is a branded solution with limited usage rights and high customization costs, especially for meeting statutory, financial, and HR reporting requirements. It is expensive to maintain, difficult to modify, and presents challenges in data migration and integration.	The Company is pursuing the replacement of its existing systems with an in-house ERP equipped with an integrated HRMS. This transition is intended to centralize operations, strengthen regulatory compliance, and provide improved control over data and internal processes.	10,375,000
Claim / Commission Integration for BPM and AI	PQGTL manages claims through a system equipped with structured features, including claim intimation, document submission, claim validation, claim approval, settlement, and disbursement, supplemented by certain manual processes.	PQGTL plans to integrate automated workflows and AI driven KPIs to enhance transparency in the claims process. The Company expects this initiative to support more efficient assessment, investigation, and adjustment of claims. AI algorithms will also assist in claim validation, antimoney laundering checks, and fraud detection, thereby improving accuracy and reducing operational risk.	10,040,000
In-house CRM	The Company currently uses a CRM system from a well renowned provider. Although the system has been customized to some extent, challenges remain in further customization, and the associated costs continue to be significant.	PQGTL is developing an in-house CRM system to better align with its business requirements. The Company expects the system to enhance security, safeguard data confidentiality, and improve management of customer lead generation and follow up.	6,000,000

4.4.2. Hardware & Infrastructure

Project	Amount	Country of	Expected Supplier	Expected	Expected Date of

^{*15} million expense in 2026 and thereafter 5 million is an annual recurring expense.

The costs mentioned in the table for hardware & infrastructure are estimates based on market research and preliminary evaluations.

Projects	Existing State of Affairs	Desired State of Affairs	Amount PKR
Co-Location for DR including support (Net of actual expenses)	The Company's current Disaster Recovery setup is hosted on Oracle Cloud, resulting in significant costs. It also faces several limitations, including lack of support for file systems, object storage, OKE clusters, application and network load balancers, and SR-IOV instances within the built-in DR features. These constraints impact scalability and operational efficiency.	PQGTL plans to implement Disaster Recovery through a co-location approach by hosting IT infrastructure in a secure, geographically separate facility. This strategy is expected to ensure business continuity by minimizing downtime during disruptions. It also provides improved scalability, greater flexibility, enhanced security, reduced management overhead, and faster recovery of critical systems.	35,000,000
Upgradation of DMS System	PQGTL currently utilizes a Document Management System acquired from a third-party vendor, which provides limited access. The system offers only basic data archiving functionality, restricting scalability and advanced document handling capabilities.	The Company plans to acquire an advanced Data Archiving System with modern features, including Al integration. The new system is expected to facilitate easy search and retrieval, while allowing seamless integration with other platforms. Al capabilities, such as OCR technology, will support automated metadata capture, enhance efficiency and improve data accessibility.	24,400,000

Digital Marketing - of New Products	Pak-Qatar General Takaful Limited has strengthened its corporate brand positioning through a refreshed visual identity, consistent messaging across customer touchpoints, and an enhanced digital and social media presence. Regular financial wellness content, news updates, and paid campaigns on platforms such as Facebook have	Building on the strengthened corporate brand and enhanced social media presence, PQGTL intends to implement a multi-channel growth strategy. The primary focus will be on scaling digital marketing initiatives to drive customer acquisition for products such as Motor, Travel, and Home Takaful, while expanding brand awareness across urban and semi-urban markets. Funds will be allocated to performance-based digital media, including Google Ads, social media retargeting, and video-led storytelling aligned with asset protection narratives in a Sharia-compliant manner.	48,840,800
Integrated Marketing Campaigns	reinforced PQGTL's reputation as a modern, Shariah-compliant financial services provider. Collectively, these initiatives demonstrate a shift toward a retail-focused, digitally accessible, and brand-consistent customer experience. PQGTL's flagship products, including Motor Takaful and Travel, have been promoted through digital channels, although marketing efforts to date have been moderate.	At the same time, integrated marketing campaigns will be launched nationally, combining above-the-line channels such as outdoor and radio, below-the-line activations including on-ground events and agency-led roadshows, digital initiatives, and public relations engagements. These campaigns aim to build a cohesive, relatable, and value-driven brand image. To ensure measurable returns, PQGTL will invest in CRM-integrated marketing automation, enhanced landing experiences, funnel optimization, and lead scoring tools. The overarching objective of these initiatives is to increase digital conversions, reduce acquisition costs, and position PQGTL as Pakistan's most accessible and trusted Takaful brand in the retail segments.	36,630,600 85,471,400

Hiring of Digital Sales Team	PQGTL is currently using the TIMS system, developed by its in-house software team. The system offers greater adaptability compared to other solutions available in the market. However, as it was built on older technology, certain challenges have arisen in its operation.	Building a high-performing digital sales team is a strategic priority for the Company to support business growth, strengthen customer engagement, ensure secure digital interactions, and drive long-term profitability. This capability is expected to improve operational agility, enable efficient digital processes, and contribute to sustained financial performance. The initiative aligns with the Company's long-term vision for digital growth and enhanced operational efficiency.	35,825,280
Additional Sales Team Hiring (Corporate & Retail)	PQGTL's Corporate Sales Team is currently concentrated in two major cities, Karachi and Lahore. Recognizing untapped potential in other key urban centers such as Islamabad, Multan, Faisalabad, Sialkot, Gujrat, and Peshawar, PQGTL is strategically planning to expand its corporate sales footprint across these regions. The Retail Sales function operates with a lean structure, primarily serving walk-in and individual customers through field-based engagement, supported by over 100 team members across eight branches. Tele-sales operations are not yet active; however, PQGTL acknowledges the importance of establishing this channel to create a more integrated and responsive sales ecosystem.	The expansion of the Corporate Team aligns with the Company's broader objective of strengthening nationwide market presence and driving sustainable growth in the Corporate Sector. In parallel, the Company is developing a dedicated tele-sales channel focused on lead generation, cross-selling, and upselling to both potential and existing customers. This initiative is expected to enhance outreach and improve conversion rates through a cost-effective and scalable model. While the current Retail Sales setup has maintained steady business activity, there is a growing need to expand outreach to meet the evolving requirements of retail customers and support future scalability. New Branches	PQGTL currently operates eight branches across Pakistan, distributed as follows: South Region – four, Central Region – three, and North Region – one. These branches have been established progressively in line with business growth. As part of its broader transformation agenda, PQGTL has initiated an optimization strategy leveraging alternative distribution channels such as digital sales, call centers, and a field agent network. The objective is to realign the physical branch footprint with evolving customer behavior and operational efficiency goals. Over the next three to five years, PQGTL plans to rationalize its branch network by consolidating the existing eight branches into approximately 15 strategically	PQGTL aims to renovate 1–2 branches annually as part of a strategic initiative to enhance brand presence and customer experience across Pakistan. - Upgradation of internal and external branding, ensuring consistency with the national brand identity. - Relocation of underperforming or low-footfall branches to more commercially viable and high-visibility locations. - Installation of high-quality, illuminated signboards and digital display panels to improve visibility and customer engagement. - Standardization of branch aesthetics, including branding themes, furniture, signage, and fixtures to project a professional and trustworthy image—comparable to	
Existing Branches Transformation (Renovation, Boards, Branding, Relocation, etc.)	located outlets. This consolidation will be complemented by a phased opening of new branches, including modernization, relocation, and renovation initiatives focused on: • Enhancing branch visibility and accessibility in commercially strategic areas • Upgrading customer-facing infrastructure, including layout, branding, and service counters • Strengthening the network's appeal to retail walk-in customers through improved ambiance and brand experience These initiatives are designed to position PQGTL's branch network as a retail-focused, brandconsistent, and performancedriven channel, while complementing its expanding	leading financial institutions. - Introduction of customer-centric layouts with dedicated spaces for service desks, consultation rooms, and waiting areas to improve service flow and client comfort. - Integration of modern marketing elements such as interactive kiosks, and QR-code enabled product brochures. - Use of ambient branding, such as thematic wall visuals, digital message boards, and regional adaptability while maintaining brand integrity. This ongoing transformation is designed not only to improve operational standards but also to position PQGTL branches as high-impact visibility and conversion zones, similar to best-in-class retail and banking branch experiences.	24,668,320

4.7. UTILIZATION OF EXCESS IPO FUNDS, IN THE CASE THE STRIKE PRICE IS DETERMINED ABOVE THE FLOOR

Any excess funds raised, in case the Strike price is determined above the Floor price, would be utilized towards the same expenditures as mentioned in Section 4.3 of this prospectus. The additional funds will enable PQGTL to enhance allocations to the identified expenditure heads, allowing for additional scope and capacity beyond the currently stated base level investments.

4(i). POST ISSUE MATTERS. (REPORTING AND EXIT OPPORTUNITY)

i. Post issuance reporting requirements as per regulation 16 of these regulations

The issuer, Pak-Qatar General Takaful Limited, upon completion of the public offer shall:

- a. Report detailed break-up of the utilization of the proceeds of the issue in its post issue quarterly/half-yearly and annual accounts (till the fulfilments of the commitments mentioned in the prospectus).
- b. submit a: (a) Half yearly progress report; and (b) annual progress report reviewed by the auditor, to the securities exchange till the fulfilment of the commitments mentioned in the prospectus stating the following:
 - Implementation status of the project/commitment made in the prospectus as per format given below; and
 - Detailed Break-up utilization of the proceeds raised from the issue.
- c. Submit a final report reviewed by the auditor after the fulfilment of the commitments mentioned in the prospectus.

ii. Exit Opportunity Mechanism as per regulation 16(a) of these regulations

- a. The Issuer shall not, at any time change the principal purpose of the issue as disclosed in the Prospectus.
- b. In exceptional circumstances, the issuer may change the principal purpose of the issue subject to passing of special resolution and offering an exit opportunity to dissenting shareholders who have not agreed to the change in principal purpose of the issue as disclosed in the Prospectus.
- c. Offering an exit opportunity shall also be mandatory where the principal purpose of issue was undertaken and thereafter funds were diverted to other purposes, which resulted in non-completion of principal purpose of issue in a timely manner as disclosed in the prospectus.
- d. The mechanism for an exit offer opportunity shall be as under:
 - EOGM notice in respect of any change in the principal purpose of the issue as disclosed in the prospectus shall be given along with draft special resolution as required under the provisions of Companies Act, 2017.
 - ii. Subject to approval of special resolution as defined in the Companies Act, 2017, the shareholders who have dissented against the special resolution and conveyed their dissent to the company secretary under intimation to PSX, shall be provided an opportunity to exit by offering a price per share, by the sponsors of the issuer that shall be highest of the following:
 - a. Intrinsic value based on the latest available audited accounts;
 - b. Weighted average closing price for last six preceding months
 - c. offer price at which the shares were subscribed through IPO.
 - iii. The exit offer shall be executed by the sponsors with in a period of thirty days from the date of passing of special resolution.

4A. VALUATION SECTION

4A(i). JUSTIFICATIONS GIVEN BY THE CONSULTANT TO THE ISSUE, IF ANY OR THE ISSUER IN SUPPORT OF THE OFFER/FLOOR PRICE AND THE PRICE BAND. THE JUSTIFICATION MUST INCLUDE APPROPRIATE VALUATION MODELS, INCLUDING THE DISCOUNTED CASH FLOW (DCF) MODEL, DIVIDEND DISCOUNT MODEL (DDM), AND/OR GORDON GROWTH MODEL (GGM).

Disclaimer:

The offer price/floor price and price band are set by the Issuer and Consultant to the Issue using appropriate valuation models, and that the Commission and the Securities Exchange have neither assessed nor validated the pricing or the underlying valuation model. The Commission and the Securities Exchange do not assess, validate or endorse the price of a transaction, as pricing is purely a function of market forces; whereby minimum price is determined by the Consultant to the Issue/Issuer and final price is set by the investors.

Valuation - Free Cashflow to Equity (FCFE):

Cost of Equity	У

Equity Value	1,839,278,214				
No. of Shares	113,607,121				
Value per Share (PKR)	16.19				

Valuation - Dividend Discount Model:

¹³ Risk free rate is based on the prevailing yield of the five-year Pakistan Investment Bond implying the time horizon for investment in equities which is typically 3-5 years.

¹⁴ Equity Risk Premium has been derived from the implied equity return over the past 20 years, which has averaged approximately 06% above the average long-term Government bond yield.

¹⁵ The equity beta for PQGTL has been calculated by using the weighted average three-year adjusted asset (deleveraged) beta of the life insurance sector as a proxy and then re-leveraging it using PQGTL's debt-to-equity ratio.

¹⁶ Rf + Beta * Equity Risk Premium.

¹⁷ Aligned with Pakistan's long-term historical GDP growth, which has averaged around 3.5% or higher over 20 years, representing a reasonable long-term sustainable growth assumption.

Prospectus | Pak-Qatar General Takaful Limited

The Company does not intend to declare further cash dividends, as it plans to issue bonus shares in order to comply with the SECP's minimum paid-up capital requirements

Justification for the premium: 40% Upside

Based on the valuation assessment, the DCF model yields a fair value of PKR 16.19, reflecting a potential upside of 15.64% from the maximum price band. This result supports the appropriateness of the proposed 40% price band.

Successful Operational History:

Pak Qatar General Takaful (PQGTL) was incorporated in 2006 and commenced business in 2008, becoming the dedicated general takaful company in Pakistan. The company is engaged in the non-life insurance business and within a brief period has successfully penetrated the market, holding 0.55% market share of the general insurance sector as of CY 2024, along with being one of the Pakistan's largest dedicated takaful company (by GPW).

PQGTL has an expansive direct distribution network, with 8 branches and 168 agents operating across Pakistan. This widespread coverage has successfully allowed the company to expand its Takaful business, with contributions (premiums) collected via the direct agency network.

This vast distribution network along with other resources of the company are efficiently and effectively managed by a skilled and experienced management team, with a clear organizational structure and documented delegated authorities and responsibilities. This ensures that the company is able to meet policyholder needs and thereby drive customers to satisfaction.

Financial Performance:

The Company's financial performance reflects the strength of its model. In 2024, PQGTL reported a gross turnover of PKR 1.17 billion and a net profit after tax of PKR 113.78 million, equivalent to earnings per share of PKR 2.23. These results were driven by Wakala fees and investment income within the SHF, supported by a surplus of PKR 47.32 million in the PTF. This structure ensures value creation for both stakeholders and participants receive financial protection with potential surplus sharing, while shareholders benefit through fee income and Shariah-compliant investment returns. Contributions during the year reflected a well-diversified portfolio across retail and corporate lines, underlining prudent underwriting and resilience across segments.

International Sponsor Support:

Pak-Qatar General Takaful Limited (PQGTL) benefits from the strong strategic backing of institutions linked to the Qatar Royal Family. Pak-Qatar Investment (Pvt) Limited is the largest shareholder, holding 33.39% of the Company's equity. In addition, Qatar International Islamic Bank (QIIB) and Qatar Islamic Insurance Group (QIIG) hold 12.40% and 10.00% of the ordinary shares, respectively while H.E. Sheikh Ali bin Abdullah Thani, Chairman of the Board, holds 13.45%. This diversified Qatari shareholding not only strengthens PQGTL's capital base but also enhances its business credibility, corporate governance, and long-term growth prospects.

Diverse Product Portfolio:

PQGTL offers a comprehensive range of Shariah-compliant general Takaful solutions that cater to the protection and savings needs of both individual and corporate clients. Its portfolio includes core products such as Motor, Health, Fire, Marine, Engineering, Health, and Liability Takaful, complemented by specialized offerings like Ashiana Takaful (household contents), Home Takaful (building protection), Travel Takaful, and Personal Accident Takaful. This extensive product suite ensures that customers have access to tailored solutions for everyday risks as well as specialized coverage needs. By maintaining such diversity, PQGTL not only enhances customer satisfaction but also secures multiple income streams, reducing dependency on any single product line and ensuring long-term growth sustainability.

Favorable Future Prospects:

Pakistan's insurance and Takaful sector is expected to continue its upward trajectory, supported by favourable demographics, regulatory reforms, and macroeconomic improvements. The country's population is projected to reach 276 million by 2030, and with rising life expectancy, the demand for long-term risk protection and savings products is expected to expand steadily. On the economic front, Pakistan's per capita income reached USD 1,824 in FY2024–2025, reflecting a 9.7% year-on-year growth, thereby improving affordability and accessibility of insurance and Takaful solutions.¹⁸

The sector's performance also underlines its growth potential. Gross Premium Written (GPW) reached PKR 214.9 billion in CY2024 (CY2023: PKR 181.7 billion), representing a solid 18.1% year-on-year increase. While conventional insurance registered growth of ~20.6%, the Takaful segment grew by a modest 4.6%, reflecting the impact of inflationary pressures and gradual adaptation to digital platforms under SECP's Insurtech framework. Despite these challenges, underwriting results for the overall sector grew sharply by 195.7% in CY 2024, while profit before tax nearly doubled to PKR 55.7 billion, highlighting improved operational resilience. ¹⁹

With inflation easing and monetary policy turning supportive, the outlook for FY25 and beyond remains stable. Regulatory initiatives by SECP, including higher solvency and capital adequacy standards, along with rising awareness of Shariah-compliant products, are expected to further strengthen the sector. Collectively, these dynamics present a favourable growth environment for both conventional insurers and Takaful operators in the years ahead.

Financial Strength and Stability:

PQGTL holds an Insurer Financial Strength (IFS) rating of "A+" (Single A Plus) with a Stable Outlook from both PACRA and VIS Credit Rating Company. The Pakistan Credit Rating Agency (PACRA) maintained the Company's "A+" rating in its report dated February 7, 2025, continuing the rating level assigned since 2022. Meanwhile, VIS Credit Rating Company Limited (VIS) upgraded PQGTL's rating from "A" to "A+" on July 17, 2025, reflecting the Company's strengthened financial profile and improved operational performance. These ratings highlight PQGTL's strong capacity to meet policyholder obligations, supported by its expanding market share, robust governance framework, and enhanced operational efficiency. The reaffirmation and upgrade collectively underscore PQGTL's sound financial standing and credibility within the Takaful industry.

As at the end of CY 2024, liquid investments (incl. cash & bank balance) held by PQGTL amounted to PKR 184.84 Mn, resulting in a Liquid Investments to outstanding claims ratio of 0.6x. In addition, the Total PTF fund equity also stood at PKR 156.37 Mn in CY 2024.

All these factors evidence that PQGTL has more than sufficient capital and ample liquidity to meet policyholder obligations, highlighting how PQGTL has the financial strength and stability necessary to operate sustainably as a takaful operator.

Widespread Distribution Network:

PQGTL's products are available at 8 branches across 8 major cities in Pakistan. The Company currently caters to nearly 4000 plus corporate & individual clients with more than 27000 policies, providing them with need-based protection solutions

In line with the Company's policy of embracing digital technology, PQGTL has focused extensively on developing digital sales platforms and utilizing online portals and digital brokers to provide enhanced accessibility and greater convenience to current and prospective customers, all the while increasing the geographical reach of the Company's distribution network.

¹⁸ https://www.finance.gov.pk/survey/chapter 25/Highlights.pdf

¹⁹ https://www.pacra.com/view/storage/app/General%20Insurance%20-%20PACRA%20Research%20-%20July%2725 1753092936.pdf

Customer-centric Approach:

A key reason for PQGTL's success is its customer first approach. The Company has set up a dedicated customer experience department, elevating customer experience through Microsoft Dynamics 365 CRM, integrated with 24/7 call center support. This provides users with personalized and efficient support. In addition, PQGTL has further enhanced customer experience through digital onboarding services, including the PQGTL app, providing users with additional convenience via easier access to dashboards and online payment facilities.

Justification:

Based on our review, the Consultant to the Issue and the Lead Manager is of the opinion that the strong historical performance of the Company, a diversified product portfolio, wide-spread distribution network, and the growing demand for their quality services indicates the sustainability of business performance in the future, which justifies the cap price of PKR 14.00/- per share.

The Company is offering a Price-to-Book ("PB") multiple of 0.86 at Floor Price of PKR 10.00/- per Ordinary Share based on the Book value per share of the Company as at June 30, 2025 (post rights issue of 10 million shares at PKR 10 and bonus issue of 10.1 million shares) of PKR 11.67/-

5. RISK FACTORS

5.1. INTERNAL RISKS

5.1.1. Underwriting Risk

The Participants' Takaful Fund (PTF) underwrites general takaful contracts across multiple segments, including fire and property, marine, aviation and transport, motor, health, and miscellaneous classes. The principal underwriting risk is that actual claims experience may differ from expectations in terms of frequency, severity, or timing of claim payments. Such deviations are inherent to general takaful contracts and may result from factors including litigation, delayed claims reporting, or adverse developments in long-tail claims.

Significant underwriting exposures may also arise from climate change, natural disasters, terrorism, and other catastrophic events, which are inherently unpredictable. Concentration of risks by class, geography, or industry can further amplify potential losses. Adverse claims experience may materially affect the reserves of the PTF, which in turn could negatively impact on the Company's financial position.

Contributions written by the company are credited amongst the PTF and SHF, with the PTF (Participants' Takaful Fund) used to settle any participants' claims. If the admissible assets in PTF are insufficient to cover liabilities, shareholders will be required to provide Qard-e-Hasan (interest-free loan) to PTF from the current shareholders' fund balance, as per the requirements of Takaful Rules, 2012. Consequently, poor underwriting performance, including exposure to high-risk classes or concentration of risks, may undermine the company's ability to settle claims and adversely impact shareholder value and profitability.

The year-end PTF balance for the three years ending December 31, 2024, is provided hereunder:

PKR	CY 2024	CY 2023	CY 2022
Year – End Balance	156,366,458	108,862,550	68,290,612

5.1.2. Business Risk

PQGTL's profitability may be affected by various business risks beyond core underwriting activities. The Company is exposed to risks arising from reliance on a limited number of customers, suppliers, or revenue streams, as well as dependence on associated companies or the growth of other sectors to sustain operations. Short-term contracts or the absence of formal agreements with key counterparties, limited availability of essential inputs, and the use of complex operational structures may also increase exposure. Additionally, reliance on non-core activities for profit generation or changes in regulatory protections could impact financial stability. To mitigate these risks, PQGTL has implemented a comprehensive risk management framework, including an independent internal audit function reporting to the Audit Committee, which continuously monitors operations and external developments, providing management with timely insights and guidance.

5.1.3. Operational Risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's operations, either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior. Operational risks arise from all of the Company's activities. The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its objective of generating returns for stake holders.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. This responsibility encompasses the controls in the following areas:

Prospectus | Pak-Qatar General Takaful Limited

- requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risk faced and the adequacy of controls
- and procedures to address the risk identified;
- ethical and business standards;
- risk mitigation, including takaful where this is effective.

Management ensures that the company's staff have adequate training and experience and fosters effective communication related to operational risk management.

5.1.4. Fraudulent Claims Risk

As a takaful (Islamic insurance) operator, PQGTL faces the risk of insurance/takaful fraud, whereby policyholders make deliberate fraudulent claims to obtain an unjust or undeserving benefit. Insurance fraud can take many forms, including exaggerating claims to receive a larger payout, intentionally staging accidents, or providing false information during the application process leading to inappropriate risk assessment. Insurance/takaful fraud can lead to following adverse consequences for PQGTL:

- 1. **Financial Loss:** Direct financial loss would be suffered as a result of payouts on fraudulent claims.
- Cost of mitigation: Additional resources, including human capital and review committees, are needed in the claim handling and investigation process to mitigate the risk of insurance/takaful fraud. Diversion of such resources to prevention of fraud may undermine PQGTL's level of performance in other business aspects.
- 3. **Legal costs:** Based on the result of its internal investigations PQGTL may challenge or deny policyholder claims, which may lead to costly legal battles adding to the costs of the company.
- 4. **Actuarial assumptions**: Due to fraudulent claims actuarial estimates will be less accurate, increasing the risk of under/overpricing.

5.1.5. Liquidity Risk

Liquidity risk is the risk that PQGTL may encounter difficulty in meeting its financial obligations as they fall due. This risk can arise if liabilities become payable earlier than anticipated or if the Company experiences challenges in raising funds to meet its commitments. In the case of a major loss event, liquidity risk also includes the timing differences between gross cash outflows and expected reinsurance recoveries.

To manage liquidity risk, PQGTL ensures, as far as possible, that it maintains sufficient liquidity to meet all obligations under both normal and stressed conditions, without incurring unacceptable losses or compromising its reputation. This is achieved through continuous measurement and monitoring of cash flows on a daily, monthly, and quarterly basis. The Company maintains diversified funding sources and manages its assets to preserve an adequate balance of cash, cash equivalents, readily marketable securities, and other financial assets that can be easily liquidated in the event of unforeseen cash flow interruptions.

At the end of CY 2024, PQGTL had non-derivative financial liabilities with up to one-year maturity of PKR 1.192 billion (CY 2023: PKR 1.232 billion). Maintaining sufficient liquidity ensures the Company can meet policyholder claims and other obligations as they fall due.

Participant Takaful Fund	CY 2022	CY 2023	CY 2024	9M FY2025
Liquid Investments % of Total Assets	25.8%	27.9%	30.6%	22.7%
Liquid Investments to Outstanding Claims	0.6x	0.7x	0.6x	0.6x
Shareholders' Fund				
Debt to Equity	0.1%	6.7%	4.6%	2.7%
Debt to Total Assets	0.1%	4.1%	2.9%	1.7%

5.1.6. Credit Risk and Concentration of Credit Risk

Credit risk is the risk that one party to a financial contractual arrangement fails to fulfil its obligations, causing the other party to incur a financial loss. PQGTL's credit risk primarily arises from the following areas:

- Investments: PQGTL invests in various financial assets to maintain liquidity and meet participants' and shareholders' obligations. Credit risk arises if issuers of these instruments default on their obligations, which may reduce income or the market value of investments held by the Company. Total investments at the end of CY 2024 amounted to PKR 981.041 million.
- Re-takaful arrangements: PQGTL enters into re-takaful agreements with other parties in the ordinary course of business to minimize its financial exposure to claims. However, these arrangements do not relieve the PTF of its obligations to participants. If a re-takaful partner defaults, the PTF remains liable for any outstanding claims, potentially resulting in significant financial losses.
- **Contributions receivable:** Participants may default on contribution payments due, either intentionally or due to poor financial conditions, which can lead to financial losses for the Company.

Concentration of credit risk arises when multiple counterparties share similar business activities, making them collectively susceptible to changes in economic, political, or other conditions. However, given the diversified nature of its counterparties and financial assets, PQGTL believes it is not exposed to any major concentration of credit risk.

Participant Takaful Fund		CY 2023	CY 2024	HY 2025
		Audited	Audited	Un -Audited
Total Investment Return (incl. income and FV gains/losses) (%)	18.3%	11.2%	12.6%	5.4%
Retakaful Cession Ratio (Retakaful Contributions Ceded to Gross Premium) (%)	36.0%	31.7%	47.3%	48.8%

5.1.7. Capital Adequacy

In a recent development, the SECP, vide SRO.310(I)/2025 dated March 03, 2025, has issued revised minimum paid-up capital requirements for insurance and takaful operators, to be implemented in a phased process that will culminate in 2030²⁹. The revised paid-up capital requirements are provided hereunder:

Minimum Paid – Up Capital Requirement							
Amount in PKR (Million)							
Type of Insurer	Applicable prior	Applicable by					
Type of insurer	to 31 st	31 st December	31 st December	31 st December			
	December 2026	2026	2028	2030			
Non – Lifer Insurer / General Takaful	500	1,000	1,500	2,000			

Failure to maintain this balance could lead to PQGTL not complying with SECP's solvency margins and thereby losing its authorization to undertake takaful operations. Prior to the public offering PQGTL's paid-up capital amounts to PKR 1,807 Mn.

5.1.8. Solvency Risk

As per the Insurance Ordinance, 2000 and the Insurance Rules, 2017³⁰, PQGTL is required to maintain a surplus of admissible assets over liabilities of not less than the prescribed solvency requirements for non-life insurers.

https://www.secp.gov.pk/document/sro-310-i-2025-march-3-2025-notification-amendments-to-the-insurance-rules-2017-paid-up-capital/?wpdmdl=56059&refresh=687737211ca101752643361

³⁰https://www.secp.gov.pk/document/insurance-rules-2017-updated-till-december-31-2023/?wpdmdl=50264&refresh=6911c168222f31762771304

In accordance with Rule 27 of the Insurance Rules, 2017, PQGTL must maintain a minimum paid-up capital of PKR 150 million and a solvency margin equivalent to at least 20% of its net contributions or net claims, whichever is higher.

Failure to maintain the required solvency margin may result in non-compliance with regulatory standards, potentially leading to actions by the SECP, including restrictions on business operations, suspension of dividend declarations, and imposition of penalties or fines on the Company and/or its directors and officers. PQGTL regularly monitors its solvency position to ensure continued compliance with the prescribed regulatory framework. The Company maintains adequate capital buffers and a strong solvency position, ensuring its ability to meet policyholder obligations and support sustainable business growth.

PQGTL's solvency position is provided hereunder:

PKR Million	CY 2022 (PKR)	CY 2023 (PKR)	CY 2024 (PKR)
Net Admissible Assets	508,580,900	655,251,935	584,818,445
Minimum Solvency Requirement (Higher of):			
Method A – U/s. 36(3)(a) – 150,000,000	(150,000,000)	(150,000,000)	(150,000,000)
Method B – U/s. 36(3)(b) – 70,728,110	(130,000,000)	(150,000,000)	(150,000,000)
Method C – U/s. 36(3)(c) – 77,836,805			
Excess/(Deficit) in Net Admissible Assets	358,580,900	505,251,935	434,818,445

5.1.9. Projected Related Risks

The proceeds raised through this public offering will be utilized by PQGTL over the next five years to expand operations, strengthen infrastructure, and support business growth initiatives. Given the long-term nature of the planned expenditures, not all material agreements are in place at this stage. As a result, actual future costs may differ from the estimates, creating the risk of potential cost overruns. Management has derived these estimates after conducting thorough due diligence and obtaining external third-party quotations for the relevant expenditures.

There is also a risk of delays in project initiation or execution, which could affect the timely implementation of key initiatives. In particular, delays in the deployment of technology, operational systems, or infrastructure upgrades may reduce efficiency, cause technology to become outdated, or allow competitors to introduce similar solutions, potentially undermining the effectiveness of the planned projects and the anticipated benefits from the public offering.

5.1.10. Negative Total Cashflow from Operating Activities in the Last Three Preceding Financial Years

The table below outlines PQGTL's cashflow from operating activities for the last three years ending December 31, 2024.

PKR Million	CY 2022	CY 2023	CY 2024
Cashflow from Operating Activities	63	(53)	(8)

5.1.11. Financial Risk

The Company is exposed to a range of financial risks, including credit risk, liquidity risk, and market risk (comprising currency, interest rate, and other price risks). These exposures arise from the inherent unpredictability of financial markets and may result in material adverse impacts on the Company's financial performance and stability. Credit risk relates to the potential default of counterparties, leading to financial loss. Liquidity risk arises when the Company is unable to meet its obligations as they fall due, which may force asset disposals under unfavourable conditions. Market risk stems from fluctuations in exchange rates, interest rates, and asset prices, each of which can adversely affect profitability, asset values, and capital adequacy.

5.1.12. Risk of Non-compliance with Shariah Principles

The board/management of the company are responsible for ensuring that its Takaful operations comply with the provisions laid out in Takaful Rules, 2012, issued by the Securities and Exchange Commission of Pakistan (SECP). The Commission reserves the right to withdraw the authorization of the company if it is satisfied that its operations contain an element which is not approved by the Shariah Advisor. As such, PQGTL bears the risk of non-compliance with Shariah principles, which could lead to the withdrawal of the company's authorization to conduct Takaful operations.

As per the principles of Takaful Rules, 2012, the company has established an independent Shariah Advisory Board chaired by Mufti Muhammad Hassan certifies all products and operations for Shariah compliance. The company is also required to appoint a Shariah compliance auditor in accordance with the provisions of these rules. For the three financial years ended December 31, 2024, no qualified audit opinion was issued by the company's Shariah compliance auditor Yousuf Adil Chartered Accountants.

5.1.13. Pending Legal Proceeding Against the Issuer and Associated Group Companies, which could have Material Adverse Comments

PQGTL operates in the general takaful (non-life insurance) sector and settles participants' claims in the ordinary course of business. Not unlike other non-life insurance operators, PQGTL may face litigations from participants arising from claim disputes, delays in claim settlement, or alleged misrepresentation of coverage terms. The outcome of such proceedings could result in adverse financial consequences for the Company.

Summary of all outstanding legal cases by category is provided hereunder:

Type of Cocce	No. of Cases	Amount
Type of Cases	#	PKR Mn
Rejected Claims	04	146
Total	04	146

Please find further details regarding legal proceeds against the company in Section 8 of this prospectus.

5.1.14. Risk of Non-Compliance with PSX and SECP Regulations

In the event of non-compliance with any regulatory requirements of SECP or PSX, the company may be placed on the Non-Complaint Segment of PSX which may potentially hamper trading in the shares leading up to the potential suspension in trading or delisting.

5.2. EXTERNAL RISK

5.2.1. Regulatory risk - Imposition of Provincial Sales Tax affecting the viability of the Company's Products

The provincial authorities in Sindh and Punjab have withdrawn the exemption on life and health insurance in their respective provinces and subjected these to sales tax on services. With effect from November 01, 2018, the Punjab Revenue Authority (PRA) subjected life and health insurance to Punjab Sales Tax (PST) at the rate of 16%. The Sindh Revenue Board (SRB) made life insurance taxable at the rate of 13% with effect from July 01, 2020.

The levy of provincial sales tax on life insurance places the whole industry at the risk of jeopardy. Passing the tax onto policyholders creates the risk of insurance products not being financially viable, whilst absorbing the sales tax would lead to a significant financial burden for the company.

Under a unanimous decision the company has referred the case to and filed a constitutional petition with other industry players in the Supreme Court of Pakistan, through the platform of the Insurance Association of Pakistan (IAP). On this basis, PQGTL has not billed any of its customers for sales tax, nor recognized a provision for the

Prospectus | Pak-Qatar General Takaful Limited

provincial sales tax payable, which is estimated to be aggregated to PKR 949.44 Mn at CY 2024. The management contents that should the efforts fail, the amount will be charged to the Participants.

5.2.2. Economic Risk

PQGTL's performance and profitability may be affected by macroeconomic factors beyond the company's control, including changes in interest rates, inflation rates, foreign exchange rates, and tax policies. Economic slowdown, high inflation, or reduced consumer spending power may lead to lower demand for PQGTL's general takaful products, such as motor, health, or property coverage. Additionally, rising inflation and economic instability can increase operational costs, claims frequency, or claim amounts, thereby affecting underwriting results and overall profitability.

PQGTL continuously monitors these economic indicators to assess potential impacts and adjust pricing, risk assessment, and operational strategies to mitigate economic risk.

5.2.3. Changes in Tax Rates

PQGTL's profitability may be affected by changes in the government's fiscal policy, including adjustments to the tax regime. Any increase in corporate or other applicable taxes could reduce the Company's net earnings. Additionally, changes in taxation may affect the broader economy, potentially reducing business activity or customer spending, which could in turn lower demand for PQGTL's general takaful products and services.

5.2.4. Threat of New Entrants

PQGTL operates in a niche segment of Pakistan's insurance market, with only two dedicated general takaful providers, giving the Company a favorable market position. However, the threat of new entrants remains, as conventional non-life insurers may expand into Shariah-compliant offerings through takaful windows, and regulatory changes could lower barriers to entry. Additionally, digital or technology-driven players may introduce innovative general takaful solutions, increasing competition. To maintain its competitive edge, PQGTL continues to focus on product differentiation, service quality, and brand development while closely monitoring emerging players and evolving market dynamics.

5.2.5. Market Risk

As of December 31, 2024, PQGTL has an aggregated investment portfolio of **PKR 981,041,638/**-. As such the company is significantly exposed to market risk; the risk that the value of a financial instrument will fluctuate as a result of changes in market prices which may be specific to individual security or its issuer, or apply to all securities traded in the market. This can affect PQGTL's dividend and interest income, as well as reduce the potential capital gain that can be realized from the sale of investments held.

To the best of our knowledge and belief, all risk factors applicable to the issuer i.e. PQGTL have been disclosed.

5.3. CERTIFICATE BY THE CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER OF THE ISSUER

Dated: 14" Nov. 25

Subject:

Certificate by the Chief Executive Officer and Chief Financial Officer of the Issuer

We being the Chief Executive Officer and Chief Financial Officer of Pak-Qatar General Takaful Limited (the "Issuer") accept absolute responsibility for the disclosures made in the Prospectus. We hereby certify that we have reviewed the Prospectus and that it contains all the necessary information with regard to the issue and constitutes full, true and plain disclosures of all material facts relating to the ordinary shares being offered through this Prospectus and that nothing has been concealed.

The information contained in this Prospectus is true and correct to the best of our knowledge and the opinions and intends expressed herein are honestly held.

There are no other facts, the omission of which makes this Prospectus as a whole or any part thereof misleading.

Muhammad Kamran Saleem Company Secretary Pak-Qatar General Takaful Limited Suite # 101-105, Business Arcade Block 6, P.E.C.H.S Karachi

Dear Sir

AUDITOR'S CERTIFICATE ON ISSUED, SUBSCRIBED AND PAIDUP CAPITAL UNDER CLAUSE 14 (i) of SECTION 1 OF THE FIRST SCHEDULE OF PUBLIC OFFERING REGULATIONS, 2017

We have been requested to provide with a certificate on issued, subscribed and paid-up capital of Pak-Qatar General Takaful Limited (the Company) based on audited financial statements of the Company for the year ended December 31, 2024 as required under Clause 14(i) of Section 1 of the First Schedule of the Public Offering Regulations, 2017.

Scope of Certificate

Our engagement was undertaken on the request of the management of the Company for the purpose of inclusion of information in prospectus to be issued for initial Public Offer as required under Clause 14(i) of section 1 of the First Schedule of the Public Offering Regulations, 2017 for onward submission to the regulatory authorities for listing purpose.

Management Responsibilities

It is the management's responsibility to ensure compliance with the Clause 14(i) of section 1 of the First Schedule of the Public Offering Regulation, 2017. Management's responsibility includes maintenance of adequate accounting records and internal controls, the selection and application of accounting policies, safeguarding of the assets of the Company and prevention and detection of frauds and irregularity. This certificate does not relieve the management from its responsibilities. Further, the management is also responsible for submission of this certificate to the regulatory authorities.

Auditor's Responsibilities

Our responsibility is to certify the issued, subscribed and paid-up capital of the Company based on audited financial statements for the year ended December 31, 2024 in accordance with the 'Guidelines for Issue of Certificates for Special Purposes by Practicing Chartered Accountants Firms' issued by the Institute of Chartered Accountants of Pakistan.

Our verification was limited to the procedures as mentioned below:

- Traced the amount of issued, subscribed and paid-up capital from the audited annual financial statements for the year ended December 31, 2024; and
- Obtain and review "Form 3" to corroborate figures after the issuance of bonus and right shares for issued, subscribed and paid-up capital

ISO 27001 Certified Since 2017 Kwachi Dalamahadi Lahow Mullar

Certificate

Based on procedures mentioned above, we certify that break-up of issued, subscribed and paid-up share capital of the Company as at December 31, 2024, as follows:

Muhammad Kamran Saleem Company Secretary Pak-Qatar General Takaful Limited Suite # 101-105, Business Arcade Block 6, P.E.C.H.S Karachi

Dear Sir

AUDITOR'S CERTIFICATE ON BREAKUP VALUE PER SHARE BASED ON AUDITED FINANCIAL STATEMTENTS AS AT DECEMBER 31, 2024 UNDER CLAUSE 14 (ii) of SECTION 1 OF THE FIRST SCHEDULE OF PUBLIC OFFERING REGULATIONS, 2017

We have been requested by you to provide with a certificate on breakup value of ordinary shares of Pak-Qatar General Takaful Limited (the Company) based on the audited financial statements of the Company as at December 31, 2024 as required under Clause 14(ii) of Section 1 of the First Schedule of the Public Offering Regulations, 2017 (the Regulation).

Scope of Certificate

Our engagement was undertaken on the request of the management of the Company for the purpose of inclusion of information in prospectus to be issued for Initial Public Offer as required under Clause 14(ii) of Section 1 of the First Schedule of the Regulations, for onward submission to the regulatory authorities.

Management Responsibilities

The responsibility for computation of breakup value of ordinary shares of the Company, based on the audited financial statements of the Company for the year ended December 31, 2024 in accordance with requirements of the Technical Release (TR)-22 of the Institute of Chartered Accountants of Pakistan (ICAP) is primarily that of the management of the Company. Management's responsibility also includes maintenance of adequate accounting records and internal controls, the selection and application of accounting policies, safeguarding of the assets of the Company and prevention and detection of frauds and irregularity. This certificate does not relieve the management from its responsibilities. Further, the management is responsible for onwards submission of this certificate to regulatory authorities.

Auditor's Responsibilities

Our responsibility is to certify the breakup value of ordinary shares of the company based on the audited financial statements of the Company as at December 31, 2024 in accordance with the 'Guidelines for Issue of Certificates for Special Purposes by Practicing Chartered Accountants Firms' issued by the ICAP. Our verification was limited to trace the relevant financial information used for the purpose of calculating the breakup value of ordinary shares by the management of the Company from the audited financial statements of the Company as at December 31, 2024. In this regard, we have also audited the compliance with the requirements of Technical Release (TR)-22 of the ICAP. Our verification was limited to the procedures as mentioned below:

- · Obtain and review the working of Break up value to ensure compliance of TR 22; and
- Traced amount used in the breakup value calculation from audited financial statements as at December 31, 2024 of the Company.

ISO 27001 Certified Since 2017 Kurachi Internalised II, shore Multur

December 31, 2024

Restriction on use and distribution

This certificate is being issued on the specific request of the management of the company for the purpose of inclusion in prospectus to be issued for Initial Public Offering and for onward submission to other regulatory authorities for listing purpose only. This report is solely for the purpose set forth in the scope mentioned above and is not to be issued or distributed for any other purpose. This certificate is restricted to the facts stated herein.

Further, we state that we have not performed any verification procedures on the audited financial statements for the year ended December 31, 2024 and unaudited financial statements for the period ended October 10, 2025. Had we performed an audit or review of the financial statements, other matters might have come to our attention that would have been reported to you and which may have impacted the breakup value per ordinary share as reported in the accompanying computations.

Muhammad Kamran Saleem Company Secretary Pak-Qatar General Takaful Limited Sulte # 402-404, Business Arcade Block 6, P.E.C.H.S Karachi

Dear Sir

AUDITOR'S CERTIFICATE UNDER CLAUSE 1 OF SECTION 2 OF THE FIRST SCHEDULE OF THE PUBLIC OFFERING REGULATIONS, 2017

We have been requested to provide with a certificate with respect to information of Pak-Qatar General Takaful Limited (the Company), as required under Clause 1 of Section 2 of the First Schedule of the Public Offering Regulations, 2017.

Scope of Report

Our engagement was undertaken on the request of the management of the Company for the purpose of inclusion of information in prospectus to be issued for initial Public Offer as required under Clause 1 of Section 2 of the First Schedule of the Public Offering Regulations, 2017 for onward submission to the regulatory authorities.

Management Responsibilities

The responsibility for preparation and fair presentation of the financial information and non-financial information is primarily that of the management of the Company. Management's responsibility also includes maintenance of adequate accounting records and internal controls, the selection and application of accounting policies, safeguarding of the assets of the Company and prevention and detection of frauds and irregularity. This certificate does not relieve the management from its responsibilities. Further, the management is responsible for onwards submission of this certificate to regulatory authorities.

Auditor's Responsibilities

Our responsibility is to report the information as required under Clause 1 of Section 2 of the First Schedule to the Public Offering Regulation, 2017. Our report is being issued in accordance with the 'Guidelines for issue of certificates for special purposes by practicing chartered accountant firms' issued by the Institute of Chartered Accountants of Pakistan (ICAP). Our verification was limited to validating the correctness of financial and non-financial information included in this report (including annexures). Our verification was limited to the procedures as mentioned below:

- Obtained audited financial statements for the year ended December 31, 2024, year ended December 31, 2023 and year ended December 31, 2022;
- Traced amounts in
 - Annexure 'A' from statement of financial position of respective audited financial statements;
 - Annexure 'B' from statement of profit or loss of respective audited financial statements; and
 - Annexure 'C' from statement of comprehensive income of respective audited financial statements

15th 27001 Certified Strice 2017 Karschillisternstrad Labora Multar

- Traced from statement of changes in equity of respective audited financial statements whether any dividend was declared during the respective period; and
- · Traced from respective audited financial statements whether the Company has any investment in subsidiary.

Certificate

Based on procedures mentioned above, we are pleased to state the following:

- We have audited the financial statements for the year ended December 31, 2024, December 31, 2023 and December 31, 2022 as part of our responsibilities as statutory auditors in accordance with the statutory requirements for each respective year.
- In terms of the requirement under Clause 1 of Section 2 of the First Schedule of the Public Offering Regulation, 2017 and based on the audited financial statements, we state as under:
 - Summary of assets, liabilities and shareholder's equity of the Company for the year ended December 31, 2024, December 31, 2023 and December 31, 2022 is included in Annexure 'A' of this report;
 - The Statement of profit or loss of the Participants' Takaful Fund (PTF) and Shareholders' Fund (SHF) for the year ended December 31, 2024, December 31, 2023 and December 31, 2022 is included in Annexure 'B' of this report; and
 - c. The Statement of Comprehensive Income of the Participants' Takaful Fund (PTF) and Shareholders' Fund (SHF) for the year ended December 31, 2024, December 31, 2023 and December 31, 2022 is included in Annexure 'C' of this report.
- Dividend was declared by the Company for the year ended December 31, 2024 and December 31, 2023 is included in Annexure 'D' of this report.
- For the year ended December 31, 2024, December 31, 2023 and December 31, 2022, the Company did not have subsidiaries.

Restriction on use and distribution

This certificate is being issued on the specific request of the management of the company for the purpose of inclusion in prospectus to be issued for Initial Public Offering and for onward submission to other regulatory authorities for listing purpose only. This report is solely for the purpose set forth in the scope mentioned above and is not to be issued or distributed for any other purpose. This certificate is restricted to the facts stated herein.

PAK-QATAR GENERAL TAKAFUL LIMITED NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

1. LEGAL STATUS AND NATURE OF BUSINESS

Pak-Qatar General Takaful Limited (the Company) was incorporated in Pakistan as an unquoted public company limited by shares on March 15, 2006 under the repealed Companies Ordinance, 1984, (now the Company Act, 2017). The Company received Certificate of Registration on August 16, 2007 under Section 6 of the Insurance Ordinance, 2000. The main activity of the Company is to undertake general takaful business. The Company operates with 08 (2023: 08) branches in Pakistan. The major shareholder of the Company is Pak-Qatar Investment (Private) Limited and its holding is 42.5%.

For the purpose of carrying on the takaful business, the Company has formed a Waqf for Participants' Equity. The Waqf namely Pak-Qatar General Takaful Limited Waqf [hereafter referred to as the Participant Takaful Fund (PTF)] was formed on August 17, 2007 under a trust deed executed by the Company with a cede money of Rs. 500,000. Waqf deed also governs the relationship of Shareholders' Fund (SHF) and participants of PTF for management of takaful operations and investment of funds approved by Shariah Advisor. The accounts of the Waqf are maintained by the Shareholders' Fund in a manner that the assets and liabilities of PTF remain separately identifiable. The financial statements of the Shareholders' Fund are prepared in such a manner that the financial position and results from the operations of PTF and the Shareholders' Fund are shown separately.

Following are the geographical location and addresses of all the business units of the Company:

Commerce, Bunder Road, Sukkur.

2. BASIS OF PREPARATION

These financial statements have been prepared in line with the requirement and format issued by the Securities and Exchange Commission of Pakistan (Commission) through Insurance Rules, 2017 (the Rules) vide SRO 89(I)/2017 dated 09 February 2017, and the General Takaful Accounting Regulations, 2019 (the Regulations) vide SRO 1416/(I)/2019 dated 20 November 2019. As required by the Takaful Rules, 2012 these financial statements reflect the financial position and results of operations of both SHF and PTF in a manner that the assets, liabilities, income and expenses of the SHF and the PTF remain separately identifiable.

3. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standard Board (IASB) as are notified under the Companies Act, 2017 (the Act), Insurance Accounting Regulations, 2017 and Takaful Rules, 2012.
- Provision of and directives issued under the Act and Insurance Ordinance, 2000, Insurance Rules, 2017, Takaful Rules, 2012 and Insurance Accounting Regulations, 2017.
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountant of Pakistan (ICAP) as or notified under Companies Act, 2017.

Where the provisions of and directives issued under the Act, 2017 differ, the Insurance Ordinance, 2000, the Insurance Rules, 2017, the Insurance Accounting Regulations, 2017, General Takaful Accounting Regulations 2019 and the Takaful Rules, 2012 shall prevail.

4. BASIS OF MEASUREMENT

The financial statements are prepared on new format as prescribed by Insurance Accounting Regulations 2017 except for the necessary modifications in the light of Takaful Rules 2012 and based on the advice of Shariah Advisor of the Company.

These financial statements are prepared under historical cost convention, except as disclosed in accounting policies relating to financial instruments, investments, lease liabilities and insurance liabilities etc.

5. FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements have been presented in Pakistani Rupees, which is the Company's functional and presentation currency.

6. STANDARDS, AMENDMENTS AND INTERPRETATIONS OF APPROVED ACCOUNTING STANDARDS

6.1 Amendments to IFRS that are effective for the year ended December 31, 2024

The following amendments to IFRS are effective for the year ended December 31, 2024. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures:

- Amendments to IFRS 16 'Leases' Clarification on how seller lessee subsequently measures sale and leaseback transactions;
- Amendments to IAS 1 'Presentation of Financial Statements' Classification of liabilities as current or non-current along with Non-current liabilities with Covenants;
- Amendments to IAS 7 'Statement of Cash Flows' and IFRS 7 'Financial Instruments: Disclosures' Supplier Finance Arrangements.

6.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments to IFRS are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Effective date (accounting periods beginning on or after

Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification January 01, 2025 on how entity accounts when there is long term lack of Exchangeability

Effective date (accounting periods beginning on or after

- IFRS 17 Insurance Contracts (including the June 2020 and December 2021 January 01, 2026 Amendments to IFRS 17)
- Amendments to IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments: January 01, 2026
 Disclosures' Classification and measurement of financial instruments
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, January 01, 2026 IFRS 10 and IAS 7)
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments : January 01, 2026 Disclosures' - Contracts Referencing Nature-dependent Electricity

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures

6.3 Temporary exemption from application of IFRS 9 and IFRS 17

Pursuant to the requirements of Securities and Exchange Commission of Pakistan SRO 1715 (I) / 2023 dated 21 November 2023 IFRS 17 "Insurance Contracts", is applicable to the companies engaged in insurance / takaful and reinsurance / re-takaful business from financial years commencing on or after 01 January 2026.

IFRS 17, replaces IFRS 4 Insurance Contracts. The new standard will apply to all entities that issue insurance and reinsurance contracts, and to all entities that hold reinsurance contracts. This standard requires entities to identify contracts and its terms and to assess whether they meet the definition of an insurance contract or includes components of an insurance contract. Insurance contracts are required to account for under the recognition / derecognition of IFRS 17. Companies subject to the requirement of SRO 1715 will also be required to adopt requirements of IFRS-9 from the date of transition. On initial application of IFRS 17, comparative information for insurance contracts is restated in accordance with IFRS 17, whereas comparative information for related financial assets might not be restated in accordance with IFRS 9 if the insurer is initially applying IFRS 9 at the same date as IFRS 17.

SECP through its S.R.O.508(I)/2024 has directed that the applicability period of optional temporary exemption from applying IFRS 9 Financial Instruments as given in para 20A of IFRS 4 Insurance Contracts is extended for annual periods beginning before 01 January 2026, subject to fulfilling the same conditions as are prescribed by para 20B of IFRS 4.

SECP vide letter no. ID/MDPRD/IFRS-17/2021/176 dated 15 June 2021 initiated a four-phase approach towards implementation of IFRS 17 - Insurance Contracts. The first three phases now stand completed and Phase 4 parallel run and implementation has commenced and is currently under progress.

In Phase 4 SECP requires parallel run of IFRS 17 for the year ended 31 December 2024 to be submitted to SECP by 30 June 2025 and dry run on the financial statement of the first quarter of 2025 to be submitted by 30 November 2025.

The tables below set out the fair value as at the end of the reporting period and the amount of change in the fair value during that period for the following two groups of financial assets separately:

a) financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding, excluding any financial assets that meets the defination of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and

b) all other financial assets.

Fair value of financial assets as at 31 December 2024 and the change in the fair values during the year ended 31 December 2024.

7. MATERIAL ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in period of revision and future periods if the revision affects both current and future periods. The estimates and judgments that have a significant effect on the financial statements are in respect of the following:

Useful lives of assets, residual value and method of depreciation / amortisation	8.1
Classification of investments	8.4
Determination of lease term for lease contracts with renewal and termination options	8.7.2
	Useful lives of assets, residual value and method of depreciation / amortisation Classification of investments Determination of lease term for lease contracts with renewal and termination options

8. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies adopted in the preparation of these financial statements are the same as those applied in the preparation of the financial statements of the Company for the year ended December 31, 2024.

8.1 Property and equipment

8.1.1 operating fixed assets

These are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged using reducing balance method at the rates specified in note 9.1 to the financial statements. Depreciation on additions is charged from the date when the asset is available for use and the depreciation ceases on the date of disposal.

Residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each financial year end.

An item of operating fixed assets is derecognised upon disposal or when no future economic benefit is expected from its use or disposal.

Maintenance and normal repairs are charged to income as and when incurred, whereas major renewals or replacement are capitalised.

Gain or loss on disposal of the operating fixed assets is recognised in the statement of profit and loss account in the year of disposal.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the items will flow to the Company and the cost of the item can be measured reliably.

8.1.2 Capital work in progress

Capital work in progress is stated at cost less impairment losses, if any and consist of capital expenditure incurred and advances made in course of capital work in progress. Trasfers are made to relevant asset category as and when assets are available for intended use.

8.2 Right-of-use assets

At the commencement date of the lease, the right-of-use asset is initially measured at the present value of lease liability. Subsequently, right-of-use assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term as mentioned in note 9.2.

8.3 Intangible assets

These are stated at cost less accumulated amortisation and any provision for impairment loss. Amortisation on intangible assets is charged applying the reducing balance method except for ERP which is straight line method, at the rates specified in note 10 to the financial statements after taking into account residual value, if any

Amortisation is calculated from the date when the assets are available for use, whereby the cost of the intangible asset is amortised over its estimated useful life over which economic benefits are expected to flow to the Company. The useful life, residual value and amortisation method is reviewed, and adjusted if appropriate, at each financial year.

8.4 Investments

It includes investments in equity securities (shares and mutual funds), in debt securities (sukuks) and in term deposits.

8.4.1 Classification

Investments with fixed or determinable payments and fixed maturity, where the Company has positive intent and ability to hold to maturity, are classified as held to maturity. Investments which are intended to be held for an indefinite period but may be sold in response to the need for liquidity or change in mark-up / interest rates are classified as available for sale. Investments which are acquired with the intention to trade by taking advantage of short term market / interest rate movements are considered as held for trading.

8.4.2 Investment categories and subsequent measurement

Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the trade date. Trade date is the date on which the Company commits to purchase or sell the investment.

Initial recognition

All investments are initially recognised at cost being the fair value of the consideration given and include transaction costs, except for held for trading investments in which case transaction costs are charged to statement of profit or loss account.

Subsequent measurement

Held to maturity

Subsequently, these are measured at amortised cost less provision for impairment, if any. Any premium paid or discount availed on acquisition of held to maturity investment is amortised uniformly over the date of acquisition and date of maturity.

Available for sale

Subsequently, these are measured at fair value. Any unrealised gain or loss arising on re-measurement of available-forsale investments are taken to revaluation reserve through statement of other comprehensive income. On de-recognition or impairment of available-for-sale investments, the cumulative gains or losses previously reported in revaluation reserves are reclassified to statement of profit or loss account for the year.

Held for trading

Subsequently, these are measured at fair value. Any unrealised gain or loss arising on re-measurement of held-for-trading investments are taken directly to statement of profit or loss account.

Fair / market value measurement

For investment in sukuks, fair / market value is determined by reference to quotations obtained from brokers. The fair / market value of mutual fund units is determined as per the Net Asset Values (NAV) announced by the Mutual Funds Association of Pakistan (MUFAP). The fair value of listed equities are determined by reference to quoted market prices of Pakistan Stock Exchange (PSX).

Impairment

Impairment loss in respect of investments categorised as available-for-sale is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. When such impairment arises, the cumulative loss that has been recognised directly in equity is transferred to statement of profit and loss account. For listed securities, a significant or prolonged decline in fair value below cost is also considered to be an objective evidence of impairment.

8.5 Qard-e-Hasna

Qard-e-Hasna is provided by SHF to PTF, if there is deficit in admissible assets of PTF over its liabilities. SHF is allowed to recover this qard without charging profit in the event of surplus of admissible assets over liabilities in PTF.

8.6 Cash and cash equivalents

For the purpose of statement of cas hflows, cash and cash equivalents comprises of cash, stamps in hand and cash at bank.

B.7 Leases

8.7.1 The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee - The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Lease liabilities - At the commencement date of the lease, the Company recognises lease liability measured at the present value of the consideration (lease payments) to be made over the lease term and is adjusted for lease prepayments. The lease payments are discounted using the interest rate implicit in the lease, unless it is not readily determinable, in which case the lease may use the incremental rate of borrowing. After the commencement date, the carrying amount of lease liability is increased to reflect the accretion of interest and reduced for the lease payments made.

8.7.2 Determination of the lease term for lease contracts with renewal and termination options

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g. construction of significant leasehold improvements or significant customisation of the leased asset).

8.7.3 Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific adjustments (such as stand-alone credit rating, or to reflect the terms and conditions of the lease).

8.8 Takaful contracts

In all takaful models, the takaful contracts so agreed inspire concept of Tabarru' (to donate for benefit of others) and mutual sharing of losses with the overall objective of eliminating the element of uncertainty, and the model adopted by the company is Wakala Waqf model.

Contracts under which the Participants' Takaful Fund (PTF) accepts significant Takaful risk from another party (the policyholder) by agreeing to compensate the policyholder if a specified uncertain future event (the takaful event) adversely affects the policyholder are classified as takaful contracts. Takaful risk is significant if a takaful event could cause the PTF to pay significant benefits due to the happening of the takaful event compared to its non happening. Once a contract has been classified as a takaful contract, it remains a takaful contract for the remainder of its period of takaful, even if the takaful risk reduces significantly during this period, unless all rights and obligations are extinguished or expired.

The non-life takaful contracts are underwritten in PTF, that can be categorised into Fire and Property, Marine, Aviation and Transport, Motor and Miscellaneous contracts. Contracts may be concluded for a fixed term of one year, and in some cases for less than one year or for more than one year. However, most of the contracts are for twelve months duration. Takaful contracts entered into by the PTF under which the contract holder is another takaful operator (inward re-takaful of a facultative nature) are included within the individual category of takaful contracts, other than those which fall under the Treaty. Takaful contracts issued by PTF do not include investment contracts or Discretionary Participation Features.

Fire and property takaful provides coverage against damages suffered to property caused by fire, riot and strike, explosion, earthquake, atmospheric damage, flood, electric fluctuation and other related perils. Customers who undertake commercial activities on their premises could also receive compensation for the loss of earnings caused by the inability to use the covered properties in their business activities (business interruption cover).

Marine, aviation and transport takeful provides coverage against cargo risk, terminals, damages occurred in between the points of origin and final destination and other related perils.

Motor takaful provides comprehensive car coverage, indemnity against third party loss and other related covers.

Accident and health takaful contract mainly compensates hospitalisation and in-patient medical coverage.

Miscellaneous takaful provides cover against all other risk like burglary, loss of cash in safe and cash in transit, engineering losses, travel, health, crop, live stock, professional indemnity, workers compensation and other coverage.

8.9 Contributions

Contributions including administrative surcharge received / receivable under a takaful policy are recognised as written from date of attachment of risk to the policy / cover note. Where contributions for a policy are payable in installments, full contribution for the duration of policy is recognised as written from date of attachment of risk to the policy. Contributions are stated gross of commission or wakala payable to intermediaries and exclusive of taxes and duties levied on contributions. For contribution earned, contribution written after deducting wakala and admin surcharge is spread over the period of takaful contract and earned contribution amount is calculated according to the ratio of the expired period of the policy and the total period, both measured to the nearest day. Administrative surcharge and wakala is recognised on upfront basis.

Contribution Receivables (contribution due but unpaid) represents the amount due from participants on account of takaful contracts. These are recognised at cost, which is the fair value of the consideration to be received less provision for doubtful debts, if any. Provision for doubtful debts in contribution receivable is estimated on a systematic basis after analysing the receivables as per their ageing. Provision for impairment in contribution receivable is established when there is an objective evidence that company will not be able to collect all amounts due according to original terms of the takaful contracts.

Significant financial difficulties of the debtor, probability that debtor will enter financial reorganisation, and default of delinquency in payments is considered indicators that contribution receivable is doubtful. The provision for doubtful debts is charged to profit & loss for the year. When the contribution receivable is uncollectable, it is written-off against the provision. Wakala associated with provision for doubtful balances on contribution due but unpaid, is also set aside as provision for doubtful wakala balances.

8.10 Provision for unearned contribution

The unearned portion of contribution written net-off wakala and admin surcharge is set aside as a reserve and is recognised as a liability. This relates to the business in force at reporting date. Unearned contribution is calculated according to the ratio of the unexpired period of the policy and the total period, both measured to the nearest day.

8.11 Contribution deficiency reserve

According to the requirements of the insurance Rules 2017, a contribution deficiency reserve (liability adequacy) needs to be created for each class of business, where the unearned contribution and related income for any class of business is not adequate to meet the expected fliability (after re-takaful recovery) from claims, and other supplementary expenses expected to be incurred after the reporting date in respect of the unexpired policies in that class of business at the reporting date. Any deficiency is recognised by establising a provision for contribution deficiency to meet the deficit. Movement in the reserve is to be charged to the statement of profit and loss account of Participants' Takaful Fund. Judgment is used in assessing the extent to which past trends may not apply in future or the effects of one-off significant claims which are not expected to recur.

For this purpose, loss ratios for each class are estimated based on historical claim development, and the expected future liability is estimated with reference to the experience during the expired periods of contracts, adjusted for one-off & significant individual losses. The expected net-off re-takaful claim ratios against net contrinution earned gross up of wakala for the unexpired periods of policies in force at reporting date for each class of business is disclosed in note 40.7.

8.12 Deferred commission expense

Commission expense incurred in obtaining and recording takaful business are deferred and recognised as an expense in accordance with the pattern of recognition of contribution revenue.

8.13 Claims

Claims expense include all claims incurred during the year, whether reported or not, based on estimated liability for compensation under takaful contract, related claim handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years.

8.14 Provision for outstanding claims

PTF maintains provision in respect of outstanding claims against losses incurred up to the reporting date which is measured at the undiscounted value of expected future claim settlement cost. The claims are considered to be incurred at the time of the incident giving, rise to the claim except as otherwise expressly indicated in a takaful contract. The provision for outstanding claims also includes amounts in relation to claims reported but not settled and claims incurred but not reported (IBNR). For health class, provision for outstanding claim, IBNR, unearned contribution and contribution deficiency are based on advice of actuary.

- Provision for claims reported but not settled

Provision for liability in respect of claims reported but not settled at the reporting date is made on the basis of individual case estimates. The case estimates are based on the assessed amounts of individual losses and where loss assessments have not been carried out, the estimates are established in light of currently available information, past experience of similar claims and in some cases in relation to the sums insured. Case estimates are reviewed periodically to ensure that the recognised outstanding claim amounts are adequate to cover expected future payments including expected claims settlement costs and are updated as and when new information becomes available.

- Provision for claims incurred but not reported (IBNR)

The provision for claims incurred but not reported (IBNR) is estimated annually at the reporting date. Estimation may be effected by past reporting trends, expected future pattern of reporting of claims and the claims actually reported subsequent to the reporting date. In accordance with the SECP Circular no. 9 of 2016, the Company has changed its method of estimation of IBNR. IBNR claim have been estimated using Chain Ladder (CL) methodology. The Chain Ladder (CL) method involves determination of development factors or link ratios for each period. These are then subsequently combined to determine Cumulative Development Factor (CDF) which represents the expected extent of future development of claims to reach their ultimate level.

8.15 Re-takaful contracts

Re-takaful contract are classified as contracts entered into by the PTF with re-takaful operators under which the PTF cedes takaful risk assumed during the normal course of business for the purpose of limiting its net loss potential through the diversification of its risks, and accordingly the PTF is compensated for losses on takaful contracts issued by it. Assets, liabilities and income and expense arising from ceded retakaful contracts are presented separately from the assets, liabilities, income and expense from the related takaful contracts because the re-takaful arrangements do not relieve the PTF from its direct obligations to its policyholders. These re-takaful contracts include both facultative and treaty arrangements contracts and are classified in same categories of takaful contracts for the purpose of these financial statements.

8.16 Prepaid re-takaful

Re-takaful contribution ceded is recognised as expense evenly in the period of indemnity of policy to which it relates. The portion of re-takaful contribution not recognised as an expense is shown as a prepayment.

8.17 Rebate from re-takaful

At the time of re-takaful contribution ceding, rebate from re-takaful operators under the terms of re-takaful arrangements is recognised when the PTF's right to receive the same is established. Rebate commission from re-takaful is deferred and recognised as an income in accordance with the pattern of recognition of re-takaful contribution ceded to which it relates.

8.18 Re-takaful recoveries against outstanding claims

Re-takaful recoveries are estimated in a manner consistent with the outstanding claims provision and are in accordance with the re-takaful contracts. Receivable against claims from the re-takaful operators are recognised as an asset at the same time as the claims which gives rise to the right of recovery are recognised as a liability and are measured at the amount expected to be recovered.

8.19 Receivable and payables related to takaful contracts

Amounts due to / from other takaful and re-takaful operators are recognised when due at cost less provision for impairment, if any. Cost represents the fair value of the consideration to be received / paid in the future for services rendered. Re-takaful assets or liabilities are derecognised when the contractual rights are extinguished or expired.

Receivable and payable related to takaful contracts pertains to customers, agents, brokers, other takaful operators, and retakaful operators. Retakaful assets primarily represent re-takaful recoveries against claims and rebate commission, and retakaful liabilities primarily represent retakaful contribution ceded. Amount due to and due from other takaful operators is primarily on account of co-takaful business, whereby receivable and payable are recognised against claims, rebate commission, and contribution. Provision for doubtful balance in contribution receivable is estimated on a systematic basis after analysing the receivables as per their ageing.

An impairment review of re-takaful assets is performed at each reporting date. If there is objective evidence that the asset is impaired as a result of one or more events having negative effects, occured after the initial recognition, the Company reduces the carrying amount of the reinsurance asset to its recoverable amount and recognises that impairment loss in the statement of profit and loss of Participants' Takaful Fund.

8.20 Takaful surplus

Takaful surplus attributable to the participants is assessed after charging all direct cost, setting aside various provisions, reserves, charity, qard-e-hasna, and evaluating the assets and liabilities of PTF alongside need to retain the surplus to strengthen the PTF. Distribution of surplus to participants, if applicable, is made with the approval of the Operator and is recognised in the period in which it is approved.

8.21 Revenue recognition

Participant's takaful fund

- The revenue recognition of Contribution is given under note 8.9.
- The revenue recognition of Rebate from re-takaful operators is given under note 8.17.

Shareholder's fund

- The Takaful operator (SHF) manages the general takaful operations for the participants' takaful fund (PTF). Wakala
 fee is charged from PTF as a percentage of the gross contribution written net of administrative surcharge at the time
 of issuance of policy. It is amortised over the takaful contract terms in accordance with the pattern of takaful
 contribution earned. Administrative surcharge is recognised on upfront basis.
- The Takaful operator (SHF) also manages the PTF's bank balances and investments as Modarib. Modarib fee is charged as percentage on aggregate of income on bank balances and investment income earned by the PTF. It is recognised on the same basis on which related revenue is recognised.

Participants' takaful fund and Shareholders' fund

- Profit on sukuks and bank deposits are recognised on accrual basis.
- Administrative income are recognised on accural basis.
- Dividend income and entitlement of bonus shares is recognised when the right to receive such dividend or bonus shares is established.
- Gain / loss on re-measurement of available-for-sale investments are recognised in the statement of comprehensive income whereas gain / loss on sale of available-for-sale investments are recognised in the statement of profit or loss in the year of disposal.

8.22 Expenses

Participants' takaful fund

 Direct expenses allocated to PTF represents directly attributable expenses and these are allocated to various classes of business on the basis of gross contribution written during the year. Expenses not directly allocable to PTF are charged to SHF.

Shareholders' fund

Expenses not directly allocable to PTF are charged to SHF. Allocation between management expenses and other
expenses are performed by management as deemed equitable. For segment reporting, management expenses are
allocated to class of business on the basis of gross contribution written during the year.

8.23 Operating segment

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expense that relate to transaction with any of the Company's other component. The Company accounts for segment reporting using the classes of business as specified under the Insurance Ordinance, 2000 and Insurance Rules, 2017.

The Company's operating businesses are recognised and managed separately according to the nature of services provided with each segment representing a strategic business unit that serves different market needs. All the company's business segment operate in Pakistan only. The Company has four primary business segments for reporting purposes namely fire & property, marine, avaiation & transport, motor and miscellaneous. The nature and business activities of these segments are disclosed in note 8.8.

Assets, liabilities and capital expenditures that are directly attributable to segments have been assigned to them while the carrying amount of certain assets used jointly by two or more segments have been allocated to segments on a reasonable basis. Those assets and liabilities, which can not be allocated to a particular segment on a reasonable basis, are aggregated as unallocated corporate assets and liabilities.

8.24 Impairment of non-financial assets

The carrying amounts of the non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Impairment losses are charged to profit and loss account of Shareholders' Fund.

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if there is objective evidence that one or more events have had a negative effect on the estimated future cash flows of that asset.

8.25 Financial instruments

Financial assets and financial liabilities other than those arising out of takaful contracts are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. At the time of initial recognition, financial assets and liabilities are measured at fair values which is the cost of consideration given or received for it. Financial assets are derecognised when the contractual right to future cash flows from the asset expires or is transferred along with the risk and reward of the asset. Financial liabilities are derecognised when obligation specified in the contract is discharged, cancelled or expired. Any gains or losses on derecognision of the financial assets and liabilities are recognised in the statement of profit and loss account of the current period.

Financial instruments include cash and bank balances, loans to employees, investments, contribution due but unpaid, amount due from other takaful / re-takaful operators, accrued investment income, re-takaful recoveries against outstanding claims, security deposits, other receivables, outstanding claim liabilities, amount due to other takaful / re-takaful, accrued expenses, agents balances, other creditors, and deposits.

8.26 Offsetting

A financial asset and financial liability is offset and the net amount is reported in the financial statements when the Company has a legally enforceable right to set-off the recognised amounts and it intends either to settle on the net basis or to realise the asset and settle the liability simultaneously.

8.27 Creditors, accruals and provisions

Liabilities for creditors and other amounts payable are carried at cost which is fair value of the consideration to be paid in future for goods and / or services received, whether or not billed to the Company.

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

8.28 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in the profit and loss account of Shareholders' Fund, except to the extent that it relates to items recognised directly in other comprehensive income or below equity, in which case it is recognised in other comprehensive income or below equity. For this purpose, the profit of shareholders' fund is taxed as part of total profit of the Company.

Current Provision for current taxation is based on taxability of certain income streams of the company under final tax regime at the applicable tax rates and the remaining income streams chargeable at current rate of taxation under the normal tax regime and / or minimum tax ligbility on turnover, whichever is applicable, after taking into account tax credits and rebates available. The charge for the current taxation also includes adjustments where considered necessary, relating to prior years which arise from assessments framed / finalised during the year or required by any other reason. Deferred Deferred tax is recognised using the reporting liability method, on all temporary differences arising at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that the future taxable profits will be available against which the assets may be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised. The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be recognised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the periods when the asset is utilised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. ljarah arrangements ljarah rentals are recognised as an expense on accrual basis as and when the rentals become due. Appropriations Appropriations of profit, if any, are recognised in the year in which these are approved. Staff retirement benefits 8.31.1 Defined contribution plan The Company operates an approved contributory provident fund for all its permanent employees. Contributions are made by both the Company and the employees to the fund at the rate of 10% of basic salary. Contribution made by the Company is recognised as an expense. 8.32 Foreign currency transaction and translation Foreign currency transactions are translated into Pak Rupees (functional currency) using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at the reporting date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account of Shareholders' Fund. Earnings per share The company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss of shareholders fund attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is calculated by adjusting the profit or loss of Shareholders fund attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of dilutive potential ordinary shares. Dividend and bonus shares Dividend to shareholders is recognised as liability in the period in which it is approved. Similarly, reserve for issue of bonus shares is recognised in the year in which such issue is approved.

21. CONTINGENCIES AND COMMITMENTS

21.1 The Assistant Commissioner, Sindh Revenue Board (SRB) issued a show cause notice (SCN) in 2022, whereby intending to recover Sindh Sales Tax (SST) of Rs. 262,407,049 on the entire General Takaful Contribution and input adjustments for the years 2014 and 2015. The company, on the ground that it has already discharged its liability on Sindh related contribution collected, has challenged the SCN before the Sindh High Court where the case is pending adjudication.

Further, SRB did not extend the exemption on health insurance which was available till June 30, 2023, hence making it taxable with effect from July 01, 2023 at the full rate of 13%. The company with other 7 health insurance/taxaful providers challenged the levy of Sindh Sales Tax on Health Insurance/taxaful in Hon'ble Sindh High Court (SHC).

- 21.2 The Assistant Commissioner, Sindh Revenue Board (SRB) issued a (SCN) dated June 30, 2020, for the short payment of Sindh Sales Tax (SST) of Rs. 57,556,406 on takaful premium and rebate from re-takaul operator in FY 2012 and 2013. The company has challenged the SCN being time barred before Sindh High Court (SHC), however SHC has dismissed the case further the company has challenged the SCN before the Higher Appellate Forum where the case is pending adjudication.
- 21.3 The Assistant Commissioner (AC) of the Sindh Revenue Board (SRB) issued an Order-in-Original in 2018 charging Sindh Sales Tax amounting to Rs. 34,781,597 on Re-takaful services procured from foreign Re-takaful operators for the period from July 2011 to May 2015. The company filed an appeal with the Commissioner (Appeals), SRB, who upheld the Original Order of AC. Subsequently, the Company preferred an appeal before the Appellate Tribunal, SRB, where the contention of the company was accepted and it was allowed to claim input tax adjustment on the foreign Re-Takaful contributions simultaneously declaring output tax in the monthly Sindh Sales Tax returns. The company, on the advice of its legal counsel, also filed a reference application before the Sindh High Court, which remains pending adjudication.
- 21.4 Commitments under ijarah arrangements and the year in which these payments will become due are:

40. TAKAFUL RISK MANAGEMENT

40.1 Takaful risk

The Participants' Takaful Fund (PTF) issues general takaful contracts which can be classified in following segments:

- Fire and property;
- Marine, aviation and transport;
- Motor;
- Health; and
- Miscellaneous.

The risk under any takaful contract is the possibility of occurrence of takaful event and there is an uncertainty of the amount of claim resulting from occurrence of the event. PTF also faces a risk under takaful contracts that the actual claims payments or timing thereof differs from expectations. This is influenced by frequency of claims, severity of claims, actual claim paid, litigation and subsequent adverse development of long-term claims. In general takaful contracts, the most significant risks arise from climate changes, natural disasters, terrorism and other catastrophes. By the vary nature of a takaful contract, this risk is random and therefore unpredictable. The objective is to ensure that sufficient reserves are available to cover these liabilities.

The Board recognises the critical importance of having efficient and effective risk management systems in place. For this, underwriting, claim, re-takaful, cotakaful, and risk management and compliance committees are formed to monitor the core business activities. This is further supplemented with a clear organisational structure which has delegated authorities and responsibilities from the Board to executive management. The Audit Committee is assisted in its oversight role by an Internal Audit function. Internal Audit undertakes review of risk management controls and procedures, the results of which are reported to the Audit Committee.

The PTF manages these risks through its underwriting strategy, adequate re-takaful arrangements and proactive claims handling. The underwriting strategy aims to minimise takaful risks with a balanced mix and spread of business classes and by observing underwriting guidelines and limits. Factors that aggravate takaful risk include lack of risk diversification in terms of type and amount of risk, geographical location and type of industry covered. The PTF underwrites mainly property, motor, marine cargo and transportation, health and other miscellaneous business. These classes of takaful are generally regarded as short- term takaful contracts where claims are normally intimated and settled within a short time span, usually one year. This helps to mitigate insurance risk.

mher 14 Dec

The Participants' Takaful Fund (PTF) risk exposure is mitigated by employing a comprehensive framework to identify, assess, manage, diversify, and monitoring of risk. PTF has limited its exposure by imposing limits to the maximum risk exposure in a single takaful contract in each class of business and also by limiting maximum risk exposure for particular segment / industry. This framework includes implementation of underwriting strategies which aim to ensure the careful selection of takaful contracts and the diversification in terms of portfolio, type and amount of the risk. Underwriting limits are in place to enforce appropriate risk selection criteria. For example, the Company has the right not to renew individual policies, it can impose deductibles and it has the right to reject the payment of a fraudulent claim. For large risks, particularly in property segment of business, risk inspections are carried out before accepting the risks. Similarly, in case of large risks, annual renewals are also preceded by on-site surveys. Where needed, risk mitigation measures are identified and communicated to the clients to improve the risk to an acceptable level. Adequate re-takaful is arranged to mitigate the effect of the potential loss from individual and large or catastrophic events covered under takaful contracts.

Re-takaful arrangements in place include facultative and treaty arrangements, on proportional and non-proportional basis and also include catastrophe & terrorism cover. The effect of such re-takaful arrangements is that the Company may not suffer ultimate net takaful losses beyond the Company's risk appetite in any one year. The Company's arrangement of re-takaful is diversified such that it is neither dependent on a single retakaful operator nor the operations of the Company are substantially dependent upon any single re-takaful contract. The Company obtains re-takaful cover from companies with good financial health. Further, in order to reduce the risk exposure of the PTF, the Company adopts proactive claim handling procedures and strict claim review policies including active management and prompt pursuing of the claims, periodic detailed review of claim handling procedures and frequent investigation of possible false claims.

The company amortises the re-takaful ceded and rebate as disclosed in respective statements and notes. However, the gross result of re-takaful buying is summarised as follows:

	2024	2023
	(Rup	pees)
Gross re-takaful ceded	(323,919,959)	(282,564,394)
Re-takaful recovery in claims	146,973,107	75,836,045
Gross rebate on ceding	77,823,085	62,673,467
Gross loss	(99,123,767)	(144,054,882)

40.2 Concentration of takaful risk

Concentration of risk may arise from a significant single takaful risk coverage of a particular participant within a same geographical location or may arise from multiple risk covered in same geographical locations or may also arise from multiple risk coverage of significant amount pertaining to same industry. In order to minimize the financial exposure arising from large claims, the Company, in the normal course of business, enters into agreement with other re-takaful operators, who are dispersed over several geographical regions.

The Company also monitors concentration of risk by evaluating multiple risks covered in the same geographical location. For fire and property risk, a particular building and neighboring buildings, which could be affected by a single claim incident may create concentration due to single location. For earthquake risk, a complete city may be classified as a single location. Similarly, for marine risk, multiple risks covered in a single vessel voyage may be considered as a single risk while assessing concentration of risk. The Company evaluates the concentration of exposures to individual and cumulative takaful risks and establishes its re-takaful cover to reduce such exposures to levels acceptable to the

The table below sets out the concentration and severity of the outstanding claims liabilities (in percentage terms) by class of business at reporting date:

	20	24	20	23
	Gross claim liability	Net claim liability	Gross claim liability (%	Net claim liability
Class	1.100.000.000.000.000.000	***************************************		*
ire and property	48	15.2	62	22.9
Marine	18	15.8	9	4.8
Motor	25	53.7	16	41.1
fealth	5	12.6	8	24.2
fiscellaneous		2.7	6	6.9
	100	100	100	100

40.3 Frequency and severity of claims

Political, environmental, economical and climatic changes give rise to more frequent and severe extreme events (for example, fire, theft, steal, riot, violence, strike, explosion, earthquake, atmospheric damage, hurricanes / cyclone, typhoons, river flooding, electric fluctuation, terrorism, war risk, damages occurring in inland transit, burglary, loss of cash in safe and cash in transit, travel and personal accident, money losses, engineering losses and other events) and their consequences (for example, subsidence claims). The tables in above para prescribe severity and concentration with respect to class of business and the Company risk management measures have also been described above.

Takaful contracts which is divided into direct and facultative arrangements are further subdivided into segments; fire and property, marine, aviation and transport, motor and miscellaneous. The takaful risk arising from these contracts is concentrated in the territories in which the Company operates, and there is a balance between commercial and personal properties / assets in the overall portfolio of covered properties / assets. The Company underwrites takaful contracts in Pakistan.

The PTF's class wise major risk exposure within a single policy is as follows:

	D	ecember 31, 2024	1		December 31, 202	23
	Maximum Gross Risk Exposure	Maximum Re- takaful Cover	Highest Net Risk Retention	Maximum Gross Risk Exposure	Maximum Re- takaful Cover	Highest Net Risk Retention
	***************************************	(Rupeos)		311111111	(Rupees)	**********
Class						
Fire and property	1,000,000,000	970,000,000	30,000,000	797,125,310	772,125,310	25,000,000
Marine	638,134,746	629,134,746	9,000,000	330,000,000	321,000,000	9,000,000
Motor	45,000,000	43,000,000	2,000,000	25,000,000	23,500,000	1,500,000
Miscellaneous	60,548,024	56,915,143	3,632,881	219,800,000	208,810,000	10,990,000

The Company manages these risks through its underwriting strategy, adequate re-takaful arrangements and proactive claims handling. The underwriting strategy attempts to ensure that the underwritten risks are well diversified in terms of type and amount of risk, industry and geography. The Company has the right to re-price the risk on renewal, it also has the ability to impose deductibles and reject fraudulent claims. Takaful contracts also entitle the Company to pursue third parties for payment of some or all costs (for example, subrogation). The claims payments are limited to the extent of sum covered on occurrence of the covered event.

The Company has entered into re-takaful cover / arrangements, with foreign re-takaful operators having good credit rating by reputable rating agencies, to reduce its exposure to risks and resulting claims. Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and non-proportional treaty and facultative re-takaful arrangements are in place to protect the net account in case of a major catastrophe. The effect of such re-takaful arrangements is that the Company recovers the share of claims from re-takaful companies thereby reducing its exposure to risk. Apart from the adequate event limit which is as per the treaty capacity or the primary recovery from the proportional re-takaful arrangements, any loss over and above the said limit would be recovered under non-proportional treaty and facultative re-takaful which is very much in line with the risk management philosophy of the Company.

The Company has a claims department dealing with the mitigation of risks surrounding claims incurred whether reported or not. This department examines and settles all claims based on survey report / assessment. The unsettled claims are reviewed individually and adjusted to reflect the latest information on the underlying facts, contractual terms and conditions, and other factors. The Company manages and pursues early settlements of claims to reduce its exposure to unpredictable developments.

40.4 Sources of uncertainty in the estimation of future claims payment

The key source of estimation uncertainty at the reporting date relates to valuation of outstanding claims, whether reported or not, and includes expected claims settlement costs. Considerable judgment by management is required in the estimation of amounts due to policyholders arising from claims made under takaful contracts. Such estimates are necessarily based on assumptions about several factors involving varying and possibly significant degrees of judgment and uncertainty and actual results may differ from management's estimates resulting in future changes in estimated liabilities. Qualitative judgments are used to assess the extent to which past trends may not apply in the future, for example one-off occurrence, changes in market factors such as public attitude to claiming and economic conditions. Judgment is further used to assess the extent to which external factors such as judicial decisions and government legislation affect the estimates. In particular, estimates have to be made for the expected ultimate cost of claims reported and claims incurred but not enough reported (IBNR) at the reporting date, and for the expected ultimate cost of claims incurred but not reported (IBNR) at the reporting date.

Liability in respect of outstanding claims is based on the best estimate of the claims intimated. In calculating the estimated cost of unpaid claims (both reported and not), the Company's estimation techniques are based on management professional judgements, preliminary survey assessments, loss-ratio-based estimates and information of claims with similar characteristics related to previous periods. Reported claims and development of large losses / catastrophes and disputed claims are analyzed separately. The shorter settlement period for claims allows the Company to achieve a higher degree of certainty about the estimated cost of claims including IBNR. However, the longer time needed to assess the emergence of a subsidence claim makes the estimation process more uncertain for these claims. The estimated cost of claims includes direct expenses to be incurred in settling claims, net of the expected subrogation value, re-takaful and other recoveries. The Company takes all reasonable steps to ensure that it has appropriate information regarding its claims exposures. However, given the uncertainty in establishing claims provisions, it is likely that the final outcome may be different from the original liability established. The liability comprises amount in relations to unpaid reported claims, claims incurred but not reported (IBNR), expected claims settlement costs and a provision for unexpired risks at the end of the reporting period.

40.5 Process used to decide on assumptions

The risks associated with takaful contracts are complex and subject to a number of variables that complicate quantitative sensitivity analysis. This risk exposure is geographically concentrated in Pakistan only. The Company uses assumptions based on a mixture of internal and market data to measure its related claims liabilities, internal data is derived mostly from the Company's claims reports, surveyor's report for particular claim and screening of the actual takaful contracts carried out to derive data for the contracts held.

The principal assumptions underlying the liability estimation of IBNR and deficiency reserve is that the PTF's future claim developments will follow current pattern for occurrence and reporting. This includes assumptions in respect of loss ratio, expense of claim settlement and provision for IBNR. The management uses judgements to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgements includes external factor for example treatment of one off claim, changes in market factor and economic condition. The internal factor such as portfolio mix, policy conditions and claim handling procedure are also considered in this regard. However, uncertainty prevails with estimated deficiency reserve, claim liability including IBNR and it is likely that final settlement of these liabilities may be different from initial recognized amount. As the PTF enters into short term takaful contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. The Company does not assume significant change in assumptions for the takaful contracts. For health class, provision for outstanding claim, IBNR, unearned contribution and contribution deficiency are based on advice of actuary.

The expected net claim (to net contribution gross up of wakala) ratio, for unexpired period of policy at reporting date for each class of business is as follows:

	December 31,	December 31,
	2024	2023
Class	(*	%)
Fire and property	18	3
Marine	53	5
Motor	41	45
Miscellaneous	3	1

40.6 Sensitivity analysis

The analysis of risk exposure, concentration and severity of outstanding claim liability described in supra paras is also used to test the sensitivity of the selected assumptions to changes in the key underlying factors. Assumptions of different levels have been used to assess the relative severity of subsidence claims given past experience. The key material factor in the Company's exposure to subsidence claims is the risk of more permanent changes in geographical location in which Company is exposed.

The risks associated with the takaful contracts are complex and subject to a number of variables which complicate quantitative sensitivity analysis. The Company considers that the liability for takaful claims recognised in the statement of financial position is adequate. However, these amounts are not certain and actual payments may differ from the claims liabilities provided in the financial statements.

The estimated results of sensitivity testing, assuming 10% change in the gross outstanding claim liability as at balance sheet date, on gross underwriting results is set out below:

Effect on Underwriting Results

10% increase in gross outstanding claims liability

10% decrease in gross outstanding claims liability

December 31, December 31, 2024 2023 ------(Rupees)

50,980,788 58,724,246

(50,980,788) (58,724,246)

40.7 Claim development table - 2024

The Company maintains adequate reserves in respect of its takaful business in order to protect against adverse future claims experience and developments. The uncertainties about the amount and timing of claim payments are normally resolved within one year. Claims which involve litigation and, in the case of marine, general average adjustments take longer for the final amounts to be determined which may exceed one year. All amounts are presented in gross numbers before re-takaful.

The following table shows the development of gross claims over a period of time. The disclosure goes back to the period when the outstanding claim arose for which there was uncertainty about the amount and timing of the claims payments.

40.8 Re-takaful risk

In order to minimise the financial exposure arising from claims, the Company, in the normal course of business, enters into agreement with other parties for re-takaful purposes. Re-takaful ceded does not relieve the PTF from its obligation to takaful contract holders and as a result the PTF remains liable for the portion of outstanding claims covered under re-takaful to the extent that re-takaful company fails to meet the obligation under the re-takaful agreements.

The credit quality of amount due from other takaful and re-takaful including recovery from re-takaful against outstanding claims is presented in credit risk note 41.5.

41. FINANCIAL RISK MANAGEMENT

41.1 Financial risk

The Company has exposure to the following risks from its use of financial instruments:

- Liquidity risk
- Credit risk
- Market risk

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (comprising of currency risk, interest rate risk and other price risk). The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. The Board has overall responsibility for establishment and oversight of the Company's risk management framework. There are Board Committees and Management Committees for developing and monitoring the risk management policies.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

41.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. In respect of major loss event, there is also a liquidity risk associated with the timing differences between gross cash out flows and expected reinsurance recoveries. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. It includes measuring and monitoring the future cash flows on daily, monthly and quarterly basis. The diversified funding sources and assets of the Company are managed, maintaining a sufficient balance of cash and cash equivalents, readily marketable securities and financial assets that can be easily liquidated in the event of an unforeseen interruption to cash flows.

41.4 Price risk

Price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual security, or its issuer, or factors affecting all securities traded in the market. The Company manages its exposure to such risks by maintaining a diversified portfolio comprising of sukuk and Islamic mutual funds.

41.5 Credit risk and concentration of credit risk

Credit risk is the risk, which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss and investments. The Company is mainly exposed to credit risk on contribution due but unpaid, amount due from other takaful / re-takaful and bank balances. The Company attempts to control credit risk by monitoring credit exposures with counterparties and by continually assessing the credit worthiness of counterparties.

Concentration of credit risk arises when a number of counterparties have a similar type of business activities. As a result, any change in economic, political or other conditions would affect their ability to meet contractual obligations in similar manner. Due to the nature of financial assets, the Company believes it is not exposed to any major concentration of credit risk.

Exposure to credit risk

The Company structures the levels of credit risk it accepts by placing limits on its exposure to a single counter party, or groups of counterparties, and to geographical and industry segments. Such risks are subject to an annual or more frequent review. Limits on the level of credit risk in investments and bank deposits are approved by the Investment Committee.

Re-takaful is used to manage takaful risk. This does not, however, discharge the Company's liability as primary takaful operator. If a Re-takaful operator fails to pay a claim for any reason, the Company remains liable for the payment to the participant. The creditworthiness of re-takaful operators is considered on an annual basis by reviewing their financial strength.

Exposures to individual participants and groups of participants are collected within the ongoing monitoring of the controls associated with regulatory solvency. Where there exists significant exposure to individual participants, or homogenous groups of participants, a financial analysis is similar to that conducted for Re-takaful operators is carried out by the Company's risk department.

The carrying amount of financial assets represents the maximum credit exposure, as specified below:

	December 31, 2024	December 31, 2023
	(Ru	pees)
Financial assets		
Bank balances	286,254,401	492,587,322
Investments	981,041,638	637,799,333
Takaful / re-takaful receivable	281,847,782	250,378,801
Re-takaful recoveries against outstanding claims	324,808,973	402,634,528
Loans and other receivables	20,328,821	30,034,565
	1,894,281,615	1,813,434,549

The management monitors exposure to credit risk in contribution receivable from customers through regular review of credit exposure and prudent estimates of provisions for doubtful receivables. As at December 31, 2023, the takaful contribution receivable (net-off provision for doubtful debts) includes amount receivable within one year and above one year amounting to Rs. 274 million (2023: Rs. 241.7 million) and Rs. 7.8 million (2023: Rs. 8-6) respectively.

The credit quality of the Company's bank balances can be assessed with reference to external credit ratings as follows:

Rating	December 31, 2024	December 31, 2023
	(Ru	pees)
A1+	35,129,962	103,510,293
A1	2,975,972	18,860,987

	286,254,401	492,587,322

The credit quality of amounts due from other takaful / re-takaful and claim recoveries from re-takaful against outstanding claims can be assessed with reference to external credit ratings as follows:

		ecember 31, 202	24	December 31, 2023		
	Re-takaful recoveries against outstanding claims	Amount due from other takaful / re- takaful operators	Prepaid re- takaful	Re-takaful recoveries against outstanding claims	Amount due from other takaful / re- takaful operators	Prepaid re- takaful
	***************************************		(Ru	pees)		
Rating						
A or above	251,726,954		77,655,394	322,107,622		67,005,268
B+	73,082,019		22,545,115	80,526,906	÷	19,453,142
	324,808,973		100,200,509	402,634,528		86,458,410

As at December 31, 2024, the aaggregate of amounts due from other takaful / re-takaful, prepaid re-takaful and re-takaful recoveries against outstanding claims include amount receivable within one year and above one year amounting to Rs. 205 million (2023: Rs. 162 million) and Rs. 220 million (2023: Rs. 327 million) respectively.

41.6 Foreign exchange risk / currency risk

Currency risk is the risk that the value of a financial asset or liability will fluctuate due to changes in foreign currency rates. Foreign exchange risk arises mainly where receivables and payables exist due to transactions in foreign currencies. As the Company had no material assets or liabilities in foreign currencies at the year end, the Company is not materially exposed to foreign exchange risk.

41.7 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's operations, either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior. Operational risks arise from all of the Company's activities.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its objective of generating returns for stake holders.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. This responsibility encompasses the controls in the following areas:

- requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risk faced and the adequacy of controls and procedures to address the risk identified;
- ethical and business standards:
- risk mitigation, including takaful where this is effective.

Management ensures that the company's staff have adequate training and experience and fosters effective communication related to operational risk management.

41.8 Fair value of financial instruments

IFRS 13 defines fair value as an exit price. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

The fair values of all the financial instruments are estimated to be not significantly different from their carrying values except for available for sale investments whose fair values have been disclosed in note 11.1 to the financial statements.

Fair value hierarchy

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Assets which are not measured at fair values hierarchy are as follows:

				Dec	December 31, 2024			0

PAK-QATAR GENERAL TAKAFUL LIMITED NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE PERIOD ENDED SEPTEMBER 30, 2025

1. LEGAL STATUS AND NATURE OF BUSINESS

Pak-Qatar General Takaful Limited (the Company) was incorporated in Pakistan as an unquoted public company limited by shares on March 15, 2006 under the repealed Companies Ordinance, 1984, (now the Company Act, 2017). The Company received Certificate of Registration on August 16, 2007 under Section 6 of the Insurance Ordinance, 2000. The main activity of the Company is to undertake general takaful business. The Company operates with 08 (2023: 08) branches in Pakistan.

For the purpose of carrying on the takaful business, the Company has formed a Waqf for Participants' Equity. The Waqf namely Pak-Qatar General Takaful Limited Waqf [hereafter referred to as the Participant Takaful Fund (PTF)] was formed on August 17, 2007 under a trust deed executed by the Company with a cede money of Rs. 500,000. Waqf deed also governs the relationship of Shareholders' Fund (SHF) and participants of PTF for management of takaful operations and investment of funds approved by Shariah Advisor. The accounts of the Waqf are maintained by the Shareholders' Fund in a manner that the assets and liabilities of PTF remain separately identifiable. The financial statements of the Shareholders' Fund are prepared in such a manner that the financial position and results from the operations of PTF and the Shareholders' Fund are shown separately.

Following are the geographical location and addresses of all the business units of the Company:

2. BASIS OF PREPARATION

These condensed interim financial statements have been prepared in line with the requirement and format issued by the Securities and Exchange Commission of Pakistan (Commission) through Insurance Rules, 2017 (the Rules) vide SRO 89(I)/2017 dated 09 February 2017, and the General Takaful Accounting Regulations, 2019 (the Regulations) vide SRO 1416/(I)/2019 dated 20 November 2019. As required by the Takaful Rules, 2012 these financial statements reflect the financial position and results of operations of both SHF and PTF in a manner that the assets, liabilities, income and expenses of the SHF and the PTF remain separately identifiable.

3. STATEMENT OF COMPLIANCE

These interim condensed financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standard Board (IASB) as are notified under the Companies Act, 2017 (the Act), Insurance Accounting Regulations, 2017 and Takaful Rules, 2012.
- Provision of and directives issued under the Act and Insurance Ordinance, 2000, Insurance Rules, 2017, Takaful Rules, 2012, General Takaful Accounting Regulations 2019 and Insurance Accounting Regulations, 2017.
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountant of Pakistan (ICAP) as or notified under Companies Act, 2017.

Where the provisions of and directives issued under the Act, 2017 differ, the Insurance Ordinance, 2000, the Insurance Rules, 2017, the Insurance Accounting Regulations, 2017, General Takaful Accounting Regulations 2019 and the Takaful Rules, 2012 shall prevail.

These condensed interim financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements for the year ended December 31 2024.

4. BASIS OF MEASUREMENT

The condensed interim financial statements are prepared on format as prescribed by Insurance Accounting Regulations 2017, General Takaful Accounting Regulations 2019 except for the necessary modifications in the light of Takaful Rules 2012 and based on the advice of Shariah Advisor of the Company.

These condensed interim financial statements are prepared under historical cost convention, except as disclosed in accounting policies relating to financial instruments, investments, lease liabilities and insurance liabilities etc.

5. FUNCTIONAL AND PRESENTATION CURRENCY

These condensed interim financial statements have been presented in Pakistani Rupees, which is the Company's functional and presentation currency.

NEW OR AMENDMENTS / INTERPRETATIONS TO EXISTING STANDARDS, INTERPRETATION AND FORTHCOMING REQUIREMENTS

There are certain new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or do not have any significant effect on the Company and therefore not stated in these condensed interim financial statements

Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan that are not yet effective at period end.

There are various amendments to existing accounting and reporting standards that are not yet effective. These are not likely to have a material effect on the company's financial statements except for the following:

SECP vide its SRO 1715 dated 21 November 2023 directed the application of IFRS 17 for the period commencing from 1 January 2026. Subsequently, SECP through SRO 1336(I)/2025 dated 23 July 2025 has extended the applicability to 01 January 2027.

SECP through its S.R.O.506(I)/2024 has directed that the applicability period of optional temporary exemption from applying IFRS 9 Financial Instruments as given in para 20A of IFRS 4 Insurance Contracts is extended for annual periods beginning before 01 January 2026, subject to fulfilling the same conditions as are prescribed by para 20B of IFRS 4.

6.6.1. COMMENTARY ON SELECTED RATIOS

Participants' Fund

Participants Takaful Fund Performance:

In CY24, the surplus for the year amounted to PKR 47.3 million, which was a 17% year-on-year increase from the previous year. The surplus experienced an impressive increase in CY23 from PKR 3.6 million to PKR 40.6 million. This increase was due to an increase of 30% Year on Year in the net underwriting income and no

Modarib's Fee being charged on the aggregate of income on bank balances and investment income earned by the PTF (35% in CY22). The surplus for the year grew at a 3-year **CAGR of 29**%.

The investment income faced a slight decrease in CY23 (23%) but regained its momentum in the following year and began increasing. The decrease in the investment income was due to decrease in profits from bank placements (92%) and a decrease in the realized gain on equity securities (99%) due to increasing interest rates and investors shifting from equity investments to debt investments. The ratio improved in CY24 growing at a 3-year CAGR of 34%.

The expense ratio of the Participants' Takaful Fund has remained notably low, with the highest recorded level at **5.5%** and the current year standing at **1.8%**. This reflects strong operational efficiency and prudent cost management practices. A low expense ratio signifies that only a minimal portion of the earned contributions is being utilized for management and administrative expenses, allowing the Fund to allocate a larger share towards risk coverage and participant benefits. The sustained low level of this ratio indicates disciplined expense management and a consistent focus on operational sustainability.

Sufficient net premiums written to meet claims, coupled with timely settlement of benefits, reflect PQGTL's strong capacity and commitment toward fulfilling its obligations to participants. The Company has established Retakaful arrangements with a well-diversified panel of reputable regional and international operators, including Kuwait Re (rated A— by S&P), Saudi Re (rated A— by S&P), Oman Re (rated BBB— by Fitch), Arab Re (rated B— (Fair) by AM Best), Tunis Re (rated AA (TUN) by Fitch), Kenya Re (rated B by AM Best), and Pakistan Reinsurance Company Limited (PRCL) (rated AA by VIS). These partnerships ensure optimal risk diversification under both proportional and non-proportional treaties, thereby strengthening the Fund's underwriting capacity and resilience against large claims.

The ratio of liquid investments to total liabilities has remained strong, ranging between **1.5x** (CY22) and **2.2x** (CY24) during the review period. This indicates that for every rupee of liability, the Fund maintains more than adequate liquid assets, ensuring a comfortable cushion to meet its obligations as they fall due. A ratio above 1.0x reflects sound liquidity management, demonstrating that the Fund is well-positioned to honour participant claims and other liabilities without facing short-term funding pressures. The maintained level further suggests prudent asset allocation, balancing the need for liquidity with the pursuit of investment returns. Overall, this ratio highlights the Fund's robust financial flexibility and conservative approach toward liquidity risk.

Profitability - Shareholders' Fund (SHF)

The PAT of PQGTL grew by a CAGR of **52%** during the three years period ended December 31, 2024, with PAT in CY24 totaling up to PKR **113.8 Mn** (CY23: PKR 101.2 Mn). A substantial increase in PAT of 74% was experienced from CY22 to CY23, primarily as a result of Modarib's share received from PTF of PKR 23.5 Mn (CY 23: No share). The company's margins also improved, with PAT as a portion of total income rising to **21.2%** in CY24 (CY23: 20.7%).

Investment income also increased to PKR **118.8 Mn** (CY23: PKR 106.1 Mn), with investment yield rising from 9% to 21% in the period under review with **18.8%** in **CY24**. This is a key indicator highlighting improved investment performance and majority of this increase can be dedicated towards a 70% increase in the realized gain on the sale of equities from CY23 and an increase in profit from debt securities 25%.

Increased income and better cost control allowed PQGTL to record significant improvements in its bottom-line as highlighted above, thereby leading to a return on equity of **16.4%** and a return on assets of **10.2%** in **CY24**.

Financial Position and Solvency – Shareholders' Fund

PQGTL's cash and bank balance attributable to the SHF grew significantly in CY24 to PKR 184.84 Mn (CY23: PKR 232.56 Mn). The trickle-down effects of increased gross contributions and improved investment performance allowed the company to generate positive cash flows from its operating and investing activities. PQGTL's shareholders' equity balance grew to PKR 729.41 Mn in CY24 (CY23: 654.9 Mn) by virtue of higher unappropriated profits arising due to the company's improved profitability. These improvements clearly highlight how PQGTL maintains sufficient liquidity and capital balance to provide shareholders with sustainable returns.

6.11.4. Certificate of reasonableness of Financial Projections

The Chief Executive Pakistan Stock Excharige Limited Stock Exchange Building Stock Exchange Road Karachi

Chief Listing Officer Listing Department Pakistan Stock Exchange Limited Karachi

Subject: Certification of Reasonableness of Financial Projections as per Schedule 1 14(viii):(xli) of the Public Offering Regulations, 2017

Dear Sir(s),

We, Arif Habib Limited, acting as the Consultant to the Issue in connection with the proposed Initial Public Offering of Pak Qatar General Takaful Limited, hereby confirm that we have reviewed the financial projections for the five-year period ending CY2029 included in the draft Prospectus and submitted to the Exchange.

Based on our sector expertise, market research and discussions with the Company's management regarding the underlying assumptions, we certify that the financial projections have been prepared on reasonable grounds and assumptions. The key assumptions cover, inter alia, premium growth rate, underwriting margins, effective tax rate, and relevant macroeconomic factors, and are considered reasonable in light of the Company's historical performance, industry outlook, and the prevailing economic environment.

This certification is being provided in accordance with the Public Offering Regulation issued by the Securities and Exchange Commission of Pakistan (SECP).

Disclaimer:

The financial projections are subject to inherent uncertainties and are based on assumptions regarding future events and circumstances which may not occur as expected. Actual results may differ from those projected. This certification should not be construed as a guarantee of the attainment of the projected results. Please read the offering document/prospectus to understand the investment policies, risks and tax implication involved.

Yours Faithfully,

Farhan Rizvi Managing Director Investment Banking, Arif Habib Limited

6.12. REVALUATION OF ASSETS

The Company does not own any real estate property; therefore, no revaluation of property assets has been carried out.

However, investments are revalued on a periodic basis to reflect their fair market value. The methodology for determining fair value is as follows:

- 1. **Sukuk certificates:** Valued based on quotations obtained from brokers.
- 2. **Mutual fund units:** Valued at Net Asset Value (NAV) as announced by the Mutual Funds Association of Pakistan (MUFAP).

The details of the investments as of 31 December 2024 are as follows:

Investments Available-for-sale (AFS)	Cost	Impairment / provision	Revaluation surplus / (deficit)	Carrying Value			
		PKR					
Equity Securities (Mutual Fund Units)							
Shareholders' Fund	575,624,728	-	17,021,910	592,646,638			
Participants' Takaful Fund	-	-	-	-			
Total	575,624,728	-	17,021,910	592,646,638			
Debt Securities (Sukuk Certificates)							
Shareholders' Fund	200,002,500	-	1,297,500	201,300,000			
Participants' Takaful Fund	186,907,500	-	187,500	187,095,000			
Total	386,910,000	-	1,485,000	388,395,000			
GRAND TOTAL	962,534,728	-	18,506,910	981,041,638			

6.13. DIVIDEND POLICY

The Company aims to declare a cash dividend of PKR 1 per share in 2025. Thereafter, the Company intends to issue bonus shares to progressively meet the SECP's minimum paid-up capital requirements, subject to financial performance, liquidity, and requisite Board and shareholder approvals. Future-dividend declarations will be subject to various factors, including the Company's financial performance, availability of adequate liquidity, recommendations made by the Board of Directors, and approvals from shareholders, where applicable.

Each ordinary share carries equal rights with respect to dividends and bonus issues. The Company may declare dividends at its general meeting; however, no dividend shall exceed the amount recommended by the Board of Directors. The Board of Directors may from time to time declare interim dividends if considered justified by the Company's profitability. No dividend shall be paid otherwise than out of the profits of the Company for the year or any other undistributed profits.

Annual dividend, if declared, shall be paid according to the provisions of the Companies Act. Unpaid dividend shall not bear any interest or mark-up against the Company. The dividends shall be paid within the period laid down in the Companies Act.

In accordance with Section 242 of the Companies Act, 2017, any dividend payable in cash by a listed company shall be paid only through electronic mode directly into the bank account designated by the entitled shareholder. Accordingly, shareholders are required to provide their bank account details in the relevant section of the Share Subscription Form.

The table below describes the bonus shares to be issued in the projected years and the dividend payments made over the past three years, along with a prospective, non-binding expected dividend for the year 2026.

	2025	2026	2027	2028	2029	2030
	Expected	Expected	Expected	Expected	Expected	Expected
Bonus Share Issued		12%	11%	20%	0%	33%
PKR	2025	2026	2027	2028	2029	2030
	Expected	Expected	Expected	Expected	Expected	Expected
Dividend Per Share (DPS) - PKR	1.00	-	1	1	1	1

Covenants / Restriction on Payment of Dividends: There are no restrictions imposed on the Company by any regulatory authority, creditor, stakeholder, or any other party regarding the distribution or capitalization of its profits.

Eligibility for Dividend: The ordinary shares issued shall rank pari passu with the existing ordinary shares in all respects, including entitlement to any bonus issues, rights issues, and dividends declared by the Company after the date of issuance of such shares.

6.13 (B) DIVIDEND PAYOUT OF LISTED ASSOCIATED COMPANIES OVER WHICH THE ISSUER HAS CONTROL

Pak Qatar General Takaful Limited (PQGTL) does not have any listed associated company over which it exercises control, accordingly, there is no dividend payout history to disclose.

Pak-Qatar Family Takaful Limited (PQFTL) is in listing process and is considered an associate of PQGTL solely due to common directorship. The Company does not hold any equity interest in PQFTL and is therefore not entitled to receive any dividends from it.

7.2. NUMBER OF DIRECTORS

Pursuant to Section 154 of the Companies Act, 2017 a listed Company shall not have less than seven (7) directors. At present, the Board consists of 9 directors, excluding the Chief Executive Officer, who is not an elected director but a member of the management team.

7.3. PROFILE OF DIRECTORS

H. E. Sheikh Ali bin Abdullah Thani Jassim Al-Thani - Chairman Board of Directors:

A distinguished member of the Royal Family of Qatar, His Excellency Sheikh Ali Bin Abdullah Thani Jassim Al-Thani has been a steadfast supporter of Pakistan's progress and development. He has championed initiatives to attract foreign investment, foster workforce opportunities, and uplift communities, especially in education and healthcare.

Since 2007, Sheikh Ali has served as the visionary Chairman of Pak-Qatar General Takaful Limited, steering the Company's mission to redefine Islamic financial services with excellence and purpose.

Said Gul - Non-Executive Director:

A prominent Pakistani entrepreneur in Qatar, Mr. Said Gul is the driving force behind transformative initiatives that bridge the business communities of Pakistan and Qatar. As the Executive Director of Eurotec Projects Development for Oil & Gas, he has cultivated innovative solutions in international trade and consultancy. As a founding Director and key sponsor of the Pak-Qatar Group, Mr. Gul has been instrumental in shaping its modern success. His leadership has cemented the Group's reputation as a pioneer in Islamic finance since its inception in 2007.

Mr. Abdul Basit Ahmad Al-Shaibei - Non-Executive Director:

As the CEO of Qatar International Islamic Bank, Mr. Abdul Basit Ahmad Al-Shaibei has played a pivotal role in advancing Islamic banking on a global scale. He also serves as a Board Member of the Islamic Financial Securities Company, Doha, reflecting his deep expertise in Shariah-compliant financial solutions. Since 2007, Mr. Al-Shaibei has been an invaluable member of the Board of Pak-Qatar Family Takaful and General Takaful, bringing strategic insights to the Group's leadership.

Mr. Ali Ibrahim Al Abdul Ghani - Non-Executive Director:

A seasoned leader in Islamic finance, Mr. Ali Ibrahim Al Abdul Ghani is the CEO of Qatar Islamic Insurance Company. His career spans key roles in Qatar's Ministry of Labor and Social Affairs as Head of Finance & Administration and the Qatar Armed Forces as Head of Procurement. He contributes his vast expertise as a Board Member of Pak-Qatar Family Takaful and General Takaful, guiding its vision of halal financial investment and protection.

Mr. Zahid Hussain Awan - Non-Executive Director:

With over three decades of international banking experience, Mr. Zahid Hussain Awan has held leadership roles in the GCC, including at Qatar International Islamic Bank. His expertise spans treasury, product development, and banking innovation. Since 2007, Mr. Awan has been a cornerstone of the Board of Pak-Qatar Asset Management, Pak-Qatar Family Takaful and General Takaful, contributing his strategic acumen to the Group's sustained success.

Mr. Muhammad Kamran Saleem - Executive Director:

A seasoned professional with expertise as a Fellow Chartered Accountant, Fellow Cost Accountant, and Advocate (LLM), Mr. Muhammad Kamran Saleem has played a transformative role in corporate governance, long-term planning, and shaping the strategic direction of the Pak-Qatar Group over the span of two decades.

As a member on the Boards of Pak-Qatar Asset Management, Pak-Qatar Family Takaful and General Takaful, he has been a key architect in strengthening the group's leadership providing invaluable guidance to drive innovation and sustainable growth. He is also a Director at Pak Elektron Limited and Crescent Steel & Allied Products Limited, where he lends his expertise to enhance excellence and governance.

Mr. Zahid Haleem Shaikh - Independent Director:

Mr. Zahid Haleem Shaikh serves as Chief Executive Officer of Shafi Foods (Pvt.) Ltd. and Shafi Agro (Pvt) Ltd., and holds Directorships at Muhammad Shafi Tanneries (Pvt.) Ltd., Shafi Taxcel Ltd., Shafi Gluco Chem (Pvt.) Ltd. and Everfresh Farms (Pvt.) Ltd. His strategic oversight supports the group's vertically integrated model, driving sustained growth and value creation within the Shafi Group.

Mr. Zahid earned a Bachelor of Commerce from Scholars College, Punjab University in 1988 and a BSBA in Business Administration with a concentration in Finance (cum laude) from Boston University in 1992. With over two decades of leadership across agribusiness, food processing, manufacturing, and exports, he combines academic excellence with sector expertise.

Mr. Asad Pervaiz - Independent Director:

Mr. Asad Pervaiz held the pivotal role of Chief Actuary & Appointed Actuary at Friends Provident International, UAE (IFGL), where he was responsible for overseeing financial reporting, risk projection, and actuarial strategy. His expertise strengthens governance and insight across complex insurance portfolios. He holds a Bachelor of Commerce degree from the University of Karachi (2008), and is a Fellow of the Society of Actuaries, USA, as well as a Fellow of the Pakistan Society of Actuaries, both awarded in 2012. With more than a decade of professional experience in actuarial science and risk management, he brings a rare blend of international and local credentials to the board.

Ms. Ammara Shamim - Independent Director:

Ms. Ammara Shamim Gondal serves as a Director at Prissol (Pvt) Limited and Chief Financial Officer at Reem Rice Mills (Pvt) Limited, where she leads key financial functions including strategic planning, budgeting, financial reporting, and the development of robust internal control frameworks. With a strong track record in corporate governance and financial stewardship, Ms. Gondal brings valuable insight and accountability to the boardroom, strengthening investor confidence and supporting sustainable, long-term value creation across diversified operations.

She is a Chartered Accountant (ACA) and holds a Bachelor of Arts degree from the University of the Punjab. She brings over a decade of professional experience grounded in audit, analytics, and financial leadership, with recognition from the Institute of Chartered Accountants of Pakistan where she formerly chaired CASA-North.

7.4. PROFILE OF SENIOR MANAGEMENT

Saqib Zeeshan - Chief Executive Officer:

Mr. Saqib Zeeshan is a seasoned professional with over two decades of experience in Takaful, Insurance, and Health Services. He has a proven track record of driving growth and innovation across all lines of business.

Throughout his distinguished career, he has held senior positions at renowned organizations such as Pak-Qatar Family Takaful, Salaam Takaful, The Indus Health Network, American Life Insurance, Commercial Union Life Assurance Pakistan, and Allianz EFU Health Insurance Limited. In addition to his industry expertise, Mr. Zeeshan is a philanthropist and has been the Founding President of Team Karachi Welfare Society for nearly two decades.

He has also made significant contributions to the industry, serving as a member of the Executive Committee at The Insurance Association of Pakistan (IAP), member of Islamic Finance (Takaful & Banking) committees at FPCCI (Federation of Pakistan Chamber of Commerce and Industries) for multiple tenures. His academic credentials include an MBA (Marketing), M.A. in Economics, LLB, and a Post-Graduate Diploma in Takaful & Islamic Banking from Darul Uloom, Karachi.

Mr. Muhammad Kamran Saleem – Company Secretary

Mr. Muhammad Kamran Saleem, who also serves as the Executive Director of the Company. His detailed profile is provided under the Board of Directors section 7.3.

Mehmood Arshad - Executive Director Marketing

Mr. Mehmood Arshad has nearly two decades of experience in the Insurance and Takaful industry of Pakistan. He is Executive Director Marketing at Pak-Qatar General Takaful Limited. His core responsibilities include management of the entire Sales Team across the country and leading marketing initiatives. A thorough professional and a staunch advocate of Islamic Finance, Mr. Mehmood's expertise lies in marketing management, relationship building, strategy formulation and public speaking.

Mr. Mehmood has an MBA from Karachi University Business School and has been teaching Management and Marketing courses at prestigious universities for last several years. Besides this, he is on the board of various business forums and important socio-economic platforms where he is contributing to promoting Pakistan's economic interest domestically as well as in the international markets and developing strategic opportunities for business community and social sector of Pakistan.

Muhammad Raza – Chief Operating Officer

Muhammad Raza is a seasoned professional over two decades of rich experience and commendable achievements in the various areas of operations and in the Insurance & Takaful industry of Pakistan. He has worked at senior & executive-level positions in different companies including State Life Insurance Corporation, Sindh Insurance Limited and Habib Insurance Ltd.

After progressing through multiple senior-level management positions at various companies, his vision and passion for Islamic Finance inspired him to take the opportunity of joining Takaful industry and is presently heading the Operations department of Pak-Qatar General Takaful Limited.

Muhammad Raza has completed Associateship from Chartered Insurance Institute – UK (ACII) which is the prestigious International General Insurance qualification. He also holds PGD in Islamic Finance & Banking from PAF-KIET and has done other certifications which includes CITIP (Certificate of IT for Insurance Professionals) and CTP (Certified Takaful Professional).

Mr. Raza has been instrumental in designing efficient policies, overseeing customer service and implementing technological solutions, besides evaluating risk and ensuring compliance with regulations. He is a responsible leader with analytical skills and has in-depth knowledge of the business. He has proven himself as company's main adviser on all issues relating to operational functions and has implemented latest developments to ensure that the company maintains its competitive position in the industry and achieves long-term success.

Muhammad Saleem - Chief Financial Officer

Mr. Muhammad Saleem is associated with the company since 2007. He is a seasoned Accounting and Taxation professional and is currently serving as CFO. Mr. Saleem possesses over 3 decades of experience in the fields of Treasury, Financial Reporting, Budgeting, Taxation and Reinsurance, and previously has worked with reputable companies in responsible positions. Mr. Saleem holds a Bachelor of Commerce degree, along with Postgraduate Diplomas in Finance & Accounts and in Islamic Banking & Takaful.

Mufti Muhammad Shakir Siddiqui – Shari'ah Advisor

Mufti Muhammad Shakir Siddiqui serves as Sharia'ah Advisor for Pak-Qatar General Takaful Limited. He supervises Shariah Trainings, Shariah Compliance & Audits. Since joining the organization in 2007, he has been instrumental in developing and implementing comprehensive Shariah compliance and audit manuals, ensuring adherence to Islamic principles across all operations. Mufti Siddiqui holds the Takhassus Fil liftah and Almiyah, Fiqh (Islamic Jurisprudence) from esteemed Jamia Darul Uloom, Karachi, and has completed an M.A. in Arabic as well as an M.Phil. leading to a Ph.D. in Islamic Learning from the University of Karachi. His areas of

specialization include Islamic Finance, Islamic Jurisprudence, Takaful, Islamic Risk Management, Shariah Audit & Compliance, Waqf Management, and Islamic Business Ethics.

In addition to his role at Pak-Qatar, Mufti Siddiqui is a respected Shariah advisor and consultant, serving on the Standing Committee on Takaful & Window Takaful at the Federation of Pakistan Chambers of Commerce and Industry (FPCCI). He is also a visiting faculty member at several leading institutions in Karachi, including the Institute of Business Administration's Centre for Excellence in Islamic Finance (IBA-CEIF), where he imparts knowledge on Islamic finance and Takaful. His commitment to promoting ethical financial practices and his extensive experience make him a pivotal figure in the Islamic finance sector.

Muhammad Danish Raza - Head of Internal Audit

Mr. Danish Raza is the Head of Internal Audit at Pak-Qatar General Takaful Limited, bringing over a decade of extensive experience in Internal Audit. Prior to joining Pak-Qatar, he served as Senior Manager Internal Audit at Mega & Forbes Group of Companies, where he played a key role in strengthening governance frameworks and ensuring regulatory compliance. He also held a senior audit position at Grant Thornton, where he led multiple assurance and advisory engagements for clients across various industries.

Mr. Raza is an ACCA-qualified professional with a strong command of internal control systems and financial reporting standards. In addition, he holds a Certification in Shariah Compliance & Audit of Islamic Financial Institutions from IBA-CEJ, equipping him with a deep understanding of Shariah-based audit practices. His combined expertise in conventional and Islamic auditing principles enables him to uphold the highest standards of accountability and transparency in his current role.

Farrukh Adnan - Head of Underwriting

Mr. Farrukh Adnan has over two decades of rich experience in the General insurance industry of Pakistan at senior level positions. He previously worked for Crescent Star Insurance Limited and Adamjee Insurance. Mr. Farrukh is a commerce graduate of Karachi University and has completed various professional certifications/trainings in Takaful and Insurance sector.

Saifuddin Shaikh - Head of Administration & Procurement

Mr. Saifuddin Shaikh has been leading the Administration & Procurement function at Pak-Qatar Group since its inception in 2007. As the company's first employee, he played a vital role in establishing the head office and branch network across Pakistan. His responsibilities span general administration, procurement, project office oversight, and support operations for both Family and General Takaful businesses.

With over two decades of professional experience, Mr. Saifuddin Shaikh brings expertise in administration, IT support, and HR management. He previously headed the Information Technology & Systems department and has held leadership roles in the tech and services sectors. He holds an LLB from Government Islamia Law College, an MPA from COMSATS Institute of Information Technology, a postgraduate diploma in Islamic Banking & Finance, and an Associate Engineering Diploma in Electronics Technology.

Kamran Ali Khan - Head of Human Resources & Training

Mr. Kamran Ali Khan is a polished HR and business leader with over two decades of experience across Human Resources, Learning & Development, Customer Experience, Sales, and Quality Assurance. At Pak-Qatar Group, he heads HR and Training, where he leads strategic initiatives in talent development, organizational culture, and performance management.

Prior to joining Pak-Qatar, Mr. Kamran Khan held senior roles at K-Electric, wi-tribe, and Mobilink, and has also served as a visiting faculty member at Institute of Business & Technology (IBT). He brings deep expertise in HR operations, leadership development, automation, and customer lifecycle management.

Obaid Hussain Qureshi - Head of Legal & Compliance

Mr. Obaid Hussain Qureshi brings over two decades of extensive experience in legal affairs, compliance, and risk management across diverse sectors, including roles at K-Electric, Standard Chartered Bank, and the District & Sessions Court in Karachi. At Pak-Qatar Takaful, he leads the Legal, Compliance & Grievance department, providing strategic oversight on regulatory adherence, dispute resolution, and legal risk mitigation.

His expertise spans legal drafting, litigation (civil, criminal, and family law), arbitration, commercial banking regulations, anti-money laundering (AML), and compliance frameworks. Mr. Qureshi holds a Bachelor of Laws (LLB) from the University of Karachi and has completed multiple certifications in legal and compliance domains. His multidisciplinary background and sharp legal insight contribute significantly to maintaining governance standards and organizational integrity.

Bilal Rashid - Head of Marketing and Corporate Communications

Mr. Bilal Rashid has over two decades of diverse experience in Marketing & Corporate Communications, leading high-impact marketing, branding, and communication strategies with various organizations such as IGI Life, Telenor Bank (Easypaisa), JS Investments, GEO TV, Lakson Tobacco, etc. He possesses strong competencies in corporate communications, conventional & digital marketing, business planning, brand activation, advertising, and market analysis.

Mr. Bilal holds a Marketing Degree from Institute of Business Management (IoBM), is a Fellow Chartered Institute of Marketing (FCIM), Certified Professional Marketer (CPM Asia) from the Asia Marketing Federation, and has further augmented his expertise with certifications in journalism, traditional and digital marketing from esteemed institutions such as Semrush, Reuters, Google, Facebook, Chartered Institute of Marketing and Wharton Business School.

Aslam Zaki - Head of IT Infrastructure:

An accomplished IT Infrastructure and Systems Specialist with over two decades of progressive experience in designing, managing, and securing enterprise-scale IT environments. Currently serving as Head of Infrastructure at Pak Qatar Family & General Takaful, Aslam has led critical projects such as corporate data center design, network revamps, virtualization deployments, and disaster recovery implementations.

His expertise spans infrastructure planning, system and network administration, virtualization (VMware, Hyper-V, SangFor, Oracle), cybersecurity (SIEM, IDS/IPS, Sophos, Cisco, Juniper), data center operations, VPNs, backup and DR strategies, and IT budgeting. He is skilled in managing cross-functional teams, vendor relationships, and complex multi-site environments.

Certifications include OCI Certified Professional Architect along with multiple other OCI certifications in Operations, Architect Associate, Foundations, and Security. He is also a Certified NSE 2 Network Security Associate and CCNA, and has completed professional training in MCITP, ISA Server, and computer networking.

7.5. QUALIFICATION OF DIRECTORS

No person shall be appointed as a director of the Company who is ineligible to be appointed as Director on any one or more of the grounds enumerated in Section 153 of the Companies Act or any other law for the time being in force.

7.6. APPOINTMENT AND ELECTION OF DIRECTORS AND CHIEF EXECUTIVE

The Directors of the Company are elected for a term of three years in accordance with the procedure laid down in Section 159 of the Companies Act, 2017.

The Directors shall comply with the provisions of Sections 154 to 159 and Sections 161 and 167 of the Companies Act relating to the election of Directors and matters ancillary thereto.

Subject to the provisions of the Companies Act, the Company may from time to time increase or decrease the number of Directors.

Any casual vacancy occurring on the Board of Directors may be filled up by the Directors, but the person appointed shall be subject to retirement at the same time as if he/she had become a Director on the day on which the Director, in whose place he/she is chosen, was last elected as Director.

The Company may remove a director in accordance with the provisions of the Companies Act.

The last election of Directors was held on 30 April 2025.

The company shall have a Chief Executive appointed in accordance with the provisions of the Act. The Chief Executive is a deemed director, with respect to rights and privileges associated with that of a director. Lastly, The Chief Executive may be removed by the Board or by company through special resolution, in accordance with the provisions of section 190 of the Act.

The Company will comply with the Listed Companies (Code of Corporate Governance) Regulation, 2019 as and when the regulations will be applicable on it. Currently, the Company follows the Code of Corporate Governance for Insurers, 2016.

7.7. INTEREST OF DIRECTORS AND PROMOTERS

The directors and promoters of the company may have a direct or indirect interest in contracts, arrangements, or dealings with the company, as permitted under the provisions of the Companies Act, 2017, and the Articles of Association. In accordance with Article 51, no director or intending director is disqualified from entering into contracts, transactions, or proposals with the company in a professional capacity or otherwise, provided that the nature of their interest is fully disclosed at the time and in the manner prescribed by the Act.

Furthermore, the directors are required to abstain from participating in discussions or voting on matters in which they have a personal interest, as per the provisions of Article 51. Such contracts or arrangements are subject to approval by the Board of Directors.

The Directors performing whole time services in the Company may also be deemed interested in the remuneration payable to them by the Company. The nominee directors have an interest in the Company to the extent of representing the sponsors in the Company.

Following directors are holding Ordinary Shares of the Company:

Name of Directors	Designation	No. of Shares	%
H.E. Sheikh Ali Bin Abdullah Al Thani	Chairman of Board	9,563,467	13.45%
Mr. Muhammad Kamran Saleem	Executive Director	3,055,097	4.30%

Total	3,163,580	49,618,126	3,527,074	68,691,390	15,139,999	67,594,314

7.10. BENEFITS (MONETARY OR OTHERWISE) PROVIDED TO SPONSORS, SUBSTANTIAL SHAREHOLDERS, AND DIRECTORS DURING THE LAST THREE YEARS

No amount of benefits has been paid or given during the last three years to any sponsor shareholders of the Company other than dividends as and when declared by the Company.

No amount of benefits has been paid or given during the last three years to any director of the Company. No meeting attending fee were paid to any of the directors of the company.

7.11. VOTING RIGHTS

As outlined in Article 42 of the Articles of Association, every member present in person at a general meeting is entitled to one vote on a show of hands, irrespective of the number of shares held. On a poll, every member, whether present in person, by proxy, or by representative, is entitled to one vote for each share held.

Additionally, Article 42A provides for e-voting, enabling members to exercise their voting rights electronically in accordance with the applicable rules and regulations prescribed by the Securities and Exchange Commission of Pakistan (SECP). Both members and non-members can be appointed as proxies for e-voting purposes, provided the appointment follows the timelines and procedures defined by SECP.

In case of joint shareholders, Article 44 specifies that only the vote of the senior-most member present will be accepted, as determined by the order of names in the register of members.

7.12. AUDIT COMMITTEE

The Board of Directors has set up an effective internal audit function managed by suitable qualified and experienced personnel who are well versed with the policies and procedures of the Company and are involved in the internal audit function on a full-time basis.

The internal audit function is under the supervision of the Board Audit Committee, which consists of four (4) members, of whom 3 are non-executive directors and 1 executive director. The chairman of the Committee is an independent director.

The Audit Committee comprises the following members:

7.18. POWERS OF DIRECTORS

7.18.1 General Power of Directors

As per article 88, the business of the company shall be managed by the directors, who may pay all expenses incurred in promoting and registering the company, and may exercise all such powers of the company as are not by the Act or any statutory modification thereof for the time being in force, or by these regulations, required to be exercised by the company in general meeting, subject nevertheless to the provisions of the Act or to any of these regulations, and such regulations being not inconsistent with the aforesaid provisions, as may be prescribed by the company in general meeting but no regulation made by the company in general meeting shall invalidate any prior act of the directors which would have been valid if that regulation had not been made.

7.18.2 Borrowing Power of Directors:

As per article 91, the amount for the time being remaining un-discharged of moneys borrowed or raised by the directors for the purposes of the company (otherwise than by the issue of share capital) shall not at any time, without the sanction of the company in general meeting, exceed the issued share capital of the company.

7.18.3 Power to appoint attorneys:

As per article 92, the Directors may from time to time and at any time by power of attorney appoint any company, firm or person or body of persons, whether nominated directly or indirectly by the Directors, to be the attorney or attorneys of the Company for such purposes and with such powers, authorities and discretion (not exceeding those vested in or exercisable by the Directors under these Articles) for such period and subject to such conditions if any as they may think fit. The powers of attorney may contain such provisions for the protection and convenience of persons dealing with any such attorney to delegate all or any of the powers, authorities and discretion vested in him.

As per article 93, the Board may from time to time and at any time by power of attorney appoint any of director or directors, to be its attorney or attorneys for such purposes and with such powers, authorities and discretion on such conditions as it may think fit. The powers of attorney may contain such provisions for the protection and convenience of such appointed director or directors under this regulation to delegate all or any of the powers, authorities and discretion vested in such attorneys.

7.18.4 Directors may hold office of profit:

As per article 94, a Director of the Company or a firm of which such Director is a partner or a private company in which such Director is a Director or member may with the consent of the Company in general meeting hold any office of profit in the Company.

7.18.5 Directors may make contract with the Company

As per article 95, subject to the provisions of the Act, the Directors shall not be disqualified from contracting with the Company either as vendor, purchaser, or otherwise, nor shall any such contract or agreement entered into by or on behalf of the Company with any company or partnership or in which any Director of the Company shall be a member or otherwise interested be avoided nor shall any such Director so contracting or being such member or so interested, be liable to account to the Company for any profit realized by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relation thereby established.

However, the nature of his interest shall be disclosed by him at the meeting of the Directors at which the contract or arrangement is determined on, if the interest then exists, or in any other case at the first meeting of the Directors after the acquisition of the interest. A General Notice that any Director of the Company is a Director or a member of any other company or is a member of any named firm and is to be regarded as interest in any subsequent transaction with such company or firm shall as regards any such transaction be sufficient disclosure under this Article. Subject to the provision of Section 205 of the Act, after any such general notice it shall not be necessary to give any special notice relating to any particular transaction with such firm or company. In the case of a contract for the appointment of a manager of the Company, the provisions of Section 205 of the Act shall be observed and performed.

7.18.6 Register of contract with directors

As per article 96, In accordance with the provisions of Section 209 of the Act, a Register shall be kept by the Directors in which shall be entered particulars of all contracts or arrangements to which Article 83 applies and which shall be open to inspection by any member at the office during business hours.

7.18.7 Manner of signing certain documents

As per article 97, All cheques, promissory notes, drafts, bills of exchange and other negotiable instruments, and all receipts for moneys paid to the Company, shall be signed, drawn, accepted, endorsed or otherwise executed, as the case may be, in such manner as the Directors shall from time to time by resolution determine.

7.18.8 Directors to comply with the law

As per article 98, The directors shall duly comply with the provisions of the Act, or any statutory modification thereof for the time being in force, and in particular with the provisions in regard to the registration of the particulars of mortgages, charges and pledge affecting the property of the company or created by it, to the keeping of a register of the directors, and to the sending to the registrar of an annual list of members, and a summary of particulars relating thereto and notice of any consolidation or increase of share capital, or subdivision of shares, and copies of special resolutions and a copy of the register of directors and notifications of any changes therein.

7.18.9 Directors to cause minute books to be maintained

The Directors shall cause records to be kept and minutes to be made in book or books with regard to:

- a) of all appointments of officers made by the Directors;
- b) of the names of the Directors present at each meeting of the Directors and of Committee of Directors;
- all resolutions and proceedings of the meeting(s) of directors and Committee(s) of directors, and every director present at any meeting of directors or Committee of directors shall put his signature in a book to be kept for that purpose;
- d) recording the names of the persons present at each meeting of the directors and of any committee of the directors; and
- e) all orders made by the directors and Committee(s) of directors.

Provided that all records related to proceedings through video-link shall be maintained in accordance with the relevant regulations specified by the Commission which shall be appropriately rendered into writing as part of the minute books according to the said regulations.

7.19. INDEMNITY AVAILABLE TO DIRECTORS AND OTHER EMPLOYEES OF THE COMPANY

As per article 155 of the Articles of Association, Every officer or agent for the time being of the company may be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, arising out of his dealings in relation to the affairs of the company, except those brought by the company against him, in which judgment is given in his favor or in which he is acquitted, or in connection with any application under section 492 in which relief is granted to him by the Court.

7.20. CORPORATE GOVERNANCE

The Company shall comply with all the rules and regulations applicable to the Company with regards to the Listed Companies (Code of Corporate Governance) Regulation, 2019.

PQGTL has entered into Re-Takaful agreement through a consortium of seven operators, facilitated by two brokers. The table below outlines each operator's share in proportional and non-proportional treaties, along with defined per-risk capacities across classes of business.

Re-Takaful Operator	Rating & Rating Agency	Share in Proportional Treaty	Share in Non-Proportional Treaty
Kuwait Re	A- (S&P)	22.50%	30.00%
Saudi Re	A- (S&P)	20.00%	20.00%
Oman Re	BBB- (FITCH)	10.00%	5.00%
Arab Re	B- (Fair) (AM BEST)	5.00%	5.00%
Tunis Re	AA (TUN) (FITCH)	2.50%	2.50%
Kenya	B (AM BEST)	5.00%	2.50%
PRCL	AA (VIS)	35.00%	35.00%
Total		100.00%	100.00%

11.3. INSPECTION OF DOCUMENTS AND CONTRACTS

Documents relating to the Issuer (i.e. PQGTL) and the issue, including copies of all agreements, contracts and reports referred to in the prospectus, will be made available for inspection at the registered office of the company at 402-403 4th Floor Business Arcade, PECHS Block-6 Sharah-e-Faisal, Karachi during usual business hours from the date of publication of this prospectus on [•] till the closing of subscription list on [•]

11.4. MEMORANDUM OF ASSOCIATION

The Memorandum of Association, inter alia, contains the objects for which the Company was incorporated and the business which the Company is authorized to undertake. A copy of the Memorandum of Association is annexed to this Prospectus and with every issue of the Prospectus except the one that is released in newspapers as advertisement.

12. BOOK BUILDING PROCEDURE

12.1. IN CASE OF ISSUE THROUGH BOOK BUILDING, INFORMATION NEEDED TO BE DISCLOSED I.E. NUMBER OF SHARES ALLOCATED UNDER THE BOOK BUILDING PORTION AND RETAIL PORTION, FLOOR PRICE AND THE PRICE BAND

The Issue comprises 30,000,000 Ordinary Shares of face value worth PKR 10/- each, which constitutes 29.67% of the Post-IPO Paid Up Capital of the Company.

Of the entire Issue of 30,000,000 Ordinary Shares, seventy-five percent (75%) of the issue i.e. 22,500,000 shares will be offered through the Book Building process at a Floor Price of PKR 10.00/- per share with a price band of 40% above the floor price i.e. PKR 14/-.

The bidders shall be allowed to place bids for seventy five percent (75%) of the Issue size, and the Strike Price shall be the price at which the seventy five percent (75%) of the Issue is subscribed. The remaining 25% of the issue, i.e. 7,500,000, will be offered to retail investors. The retail portion will be fully underwritten, with Arif Habib Limited acting as the underwriter to the issue. Unsubscribed shares, if any, of the retail (General Subscription) portion will be taken up by the underwriter to the issue.

Within 1 working day of the closing of the Bidding Period, a Supplement to the Prospectus will be published in at least all those newspapers in which the Prospectus is published. The Supplement will contain information related to the Strike Price, the Offer Price, names of the underwriters of the retail portion, underwriting commission bifurcating as take up commission or any other, dates of the Public Subscription, and category wise break-up of the Successful Bidders. Format of the Supplement is given on page 3 of this Prospectus.

12.2. TYPES OF BIDS AND PROCEDURE FOR MAKING A BID

Book Building is a process whereby investors bid for a specific number of shares at various prices. The Issuer set a Floor Price, which is the minimum / lowest price a Bidder can bid at. An order book of bids is maintained by the Designated Institution, which is then used to determine the Strike Price through the "**Dutch Auction Method**".

Under the Dutch Auction Method, the Strike Price is determined by lowering the Bid Price to the extent that the total number of shares issued through the Book Building process are subscribed.

A bid by a Bidder can be a "Limit Bid", or a "Step Bid", each of which are explained below:

Limit Bid: Limit bid is at the Limit Price, which is the maximum price a Bidder is willing to pay for a specified number of shares. The bid amount, however, cannot be less than **PKR 2 million**.

In such a case, a Bidder explicitly states a price at which he / she / it is willing to subscribe to a specific number of shares. For instance, a Bidder may bid for 1 Mn shares at PKR 10.00/- per share, based on which the total Application Money would amount to PKR 10.00 Mn. In this case the Bid Amount will also be PKR 10.00 Mn. Since the Bidder has placed a Limit Bid of PKR 10.00/- per share, this indicates that he / she / it is willing to subscribe to the shares at a price up to PKR 10.00/- per share.

Step Bid: A series of Limit Bids at increasing prices. The amount of any individual step shall not be less than PKR2 million.

Under this bidding strategy, Bidders place a number of Limit Bids at different increasing price levels. A Bidder may, for instance, make a bid for 5 Mn shares at PKR 10.00 per share, 3 Mn shares at PKR 10.50 per share and 2 Mn shares at PKR 12.00 per share. Therefore, in essence the Bidder has placed one Step Bid comprising of three Limit Bids at increasing prices. The Application Money would amount to PKR 125.5 Mn, which is the sum of the products of the number of shares Bid for and the Bid price of each Limit Bid. In such a case, Eligible Participant

shall collect advance/margin money against bids based on their own risk assessment criteria and shall be responsible to NCCPL for providing payments in lieu of accepted bids for their proprietary and investor accounts.

RESTRICTIONS:

- (i) AN ELIGIBLE INVESTOR SHALL NOT:
 - (a) MAKE BID BELOW THE FLOOR PRICE AND ABOVE THE UPPER LIMIT OF THE PRICE BAND;
 - (b) MAKE BID FOR MORE THAN 10% OF THE SHARES ALLOCATED UNDER THE BOOK BUILDING PORTION;
 - (c) MAKE A BID WITH A PRICE VARIATION OF MORE THAN 10% OF THE PREVAILING INDICATIVE STRIKE PRICE AS PER REGULATION 10(2)(iii) OF THE PO REGULATIONS;
 - (d) PLACE CONSOLIDATED BID;
 - (e) MAKE MORE THAN ONE BID SEVERALLY OR JOINTLY;
 - (f) MAKE DOWNWARD REVISION BOTH IN TERMS OF OBID PRICE AND BID VOLUME; PROVIDED THAT INCASE OF UPWARD REVISION OF THE BID PRICE, THE NUMBER OF SHARES BID FOR I.E. BID VOLUME MAY BE ADJUSTED ENSURING THAT THE BID AMOUNT OR BID MONEY REMAINS THE SAME; AND
 - (g) WITHDRAW BID.
- (ii) RELATED EMPLOYEES OF THE ISSUER AND THE CONSULTANT TO THE ISSUE SHALL NOT PARTICIPATE IN THE BIDDING PROCESS.
- (iii) NO PERSON SHALL TAKE PART IN THE BOOK BUILDING PROCESS, DIRECTLY OR INDIRECTLY SEVERALLY OR JOINTLY IN ANY MANNER OR ENGAGE IN ANY ACT OR PRACTICE WHICH CREATE A FALSE AND MISLEADING APPEARANCE OF ACTIVE BIDDING FOR RAISING OR DEPRESSING STRIKE PRICE IN THE BOOK BUILDING PROCESS.
- (iv) AS PER REGULATION 7(8) OF THE PO REGULATION, THE ASSOCIATES OF THE ISSUER AS DISCLOSED IN THE PROSPECTUS SHALL NOT IN AGGREGATE MAKE BIDS IN EXCESS OF TEN (10) PER CENT OF THE SHARES OFFERED THROUGH BOOK BUILDING.
- (v) AS PER REGULATION 7(9) OF THE PO REGULATIONS, THE ASSOCIATES OF THE CONSULTANT TO THE ISSUE SHALL NOT IN AGGREGATE MAKE BIDS IN EXCESS OF TEN (10) PERCENT OF THE SHARES OFFERED THROUGH BOOK BUILDING. PROVIDED THAT IT SHALL NOT APPLY TO SUCH ASSOCIATES OF THE LEAD MANAGER AND THE CONSULTANT TO THE ISSUE THAT ARE FINANCIAL INSTITUTIONS, MUTUAL FUNDS AND INSURANCE COMPANIES.

LIST OF ASSOCIATED COMPANIES AND UNDERTAKINGS OF THE ISSUER, NAMES OF RELATED EMPLOYEES OF THE ISSUER AND THE CONSULTANT TO THE ISSUE ARE PROVIDED IN SECTION 3A (vi).

Once the Bidding Period has lapsed and the book has been built, the Strike Price shall be determined on the basis of Dutch Auction Method.

Successful Bidders shall be intimated, within one (1) working day of the closing of the Bidding Period, about the Strike Price and the number of shares provisionally allotted to each of them. Upon conclusion of Book Building and determination of successful bidders, NCCPL will commence its pay and collect process one working day after the close of the bidding period, be debiting the settling bank accounts of the Eligible Participants. If there is any shortfall in payments due to failure to meet commitments, NCCPL will initiate its shortfall management process as per the Joint Procedures. In the event of unsuccessful bids, NCCPL will release the advance amount/margin money of Eligible Participants one working day after the close of the bidding period within banking hours.

As per PO Regulations, the successful bidders shall be issued shares at the time of issuance of shares to the retail investors. Shares to successful bidders shall be issued only in the form of book-entry through credit in their respective CDS accounts (Investors Account or Sub-Account). All the bidders shall, therefore, provide number of their CDS accounts in the bid application.

The Bidders must provide the bank account details in their Bidding form, so that cash dividend can be credited into their respective International Bank Account Number (IBAN).

12.3. TIME FRAME FOR INTIMATION TO THE SUCCESSFUL BIDDERS AND MECHANISM FOR PAYMENT OF THE BALANCE AMOUNT BY THE SUCCESSFUL BIDDERS

At the end of bidding period, successful bidders and their Eligible Participants shall be notified by the Book Building System via their registered email that their bids are accepted and such bidders are required to arrange settlement with NCCPL at B+1 (one day after the end of the bidding) within designated time specified in the Joint Procedures.

Upon conclusion of Book Building and determination of successful bidders, NCCPL will commence its pay and collect process at B+1 by debiting the settling bank accounts of Eligible Participants. If there is any shortfall in payments due to failure to meet commitments, NCCPL will initiate its shortfall management process as per the Joint Procedures.

12.4. ELIGIBLE PARTICIPANT(S) FOR BOOK BUILDING

All Eligible participants including securities brokers, mutual funds, scheduled banks, and development finance institutions that are clearing member of NCCPL.

12.5. NAME OF THE DESIGNATED INSTITUTION AND ITS ROLES AND RESPONSIBILITIES

PSX, being the Designated Institution, shall ensure that Book Building System shall smoothly perform following functions:

- i. record name, Unique Identification Number (UIN), National Tax Number (NTN), postal and email addresses, land line and cell numbers, bank account Number and branch address and Investor Account Number or Sub-Account Number of the bidder with participant account number;
- **ii.** provide a mechanism for registration of the bidders before commencement of the bidding period till 03:00 p.m. on the last day of the Bidding Period and require the investors to provide at least such information as mentioned in para (i) above;
- **iii.** generate bidders' Internet Protocol (IPs) address and keep record of all IP addresses from where the bids are placed;
- iv. record the number of shares bid for, the Bid Price, type of the bid i.e. Limit Bid or Step Bid, date and time of the entry of the bid;
- **v.** display the bids revised, and date and time of upward revision;
- vi. neither allow withdrawal of bid, nor accept the bids placed at a Bid Price that is below the Floor Price or above the upper limit of the Price Band;
- **vii.** display live the total number of shares offered for sale, the Floor Price, Price Band, total number of bids received, total number of shares bid for and indicative Strike Price;
- **viii.** build an order book showing demand for the shares at various price levels in a descending order along with the accumulated number of shares bid for and percentage of total shares offered under the Book Building Portion;
- ix. discover the strike price at the close of the Bidding Period;
- **x.** generate alerts for the Bidders via Short Message Service through cell phones and emails upon entry of the bid, at the time of upward revision of the bid, and upon discovery of the strike price; and
- **xi.** ensure that system must provide the bidders the option to revise their bids during the period permitted under these Regulations;

The Designated Institution shall ensure that:

- identity of the bidder is not displayed; and
- no bid is entered into the System after closing of the Bidding Period.

12.6. ROLES AND RESPONSIBILITIES OF THE ISSUER

The Issuer shall ensure that:

- 1. The Issuer, its Sponsors, promoters, substantial shareholders, directors and associates shall have no over dues or defaults, irrespective of the amount., appearing in the report obtained from the credit information bureau;
- **2.** The Issuer or its directors, Sponsors or substantial shareholders should not have held the office of the directors, or have not been Sponsors or substantial shareholders in any company:

- . which had been declared defaulter by the securities exchange or futures exchange; or
- ii. whose TRE certificate has been cancelled or forfeited by the securities exchange; or
- iii. which has been de-listed by the securities exchange due to non-compliance of its regulations.
- **3.** The Consultant to the Issue, Underwriter, Balloter and Share Registrar and Designated Bank of the Issuer, are appointed through separate agreements in writing.
- **4.** It has submitted through its Consultant to the Issue, an application along with draft prospectus for listing of its securities to the PSX.
- **5.** The shares shall be issued in book-entry form only.

12.7. OPENING AND CLOSING OF THE REGISTRATION PERIOD

The Registration period shall be for **Five (5) working days** as under:

REGISTRATION PERIOD		
TBD	9:00am to 5:00pm	
TBD	9:00am to 3:00pm	

12.8. OPENING AND CLOSING OF THE BIDDING PERIOD

The Bidding Period shall be for Two (2) working days as under:

BIDDING PROCESS STARTS ON	TBD
BIDDING PROCESS ENDS ON	<mark>TBD</mark>

12.9. ELIGIBILITY TO PARTICIPATE IN BIDDING

Eligible Investors who can place their bids in the Book Building process include local and foreign Individual and Institutional Investors whose Bid Amount is not less than PKR 2,000,000/- (PKR Two Million only).

12.10. INFORMATION FOR BIDDERS

- 1. The Prospectus for Issue of Shares has been approved by PSX and SECP.
- 2. The Prospectus can be obtained from the Registered Office of PQGTL, and AHL (CTI). Prospectus, Registration Forms and Bidding Forms can also be downloaded from the following websites of the Consultant to the Issue, PSX and the Company i.e. http://www.arifhabibltd.com, <a href="http://www.arifhabi
- **3.** Eligible Investors who are interested to participate in bidding for subscribing the Ordinary Shares of the Company should approach the Eligible Participants at the for registration for submitting their Bids.
- 4. REGISTERED INVESTORS CAN PLACE AND REVISE THEIR BIDS UPWARDS BY ACCESSING THE DESIGNATED INSTITUTIONS ONLINE PORTAL FOR BOOK BUILDING BY USING THE USER ID AND PASSWORD COMMUNICATED TO THEM VIA EMAIL BY PSX.

12.11. PROCEDURE FOR REGISTRATION

- 1. All Eligible Participants shall be required to get registered with the Designated Institution
- **2.** For registration purposes, each Eligible Participant shall submit an Expression of Interest for participation in the Book Building.
- **3.** Registration shall be a One-time process and will not be required to be repeated for each subsequent Book Building transaction.

- **4.** The Designated Institution and NCCPL shall jointly develop and notify the detailed procedures covering the operational and procedural requirements for Book Building, after obtaining prior approval from the Commission.
- **5.** The Issuer shall publish the Prospectus at least one (1) day prior to the commencement of bidder registration.
- **6.** The bidding process shall be conducted electronically through the Book Building System in a fair, efficient, and transparent manner.
- 7. The registration of bidders by the Eligible Participants shall commence at least three (3) working days prior to the start of the bidding period and shall remain open until 3:00 p.m. on the last day of the bidding period.
- **8.** The bidding period shall remain open for at least two (2) working days.
- **9.** The Eligible Participant shall register bidders, including both individual and institutional investors, and create user bidding accounts for them. The Eligible Participant may also create bidding accounts for proprietary participation.
- 10. The creation of a user bidding account shall require minimum information such as the bidder's name, bid amount, UIN/CNIC, incorporation number or CUIN (where applicable), contact details, CDC subaccount or investor account number, and IBAN. An IPO Facilitation Account may be used if the bidder does not have a CDC sub-account or investor account. All such details shall be captured by the Eligible Participant at the time of registration.
- 11. Bidders can opt for disclosed or undisclosed bidding at the time of registration. In the case of disclosed bidding, bids shall be placed by the Eligible Participant, and in the case of undisclosed bidding, bids shall be placed directly by the bidder.

Explanation:

- In the case of disclosed bidding, the bidder shall convey the bid amount and bid price (profit rate/spread) to the Eligible Participant for entry into the Book Building System.
- In the case of undisclosed bidding, the bidder shall enter the bid amount and bid price (profit rate/spread) directly into the Book Building System.
- **12.** At the time of registration, bidders shall authorize the Eligible Participant to place the bid on their behalf in the case of disclosed bidding.
- 13. At the end of the bidding period, successful bidders and their Eligible Participants shall be notified by the Book Building System via registered email that their bids have been accepted. Such bidders shall arrange settlement with NCCPL at **B+1** within the time specified in the Joint Procedures.
- 14. Upon conclusion of the Book Building process and determination of successful bidders, NCCPL shall commence its pay and collect process at B+1 by debiting the settling bank accounts of the Eligible Participants. In the event of any shortfall in payments due to failure to meet commitments, NCCPL shall initiate its shortfall management process in accordance with the Joint Procedures.
- 15. In the event of unsuccessful bids, NCCPL will release the advance amount/margin money of Eligible Participants at **B+1** within banking hours.
- **16.** The funds in lieu of accepted bids will be credited to the Issuer's bank account(s) by NCCPL after the end of the public subscription period, credit of securities to the successful investors, and issuance of NOC by the Securities Exchange.
- 17. The Book Building process shall be deemed cancelled if the Issuer fails to receive bids for the total number of shares allocated under the Book Building Portion or if the total number of bids received is less than forty (40). In such an event, the Consultant to the Issue/Issuer shall immediately notify the Commission and the Securities Exchange accordingly.

12.12. PROCEDURE FOR BIDDING

The following procedure shall be followed for bidding:

- 1. Bids may be placed as either a Limit Bid or a Step Bid. Provided that the minimum size of a Limit Bid, as well as any incremental step in the case of a Step Bid, shall not be less than PKR 2 million.
- 2. The Issuer shall publish the Prospectus at least one (1) day prior to the commencement of bidder registration by the Eligible Participants and before the issuance of the public notice by the Designated Institution announcing the opening of the Book Building process.
- 3. The bidding shall commence at 09:00 a.m. and close at 05:00 p.m. during the Bidding Period.

- 4. The Designated Institution shall, through the Book Building System, display a live order book throughout the Bidding Period in descending order, showing the demand for shares at various prices, the accumulated number of shares bid for, and the percentage of total shares offered. The order book shall also display all revised bids and shall be accessible through the websites of the Securities Exchange and the Designated Institution.
- 5. The Designated Institution shall issue a public notice regarding the Book Building process at least three (3) working days before the commencement of the Bidding Period (B-3). The notice shall include, among other details, the name of the issuer, issue size, floor price, bidding dates, and salient features of the issue.
- **6.** At the time of registration, bidders shall authorize the Eligible Participant to place the bid on their behalf in the case of disclosed bidding.
- Eligible Participants shall collect the margin money from the bidders and deposit the same with the NCCPL.
- **8. Individual** and **institutional investors** shall pay **100% of the bid amount** as margin money to the Eligible Participant; provided that the Eligible Participant may accept a **lower margin** from bidders based on its own **risk assessment**.
- 9. In the case of **undisclosed bidding**, for creating user bidding accounts, the Eligible Participants shall use the bidder's details such as **name**, **email address**, **and phone number**. The Book Building System shall share the **User ID**, **URL for the bid screen**, **PIN**, **and password** directly with the bidder through their registered email and mobile number.
- **10.** Once a user is created and confirmed by the Eligible Participant, the **credentials for participation** in the bidding process shall be forwarded by the Book Building System to the user i.e., the investor in the case of undisclosed bidding or their Eligible Participant in the case of disclosed bidding via their registered email and mobile number.
- **11.** Eligible Participants may limit the **amount of bidding** by their bidders, depending on the margin money received and their own risk assessment criteria.
- 12. In the event of a **Trading Only Broker** and their clients, the user bidding account must be created through a **Professional Clearing Member (PCM)**.
- 13. One day before the start of bidding (B-1), Eligible Participants shall deposit the margin money or standing instruction or irrevocable undertaking (from the trustee, where applicable) with the NCCPL within the designated time specified in the Joint Procedures. Provided that during the bidding period, Eligible Participants and their clients/investors/bidders may increase their bid amount, subject to the deposit of additional margin money with the NCCPL as per the Joint Procedures.
- **14.** NCCPL shall communicate the **confirmation of advance/margin money** received against the bid amount of Eligible Participants to the **Designated Institution** in accordance with the Joint Procedures.
- **15.** Based on the information shared by the NCCPL, the **Designated Institution** shall activate the Eligible Participants who have submitted advance/margin money for bidding purposes
- **16.** NCCPL shall continue to share **real-time information** with the Designated Institution regarding margin money deposited by Eligible Participants during the bidding period, including new bidder registrations or increases in bid amounts, in line with the Joint Procedures.
- 17. Eligible Participants may bid on behalf of their clients in the case of disclosed bids, whereas users may bid anonymously using their provided credentials during the bidding period, within the maximum participation amount assigned.
- 18. The Book Building System shall ensure that all bids are submitted within the assigned limits, based on the advance/margin money confirmed by the NCCPL and the resultant maximum participation amount
- **19.** Eligible Participants and their clients/investors/bidders may increase the **bid amount** during the bidding period, subject to the deposit of additional margin money, if required, with the NCCPL.
- 20. Bidders may revise their bids upward until 5:00 p.m. on the last day of the bidding period
- 21. At the close of the bidding period, the **Strike Price** shall be determined by the Book Building System on the basis of the **Dutch Auction Method**.
- 22. Bidders who have submitted bids at prices above the Strike Price shall be allotted shares at the Strike Price.
- 23. In cases where the bids received are sufficient to cover the total number of shares offered under the Book Building Portion, the allotment shall be made based on highest bid priority that is, bids made at the highest price shall be considered first for share allocation.

- **24.** If all bids above the Strike Price are accommodated and shares are still available for allotment, the remaining shares shall be allotted **on a proportionate basis** among the bids made at the Strike Price.
- 25. Bidders who have made bids below the Strike Price shall not qualify for allotment of shares.

Restrictions:

- a. The bidding period shall not be extended except in extraordinary circumstances like closure of banks, failure of system, etc. In such case, the Issuer or the Consultant to the Issue shall apply to the Commission for extension in the bidding period after obtaining NOC from the Securities Exchange. In case extension is granted, the same shall be disseminated through publication in all those newspapers where the prospectus was published and on the website of the Issuer, Consultant to the Issue, the Designated Institution, and the Securities Exchange.
- **b.** The bidder shall not:
 - make bid below the Floor Price and above the upper limit of the Price Band;
 - make bid for more than 10% of the shares allocated under the Book Building Portion;
 - subject to the provision of clause (A) above, make bid with price variation of more than 10% of the prevailing indicative strike price or such other percentage as may be specified by the Commission;
 - make consolidated bid;
 - make more than one bid either severally or jointly;
 - make downward revision both in terms of Bid Price and Bid Volume; Provided that in case of upward revision of the Bid Price, the number of shares bid for i.e. Bid Volume may be adjusted ensuring that the bid amount or bid money remains the same; or
 - withdraw the Bid.
- **c.** No person shall take part in the book building process, directly or indirectly, severally or jointly in any manner, or engage in any act or practice which creates a false or misleading appearance of active bidding for raising or depressing the strike price in the book building process.

12.13. TITLE AND NUMBER OF THE BANK ACCOUNT FOR BOOK BUILDING PORTION OF THE ISSUE AND MECHANISM FOR PAYMENT OF THE MARGIN MONEY INTO THE BOOK BUILDING ACCOUNT.

Eligible participants shall collect the margin money from the bidders and deposit the same with the NCCPL. Individual investors and institutional investors shall pay 100% of bid amount as margin money to the Eligible Participant. Provided that Eligible Participant may accept a lower margin from the bidders based on its own risk assessment.

Eligible Participant shall be responsible to NCCPL for providing payments in lieu of accepted bids for their proprietary and investor accounts. NCCPL shall communicate the confirmation of advance/margin money against the bid amount of Eligible Participants to Designated Institution as per the Joint Procedures. Based on the information shared by NCCPL, Designated Institution will activate the Eligible Participants who have submitted advance/margin money for the bidding purposes.

Payment Procedure

The payment procedures for a Limit Bid or a Step Bid are explained below:

Payment For Limit Bid

If investors are placing their bids as a Limit Bid, then they shall deposit the Margin Money based on the number of shares they are bidding for at their stated bid price.

For instance, if an investor is applying for 1 Mn shares at a price of PKR 10.00/- per share, then the total Application Money would amount to PKR 10.00 Mn. In such a case, Eligible Participant shall collect advance/margin money against bids based on their own risk assessment criteria and shall be responsible to NCCPL for providing payments in lieu of accepted bids for their proprietary and investor accounts.

Payment For Step Bid

If an investor is placing a Step Bid which is a series of Limit Bids at increasing prices, then he/she/it shall deposit the Margin Money / bid money based on the total number of shares he/she/it is bidding for at his/her/its stated bid prices.

For instance, if the investor bids for 5 Mn shares at PKR 10.00/- per share, 3 Mn shares at PKR 10.50/- per share and 2 Mn shares at PKR 12.00/- per share, then in essence the investor has placed one Step Bid comprising three limit bids at increasing prices. The Application Money would amount to PKR 125.5 Mn, which is the sum of the products of the number of shares bid for and the bid price of each limit bid. In such a case, Eligible Participant shall collect advance/margin money against bids based on their own risk assessment criteria and shall be responsible to NCCPL for providing payments in lieu of accepted bids for their proprietary and investor accounts.

12.14. PROCEDURE FOR PAYMENT OF MARGIN MONEY BY FOREIGN INVESTOR

Companies are permitted under paragraph 6 (with specific reference to sub para (B) (I)) of Chapter 20 of the State Bank of Pakistan's ("SBP") Foreign Exchange Manual (the "Manual") to issue shares on repatriation basis to non-residents who are covered under paragraph 6 (A) of Chapter 20 of the Manual, i.e.

- i. A Pakistan national resident outside Pakistan,
- ii. A person who holds dual nationality including Pakistan nationality, whether living in or outside Pakistan,
- iii. A foreign national, whether living in or outside Pakistan and
- iv. A company or firm (including a partnership) or trust or mutual fund or private fund incorporated, registered and functioning outside Pakistan, excluding entities owned or controlled by a foreign government

The issue price of such shares must be paid in foreign exchange through normal banking channels, either by remittance from abroad or from a foreign currency account maintained by the subscriber or purchaser in Pakistan.

Non-resident investors who wish to participate in the **book-building process** for subscription of shares may do so through the **Roshan Digital Account (RDA)** — an initiative of the State Bank of Pakistan designed to facilitate **Non-Resident Individual Pakistanis (NRIPs)** in opening and operating digital bank accounts with designated SBP banks. Through the RDA, NRIPs can conduct banking transactions, make remittances, pay utility bills, and invest in various financial instruments in Pakistan, including the Pakistan Stock Market.

To invest in the Pakistan Stock Market through a Roshan Digital Account, the Non-Resident Individual Pakistani (NRIP) must authorize the respective bank to share the RDA details with the Central Depository Company of Pakistan Limited (CDC) and agree to the Terms and Conditions for Investing in Pakistan's Capital Market. Upon receipt of this information, the CDC forwards the investor's details to the National Clearing Company of Pakistan Limited (NCCPL) for the creation and registration of a Unique Identification Number (UIN). The CDC also facilitates the opening of a trading account by sharing the UIN and related information with the investor's selected broker and opens a CDC Custody Account in the investor's name. Upon completion of these formalities, the NRIP becomes eligible to invest in the Pakistan Stock Market using funds available in the Roshan Digital Account.

For participation in an Initial Public Offering (IPO) through the Roshan Digital Account, investors must ensure that their RDA is linked with an **active Investor Account** maintained with the CDC. The investor must subscribe through this account only and not through any other custody accounts such as Sub-Accounts, IPO Facilitation Accounts, or other Investor Accounts. The investor is required to register on the **CDC e-Services Portal** at https://csp.cdcaccess.com.pk and complete the **e-IPO Subscription Form** by entering the CDC Participant ID (03277) and the Investor Account Number to generate a **Subscription ID**. After filling the form, the investor should save a PDF copy of the completed form and transfer the exact IPO subscription amount from the RDA bank account to the **CDC-designated bank account** maintained with the same bank.

It must be ensured that the investor's account holds sufficient funds at the time of subscription; otherwise, the application will not be processed. Once the payment is made, the investor must email the PDF copy of the Subscription Form along with payment details to roshandigital@cdcpak.com. Both the payment and the eIPO Subscription Form must reach the CDC no later than 12:00 p.m. (PST) on the last day of the subscription period. Any payment or form received after the deadline will not be accepted. Investors are also advised to note that payments made through any method other than the one prescribed above may result in complications,

particularly during the **refund process**, in cases where the application is either partially successful on a pro-rata basis or declared unsuccessful.

12.15. PROCEDURE FOR REJECTION OF BIDS

As per Regulation 9(37) & (38) of the PO Regulations, 2017:

- 1. In the event of unsuccessful bids, NCCPL will release the advance amount/margin money of Eligible Participants at **B+1** within banking hours.
- 2. The funds in lieu of accepted bids will be credited to the Issuer's bank account(s) by NCCPL after the end of the public subscription period, credit of securities to the successful investors, and issuance of NOC by the Securities Exchange.

12.16. TIME FRAME FOR UPWARD REVISION OF BIDS BY THE BIDDERS

The registered investors may revise their Bids upwards at any time either manually through the Bid Collection Centers or electronically through direct access to the system till 05:00 p.m. on the last day of the Bidding Period. The Eligible Participants and their clients/investors/bidders can increase the bid amount subject to deposit of additional margin money, if required, with the NCCPL. The bidders can revise their bids upward till 05:00 p.m. on the last day of the Bidding Period. NO DOWNWARD REVISION BOTH IN TERMS OF BID PRICE AND BID VOLUME IS ALLOWED AND PROVIDED THAT IN CASE OF UPWARD REVISION OF THE BID PRICE, THE NUMBER OF SHARES BID FOR I.E. BID VOLUME MAY BE ADJUSTED ENSURING THAT THE BID AMOUNT OR BID MONEY REMAINS THE SAME. HOWEVER, NO WITHDRAWAL OF BID IS ALLOWED.

12.17. TEN PERCENT (10%) PRICE VARIATION

An investor will not be allowed to place or upward revise a bid with a price variation of more than ten percent (10%) of the prevailing Indicative Strike Price subject to Floor Price and Price Band i.e. Bid Price must not be below the Floor Price and must not exceed 50% of the Floor Price which is upper limit of Floor Price. Please note that the Indicative Strike Price may not be constant and may keep on changing during the bidding period. Therefore, the 10% range will also change with the changing Indicative Strike Price.

For Example, if the Floor Price is PKR 10.00/- per share and Indicative Strike Price at any given point in time during the bidding period is PKR 10.00/- per share, registered bidders may place or revise their bids at/to any price between PKR 10.00/- per share to PKR 11.40/- per share. If at any given point in time during the bidding period, the Indicative Strike Price changes from PKR 10.00/- per share to PKR 11.40/- per share, the registered bidders may place or upward revise their bids at/to between PKR 11.40/- per share to PKR 12.94/- per share. Please note that the 10% range on the lower side cannot go below the floor price and cannot exceed the upper cap of 50% of the floor price i.e. PKR 15.00/- per share. The price range of 10% applicable at any given point in time during the bidding period will also be displayed on the bid screen available at the website of PSX.

12.18. PROCEDURE FOR WITHDRAWAL OF ISSUE

- 1. In accordance with regulation 8 (16) of the PO Regulations, 2017, the Book Building process shall be considered as cancelled if the Issuer does not receive bids for the number of shares allocated under the Book Building Portion and the same shall be immediately intimated by the Consultant to the Issuer/Issue to the Commission and Securities Exchange.
- 2. In accordance with regulation 8 (17) of the PO Regulation, 2017, the Book Building process shall be considered as cancelled if the total number of bids received is less than forty (40).

12.19. MECHANISM FOR DETERMINATION OF STRIKE PRICE

1. At the close of the bidding period, the Strike Price shall be determined on the basis of Dutch Auction Method by the Designated Institution. Under this methodology, the Strike Price is determined by lowering the price to the extent that the total shares offered under the Book Building Portion are subscribed.

- 2. Designated Institution shall, through the Book Building System display live order book throughout the bidding period in descending order showing demand for shares at various prices and the accumulated number of shares bid for along with percentage of the total shares offered. The order book should also show the revised bids. The order book shall be accessible through websites of the Securities Exchange and Designated Institution.
- 3. In case the bids received are sufficient to allot the total number of shares offered for sale under the Book Building Portion, the allotment shall be made on the basis of highest bid priority that is the bid made at the highest price shall be considered first for allotment of shares.
- 4. As per regulation 9 (27) of the PO Regulation, 2017, in case all the bids made above the Strike Price are accommodated and shares are still available for allotment, such available shares will be allotted on proportionate basis against the bids made at the Strike Price.

The mechanism for determination of the Strike Price can be understood by the following illustration:

- 1. Number of shares being Issued through the Book Building: 30,000,000 Ordinary Shares
- 2. Floor Price: PKR 10.00/- per Ordinary Share with maximum price band of 40% i.e. PKR 14/-per share
- **3.** Bidding Period: [•]
- **4.** Bidding Time: 9:00am 5:00pm
- 5. Bidding Revision Time (Upward Revision only): 9:00am 5:00pm on all days

Bidder	Price (PKR/share)	Quantity	Cumulative Number of shares	Category of Order
Institution A	13.20	1,260,000	1,260,000	Limit Price
Institution B	12.80	1,620,000	2,880,000	Limit Price
HNWI A	12.50	3,120,000	6,000,000	Step Bid
Institution C	12.30	3,420,000	9,420,000	Limit Price
Institution D	12.00	1,320,000	10,740,000	Limit Price
Institution E	11.80	3,540,000	14,280,000	Limit Price
HNWI B	11.60	3,780,000	18,060,000	Limit Price
HNWI A	11.50	2,100,000	20,160,000	Step Bid
Institution F	11.20	1,740,000	21,900,000	Limit Price
Institution G	11.00	1,920,000	23,820,000	Limit Price
Institution H	10.90	1,980,000	25,800,000	Limit Price
HNWI C	10.70	600 000	26,400,000	Limit Price
Institution I	10.60	1,320,000	27,720,000	Step Bid
Institution H	10.50	1,020,000	28,740,000	Limit Price
Institution J	10.10	1,260,000	30,000,000	Step Bid
HNWI E	10.00	5,000,000	35,000,000	Limit Price
t	e Price determine hrough Dutch uction Method	Bid has been revised upwards and placed at PKR 10.90	Total shares bid at and above t Floor Price	

On the basis of the figures provided in the above illustration, according to the Dutch Auction Method, the **Strike Price would be set at PKR 10.10 per share** to sell the required quantity of **30,000,000 ordinary shares**.

At **PKR 13.20 per share**, investors are willing to buy 1,260,000 shares. Since 28,740,000 shares are still available, the price will be set lower.

At **PKR 12.80 per share**, investors are willing to buy 1,620,000 shares. Since 27,120,000 shares are still available, the price will be set lower.

At **PKR 12.50 per share**, investors are willing to buy 3,120,000 shares. Since 24,000,000 shares are still available, the price will be set lower.

At **PKR 12.30 per share**, investors are willing to buy 3,420,000 shares. Since 20,580,000 shares are still available, the price will be set lower.

At **PKR 12.00 per share**, investors are willing to buy 1,320,000 shares. Since 19,260,000 shares are still available, the price will be set lower.

At **PKR 11.80 per share**, investors are willing to buy 3,540,000 shares. Since 15,720,000 shares are still available, the price will be set lower.

At **PKR 11.60 per share**, investors are willing to buy 3,780,000 shares. Since 11,940,000 shares are still available, the price will be set lower.

At **PKR 11.50 per share**, investors are willing to buy 2,100,000 shares. Since 9,840,000 shares are still available, the price will be set lower.

At **PKR 11.20 per share**, investors are willing to buy 1,740,000 shares. Since 8,100,000 shares are still available, the price will be set lower.

At **PKR 11.00 per share**, investors are willing to buy 1,920,000 shares. Since 6,180,000 shares are still available, the price will be set lower.

At **PKR 10.90 per share**, investors are willing to buy 1,980,000 shares. Since 4,200,000 shares are still available, the price will be set lower.

At **PKR 10.70 per share**, investors are willing to buy 600,000 shares. Since 3,600,000 shares are still available, the price will be set lower.

At **PKR 10.60** per share, investors are willing to buy 1,320,000 shares. Since 2,280,000 shares are still available, the price will be set lower.

At **PKR 10.50 per share**, investors are willing to buy 1,020,000 shares. Since 1,260,000 shares are still available, the price will be set lower.

At **PKR 10.10** per share, investors are willing to buy 1,260,000 shares. After allotting these shares at PKR 10.10 per share, the **total supply of 30,000,000 shares is fully sold**. Therefore, the **Strike Price is set at PKR 10.10 per share** for the entire lot of 30,000,000 shares.

At PKR 10.10 per share, investors are willing to buy 1,260,000 shares. After allotting these 1,260,000 shares at PKR 10.10 per share, the total supply of 30,000,000 shares is fully sold. Therefore, the Strike Price is set at PKR 10.10 per share for the entire lot of 30,000,000 shares.

The bidders who have placed bids at prices above the Strike Price (which in this illustration is PKR 10.10 per share) will become entitled to allotment of shares at the Strike Price, and the differential between their bid price and the Strike Price will be refunded.

In case all the bids made above the Strike Price are accommodated and shares are still available for allotment, such available shares shall be allotted against the bids made at the Strike Price on proportionate basis as per regulation 9(27) of the PO Regulations, 2017.

The Bidders who have made bids below the Strike Price shall not qualify for allotment of shares. In the event of unsuccessful bids, NCCPL will release the advance amount/margin money of Eligible Participants at B+1 (one day after the end of the bidding period) within banking hours.

12.20. BASIS OF ALLOTMENT OF SHARES

- (a) In case the bids received are sufficient to allot the total number of shares offered for sale under the Book Building Portion, the allotment shall be made on the basis of highest bid priority that is the bid made at the highest price shall be considered first for allotment of shares.
- (b) In case all the bids made above the Strike Price are accommodated and shares are still available for allotment, such available shares shall be allotted against the bids made at the Strike Price on proportionate basis.

As per regulation 7(3) of the PO Regulation, 2017, maximum of seventy-five percent (75%) of the offer size i.e. 22,500,000 ordinary shares shall be allocated to the Book Building Portion, while the remaining minimum twenty-five percent (25%) i.e. 7,500,000 ordinary shares shall be reserved for retail investors. The retail portion of the public offer shall be fully underwritten. At the close of the bidding period, Strike Price shall be determined on the basis of Dutch Auction Method by the Book Building System.

As per regulation 11(2) of the PO Regulation, 2017, The Issuer may offer the shares to retail investors at a certain discount to the Strike Price.

As per regulation 11(4) of the PO Regulation, 2017, within five (5) working days of the close of the public subscription period, or within such shorter period as may be specified by the Commission from time to time, the shares shall be allotted and issued against the accepted and successful applications, and the subscription money of unsuccessful applicants shall be unblocked/refunded.

As per regulation 11(5) of the PO Regulation, 2017, in case the retail portion of the issue, if any, remains unsubscribed, the unsubscribed shares shall either be taken up by the underwriters or allotted to successful bidders at the Strike Price determined through the Book Building process on a pro-rata basis

Final allotment of shares out of the Book Building portion shall be made after subscription of the retail portion and receipt of full subscription money from the successful Bidders; however, shares to such Bidders shall be issued simultaneously with issuance of shares to retail investors, in the form of book-entry to be credited in their respective CDS Accounts. All the Bidders shall, therefore, provide number of their respective CDS Accounts in the Bid application as required under regulation 9(16) of the PO Regulations.

12.21. MECHANISM AND MODE FOR REFUNDING / UNBLOCKING OF THE MARGIN MONEY

The Bidders who have made Bids below the Strike Price shall not qualify for allotment of securities. In the event of unsuccessful bids, NCCPL will release the advance amount/margin money of Eligible Participants within banking hours one day after the bidding period.

The bid money of bidders who have undertaken to subscribe to the unsubscribed retail portion shall remain deposited or blocked till allotment of shares of unsubscribed retail portion, if any, to them on pro-rata basis.

12.22. PUBLICATION AND TIME FRAME FOR PUBLICATION OF SUPPLEMENT TO THE PROSPECTUS

In accordance with regulation 11(1) of the PO Regulations of the closing of the Bidding Period, Supplement to the Prospectus shall be published at least in all those newspapers in which the Prospectus was earlier published and also disseminated through PSX within one working day.

The Supplement to the Prospectus would contain information relating to the Strike Price, the Offer Price and Category-wise breakup of the successful Bidders along with the number of shares provisionally allocated to them. Format of the Supplement is given on page 2 of this Prospectus.

Public subscription for the shares shall be held at any date(s) within thirty days (30) of the publication of the Prospectus but not earlier than seven (7) days of such publication

13. APPLICATION AND ALLOTMENT INSTRUCTION FOR RETAIL PORTION

13.1. ELIGIBLE INVESTORS INCLUDE:

- 1. Pakistani citizens resident in or outside Pakistan or Persons holding dual nationalities including a Pakistani nationality;
- 2. Foreign Nationals whether living in or outside Pakistan;
- 3. Companies, bodies corporate or other legal entities incorporated or established in or outside Pakistan (to the extent permitted by their constitutive documents and existing regulations, as the case may be);
- **4.** Mutual Funds, Provident / Pension / Gratuity Funds / Trusts, (subject to the terms of the Trust Deed and existing regulations); and
- 5. Branches in Pakistan of companies and bodies corporate incorporated outside Pakistan.

13.2. OPENING AND CLOSING OF THE SUBSCRIPTION LIST

The subscription list will open at the commencement of banking hours on ______ 2025 and will close on ______, 2025 at the close of banking hours. Please note that online applications can be submitted 24 hours during the subscription period which will close at 12:00 midnight on _____, 2025

13.3. PROCEDURE FOR PUBLIC SUBSCRIPTION THROUGH CENTRALIZED E-IPO SYSTEM AND OTHER ADDITIONAL ELECTRONIC SYSTEM

i. PSX's e-IPO System (PES):

To facilitate investors, the Pakistan Stock Exchange Limited ("PSX") has developed an e-IPO System ("PES") through which applications for subscription of securities offered to the General Public/retail portion can be made electronically. PES has been made available in this Issue and can be accessed through the web link (https://eipo.psx.com.pk). Payment of subscription money can be made through 1LINK's and NIFT's member banks available for PES.

For making application though PES, investors must be registered with PES. The PES registration form is available 24/7, all throughout the year.

Registration is free of cost and can be done by:

- the investor himself; or
- the TREC Holder with whom the investor has a sub-account; or
- the Bank with whom the investor has a bank account.

Similarly, an e-IPO application can be filed by:

- the investor himself: or
- the TREC Holder with whom the investor has a sub-account; or
- the Bank with whom the investor has a bank account.

In case of queries regarding PES, investors may contact Mr. Farrukh Shahzad, Deputy General Manager - IT Division at phone number: 111-001-122 or (021)-35274401-10, or email: itss@psx.com.pk.

Investors who are registered with PES can submit their applications through the web link, https://eipo.psx.com.pk, 24 hours a day during the subscription period which will close at midnight on October 03, 2024

ii. Centralized E-PO System (CES):

CES can be accessed through the web link (<u>www.cdceipo.com</u>). Payment of subscription money can be made through 1LINK's member banks available for CES.

Prospectus | Pak-Qatar General Takaful Limited

For making application though CES, investors must be registered with CES. Registration can be done under a self-registration process by filling the CES registration form, which is available 24/7 all throughout the year.

In addition to the above, investors/sub-account holder(s) can request their respective TREC Holders who are Participants in Central Depository System (CDS) to make electronic subscription on their behalf for subscription of securities of a specific company by authorizing (adding the details of) their respective Participant(s) in CES. Consequently, authorized Participants will electronically subscribe on behalf of their sub-account holder(s) in securities offered through Initial Public Offerings and will also be able to make payment against such electronic subscriptions through all the available channels mentioned on CES only after receiving the subscription amount from the sub-account holder(s). To enable this feature, the CDS Participant may request CDC to activate his ID on the CES portal. For queries regarding CES, investors may contact CDC at phone number: 0800 – 23275 (CDCPL) and e-mail: info@cdcpak.com or contact Mr. Owais Anwer at Phone 021-111-111-500 Ext 500 and email: owais_anwer@cdcpak.com.

13.4. FACILITIES AVAILABLE TO LOCAL, NON-RESIDENT PAKISTANIS AND FOREIGN INVESTORS

For each IPO, a prospectus is issued, circulated, and published in newspapers at least 7 days before the start of the public subscription. The issuer also publishes advertisements in newspapers. The prospectus is available on the websites of the Pakistan Stock Exchange (PSX), the consultant to the issue, the issuer, and the Central Depository Company of Pakistan Limited (CDC), which provides the Centralized e-IPO System (CES). A list of all upcoming IPOs is also available on the PSX website.

13.5. APPLICATIONS MADE BY INDIVIDUAL INVESTORS

- In case of individual investors, one can submit an application for share subscription through electronic/online mode. Electronic/online applications can be submitted through PSX's e-IPO system (PES) and CDC's Centralized e-PO system (CES). PES and CES can be accessed via the web links https://eipo.psx.com.pk, and www.cdceipo.com. Both Pakistani residents and non-residents can avail the e-IPO facility. To register for the CDC and PSX Access e-IPO Service, the applicant must possess a valid CNIC and NICOP.
- 2. Online applications via CDC Access can be submitted 24 hours a day during the subscription period.

13.6. APPLICATIONS MADE BY INSTITUTIONAL INVESTORS

- In case of corporate entities an application for share subscription through electronic/online mode. Electronic/online applications can be submitted through PSX's e-IPO system (PES) and CDC's Centralized e-PO system (CES). PES and CES can be accessed via the web links https://eipo.psx.com.pk, and www.cdceipo.com. The corporate entities can avail the e-IPO facility by registering, if not have already been, for the CDC and PSX Access e-IPO Service, the corporate must possess a valid Registration number and NTN.
- 2. Online applications via CDC Access can be submitted 24 hours a day during the subscription period.

13.7. MINIMUM AMOUNT OF APPLICATION AND BASIS OF ALLOTMENT OF SHARES OF THE ISSUE

The basis and conditions of transfer of shares to the General Public shall be as follows:

- 1. Application for shares must be made for 500 shares or in multiples of 500 shares only. Applications which are neither for 500 shares nor for multiples of 500 shares shall be rejected.
- 2. The minimum amount of application for subscription of 500 shares is the Issue Price x 500 shares.
- **3.** Application for shares below the minimum amount shall not be entertained.
- **4.** SUBMISSION OF FALSE AND FICTITIOUS APPLICATIONS IS PROHIBITED AND SUCH APPLICATIONS' MONEY MAY BE FORFEITED UNDER SECTION 87(8) OF THE SECURITIES ACT, 2015.
- **5.** If the shares offered to the general public are sufficient to accommodate all applications, all applications shall be accommodated.

- **6.** If the shares applied for by the general public are in excess of the shares allocated to them, the distribution shall be made by computer balloting, in the presence of the representative(s) of PSX in the following manner:
 - If all applications for 500 shares can be accommodated, then all such applications shall be accommodated first. If all applications for 500 shares cannot be accommodated, then balloting will be conducted among applications for 500 shares only.
 - If all applications for 500 shares have been accommodated and shares are still available for allotment, then all applications for 1,000 shares shall be accommodated. If all applications for 1,000 shares cannot be accommodated, then balloting will be conducted among applications for 1,000 shares only.
 - If all applications for 500 shares and 1,000 shares have been accommodated and shares are still available for allotment, then all applications for 1,500 shares shall be accommodated. If all applications for 1,500 shares cannot be accommodated, then balloting will be conducted among applications for 1,500 shares only.
 - If all applications for 500 shares, 1,000 shares and 1,500 shares have been accommodated and shares are still available for allotment, then all applications for 2,000 shares shall be accommodated. If all applications for 2,000 shares cannot be accommodated, then balloting will be conducted among applications for 2,000 shares only.
 - After allotment in the above-mentioned manner, the balance shares, if any, shall be allotted in the following manner:
 - o If the remaining shares are sufficient to accommodate each application for over 2,000 shares, then 2,000 shares shall be allotted to each applicant and remaining shares shall be allotted on pro-rata basis.
 - If the remaining shares are not sufficient to accommodate all the remaining applications for over 2,000 shares, then balloting shall be conducted for allocation of 2,000 shares to each successful applicant.
- **7.** If the Issue is over-subscribed in terms of amount only, then allotment of shares shall be made in the following manner:
 - First preference will be given to the applicants who applied for 500 shares;
 - Next preference will be given to the applicants who applied for 1,000 shares;
 - Next preference will be given to the applicants who applied for 1,500 shares;
 - Next preference will be given to the applicants who applied for 2,000 shares; and then
 - After allotment of the above, the balance shares, if any, shall be allotted on pro rata basis to the applicants who applied for more than 2,000 shares.
- **8.** Allotment of shares will be subject to scrutiny of applications for subscription of shares.
- **9.** Applications, which do not meet the above requirements, or application which are incomplete, will be rejected.

13.8. REFUND/UNBLOCKING OF SUBSCRIPTION MONEY TO UNSUCCESSFUL APPLICANTS

As per the regulation 11(4) of the PO Regulations, within five (5) working days of the close of public subscription period or such shorter period of time as may be specified by the Commission from time to time, the Shares shall be allotted and issued against the accepted and successful applications and the subscription money of the unsuccessful applicants shall be unblocked/refunded.

As per sub-section (2) of Section 68 of the Companies Act, if refund as required under sub-section (1) of Section 68 of the Companies Act is not made within the time specified hereinabove, the directors of the company shall be jointly and severally liable to repay that money with surcharge at the rate of two percent (2%) for every month or part thereof from the expiration of the fifteenth day and, in addition, shall be liable to a penalty of level 3 on the standard scale as defined in Section 479 of the Companies Act. Provided that the directors of the Company shall not be liable if it proves that the default in making the refund was not on their own account and was not due to any misconduct or negligence on their part.

In case retail portion of the Issue remains unsubscribed, the unsubscribed shares shall be allotted to the successful bidders at the strike price on pro-rata basis.

13.9. MINIMUM AMOUNT OF APPLICATION AND BASIS OF ALLOTMENT

The basis and conditions of transfer of shares to the General Public shall be as follows:

- **1.** The minimum value of application will be calculated as Issue Price x 500 shares. Application for amount below the minimum value shall not be entertained.
- 2. Application for shares must be made for 500 shares or in multiple of 500 shares only. Applications which are neither for 500 shares nor for multiples of 500 shares shall be rejected.
- **3.** Allotment / Transfer of shares to successful applicants shall be made in accordance with the allotment criteria / instructions disclosed in the Prospectus.
- **4.** Allotment of shares shall be subject to scrutiny of applications in accordance with the criteria disclosed in the Prospectus and / or the instructions by the Securities & Exchange Commission of Pakistan.
- 5. Applications, which do not meet the above requirements, or applications which are incomplete will be rejected. The applicants are, therefore, required to fill in all data fields in the Online Application Form
- **6.** The Company will credit shares in the CDS Accounts of the successful applicants.

13.10. ISSUE AND CREDIT OF SHARES

Within five (5) working days of the closing of public subscription period, the shares shall be allotted, issued and credited against the accepted and successful applications and the subscription money of the unsuccessful applicants shall be unblocked/refunded, as required under regulation 11(4) of the PO Regulations. Shares will be issued only in the book-entry form and will be credited into the respective CDS Accounts of the successful applicants. Therefore, the applicants must provide their CDS Account Number in the Shares Subscription Applicant.

If the Company defaults in complying with the above requirements, it shall pay PSX a penalty of PKR 5,000 per day for every day during which the default continues. PSX may also notify the fact of such default and name of the Company by notice and also by publication in its ready-board quotation of the Stock Exchange.

Name of the Company will also be notified to the TRE Certificate Holders of the PSX and placed on the web site of the PSX.

13.11. TRANSFER OF SHARES

The shares shall be transferred in accordance with the provisions of Section 74 of the Companies Act read with Section 75 thereof and the Central Depositories Act, 1997 and the CDCPL Regulations.

13.12. DESIGNATED BANK(S) OF THE ISSUER

Code	Name of Bank
01	Meezan Bank Limited

13.13. LIST OF E-IPO FACILITIES

Sr. No.	No. Name of Facility	
01	PSX E-IPO System	
02	Centralized E-PO System	

13.14. INTEREST OF SHAREHOLDERS

None of the holders of the Issued shares of the Company have any special or other interest in the property or profits of the Company other than their capacity as holder of Ordinary shares except from the shareholders who are also the Director of the company. Directors of the Company have interest in receiving remuneration for their role as Directors.

13.15. ELIGIBILITY FOR DIVIDEND

The ordinary shares issued shall rank pari-passu with the existing shares in all matters of the Company, including the right to such bonus or right issues, and dividend as may be declared by the Company subsequent to the date of issue of such shares.

With effect from November 01, 2018, the Punjab Revenue Authority (PRA) subjected life and health insurance subjected life and health insurance to Punjab Sales Tax (PST) at the rate of 16%. The Sindh Revenue Board (SRB) made life insurance taxable at the rate of 13% with effect from July 01, 2020. The Life insurance industry members have unanimously filed a petition against the imposition of provincial sales in the Supreme Court of Pakistan, through the platform of IAP (Insurance Association of Pakistan). The case is pending hearing. Please find further details on sales tax in Section Error! Reference source not found..

13.18.3. Sales Tax on Sale / Purchase of Shares

Under the Constitution of Pakistan and Articles 49 of the 7th NFC Award, the Government of Sindh, Government of Punjab, Government of Khyber Pakhtunkhwa and Government of Baluchistan have promulgated the Sindh Sales Tax on Services Act, 2011, Punjab Sales Tax on Services Act, 2012, Khyber Pakhtunkhwa Sales Tax on services through Khyber Pakhtunkhwa Finance Act, 2013 and the Baluchistan Sales Tax on services Act, 2015 respectively. The Sindh Revenue Board, the Punjab Revenue Authority, and the Khyber Pakhtunkhwa Revenue Authority and the Baluchistan Revenue Authority administer and regulate the levy and collection of the Sindh Sales Tax ("SST"), Punjab Sales Tax ("PST"), Khyber Pakhtunkhwa Sales Tax ("KST") and Baluchistan Sales Tax ("BST") respectively on the taxable services provided or rendered in Sindh, Punjab or Khyber Pakhtunkhwa provinces respectively.

The value of taxable services for the purpose of levy of sales tax is the gross commission charged from clients in respect of purchase or sale of shares in a Stock Exchange. The above-mentioned Acts levy a sales tax on Brokerage at the rate of 15% in Sindh, 16% in Punjab and in Baluchistan and Khyber Pakhtunkhwa the rate is 15%. Sales tax charged under the aforementioned Acts is withheld at source under statutory requirements.

13.18.4. Deferred Taxation

Deferred tax is provided using the liability method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts, for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are

Prospectus | Pak-Qatar General Takaful Limited

recognized for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry forwards of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax assets and liabilities and they relate to the income tax levied by the same tax authority.

15. MEMORANDUM OF ASSOCIATION

THE COMPANIES ACT, 2017 (XIX of 2017) (Company Limited by Shares)

Memorandum of Association

Of

PAK QATAR GENERAL TAKAFUL LIMITED

- The name of the Company is PAK QATAR GENERAL TAKAFUL LIMITED.
- The Registered Office of the Company will be situated in the province of Sindh, Pakistan.
- III. For the purposes of the objects of the company contained in this object clause and subclauses thereof, the following terms shall, unless otherwise stated, have the meanings as assigned:

"Insure" includes any risks in any of the Takaful pool(s) managed by the company.

"Reinsure" includes any risks in any of the Retakaful pool(s) managed by the company or any other company. In the event of non-availability of retakaful arrangement(s) and provided that this is permitted by the Shariah Board, the company may seek reinsurance from conventional reinsurance companies.

"Insurance" means "Takaful" which means a scheme based on mutual assistance in compliance with the provisions of Islamic Shariah, and which provides for financial aid and assistance to the participants in case of occurrence of certain contingencies and whereby the participants mutually agree to contribute to the common fund for that purpose as provided in the Insurance Ordinance 2000 or any statutory enactment or modification thereof for the time being in force. The principle of Takaful requires that the Takaful operator / shareholders of the company should not in any form benefit from the underwriting results of the pooling arrangement. This implies that any surpluses in the Takaful Fund would need to either remain in the Takaful fund or used for the benefit of the Takaful participants in any form but would never in any form revert to or be for the benefit of the Takaful operator.

"Policies" or "Contracts" means such policies or contracts as are entered into by the company based on the Takaful principles. Premiums (generally referred to as participant's contributions) under such contracts may be adjusted in case of a shortfall in the Takaful Fund.

"Claims" means any losses which may be defined under the Takaful contract. Losses may be settled as per the guidelines provided by Shariah Board and may allow claim settlement options not typical under a conventional insurance contract such as reduction in loss payment or requiring additional contribution in the case of short fall in Takaful Fund.

"Shariah Board" means a committee to be appointed by the company with the approval of the SECP and comprising of Shariah scholars/institutions from within and outside the country.

It is expressly declared that several sub-clauses herein and all the powers thereof are to be cumulative and in no case, generality of any one sub-clause is to be narrowed or restricted by any particularity of any other sub-clause, nor is any general expression in any sub-clause to be narrowed or restricted by any particularity of expression in the same sub-clause or by the application of any rule of construction ejusdem generis or otherwise. In particular and as long as the activities carried out are in full conformity and approval of the Shariah Board for a Takaful operator, the following objects similar to and as defined for conventional General insurance companies as permissible by Shariah & as may be determined by Shariah Board from time to time.

- The objects for which the Company is established is to design takaful schemes or plans that meet the needs of participants and to act as a Takaful/Retakaful Operator to manage insurable risks.
- To carry on in Pakistan or elsewhere in any part of the world, all kinds of General Insurance business under the principles of Takaful as may be permissible by the

Shariah Board. In particular fire, explosion, lightning, earth-quake, atmospheric damages such as hail, gale, cyclone, storm, hurricane, tornado, flood and such other act of God; marine aerial, navigation, marine and aerial hull, riot, public liability, product liability, third party liability, personal accident, boiler explosion, vehicles, engineering and contractors all risks, consequential (Fire, Machinery Break-down) loss, mortgage or other investment, insurance, machinery break-down, erection all risks, transit, accident, falling of aircraft, workmen's compensation, employee's sickness, disease, survivorship, burglary, robbery, theft, fidelity, live-stock, glass plate, third part risk and every kind of guarantee and indemnity business and counterguarantee and counter-indemnity business and all kinds of bonds and every description of business kindred to the above, whether now known or hereafter to be devised. Insurance of money-in-safe and in transit, goods in transit, employer's liability insurance, professional indemnities, licence insurance, live-stock insurance, credit and contract guarantee. Provided that under each of the above classes of business, approval would be obtained from Shariah Board as to the permissibility of insuring that class of business and the types of risks that may be permissible within each class. The objective of this being that risks of non-permissible classes of business (such as which may not be in accordance with the principles of indemnification of losses as per Shariah Board guidelines) or insurance of businesses of non-permissible items (as defined by the Shariah Board) may not be included in the Takafal operations.

- 3. To insure houses, tenements, merchandise, and all other property and effects, real and personal, against loss or damage by fire, atmospheric damages such as hail, gale, tempest, hurricane, storm, cyclone, and tornado, flood, etc., accident, consequential (fire) loss, otherwise, and to carry on the ordinary business of fire insurance in all its branches.
- To rebuild, repair, replace or reinstate, house, buildings, machinery and every other description of property which may be insured by the Company, and to carry on any kind of business necessary or expedient for any such purposes.

- 5. To insure against every description of marine risks and aerial navigation risks which may legally be undertaken, relating to the perils of the sea and air, fire, war, reprisals, aeroplanes, vessels and crafts of all descriptions and also the freights, disbursements goods, merchandise, cargo, earnings and property whatsoever, in or on board of the same, whether the property of members of the Company, or otherwise, howsoever, so far as the same may be effected or made according to law.
- 6. To insure all other matters and things which lawfully may or can be from time to time insured, or be the subject of insurance against the perils of the land, sea or air, and also generally to carry on all other branches and departments of the business of fire, marine and aerial navigation insurance.
- 7. To insure all kinds of engineering insurance such as machinery break-down, erection all risks, contractors' all risks and steam boilers against injury, damages, or loss caused by explosion, and to insure machinery, buildings and other property against injury, damage, or loss consequent upon machinery damage, boiler explosion or collapse of flues.
- To insure against all manners of accidents, liability or guarantee and to do every other description of insurance business kindred to the above inclusive of all powers incidental to or necessary for the fulfillment of the objects aforesaid.
- To inspect all insured or insurable property including steam engines, boilers and machinery.
- To insure hoists, lifts and cranes and weighing machines against the consequences of any mechanical defect.
- 11. To grant indemnities to companies or their shareholder or the holders of any security against rights and damages arising, from the loss of certificates of tile or indemnities in respect of the loss of title deeds generally.

- To acquire or extinguish or otherwise deal with any insurance made with the company.
- 13. To grant indemnities to companies or their shareholders, or the holders of any security against rights and damages arising from the loss of certificates of title or indemnities in respect of the loss of title deeds generally.
- 14. To insure and indemnify principals or employers against loss or damage by the fraud, breach of trust, or misconduct of their servants, agents, or others acting on their behalf, and to guarantee and provide security for the fidelity and good conduct of persons filling or about to fill offices or appointments and situations of trust or confidence, and also to protect and relieve private sureties against loss arising to them from their liability as cautioners or guarantors for others.
- 15. To insure or guarantee the payment of money unsecured or secured by or payable under or in respect of promissory notes, stock, shares, debentures, debenture-stock, contract, mortgages, charges, obligations, instruments and securities of any company or any authority, supreme, municipal, local or otherwise of any persons whomsoever whether incorporated or not incorporated and generally to guarantee or become sureties for the performance of any contracts or obligations.
- 16. To insure or guarantee the holders of, or persons interested in, or proposing or intending to become holders of any shares, stock, or securities issued at a premium or standing at a premium, against loss arising from redemption at par, depreciation or otherwise.
- 17. To insure or guarantee the safety of securities and property of all kinds placed on deposit with the company or elsewhere, or entrusted to the company or to other persons or companies for transmission, or otherwise howsoever.
- 18. To accept reinsurance relating to all types of risks permissible under the Insurance Ordinance, 2000 from other Takaful, Re-Takaful or conventional insurers; provided that in case of acceptance from a conventional insurer, the type/nature of risk shall be

such as would be other acceptable had it been place directly with the Company. Furthermore, in case of conventional insurers, specific Shariah Board's approval would be sought.

- 19. To pay or satisfy any claims made against the Company in respect of any Policies or Contracts granted by, dealt in, or entered into by the Company or otherwise which claims it may be deemed expedient to pay or satisfy notwithstanding that the same may not be valid in law. The settlement of claims should be under the guidelines provided by the Shariah Board as the nature of takaful contracts is to ensure mutual assistance amongst the participants and therefore the company would need to protect the interest of the Takaful fund over and above any commercial or marketing based compromises which may be practiced under conventional insurance contracts.
- 20. To give to any class or section of those who insure or have dealing with the Company any rights for or in relation to any fund or funds or a right to participate in the profits of any particular branch or part of its business either equally, with other classes of section or otherwise and any other special privileges, advantages or benefits. Such benefits or rights shall be strictly in accordance with guidelines provided by the Shariah Board.
- 21. Generally to carry on all matters of business which now are, or may come to be connected with any of the above classes of insurance in any of the various branches thereof which may be transacted by companies carrying on the insurance business.
- 22. To advance money on security or otherwise, generally to such persons and upon such terms and conditions as the Company may think fit and as long as this approve by the Shariah Board.
- 23. To enter into any arrangements with any Government or authorities supreme, municipal, local or otherwise and obtain from any such Government or Authority; all rights, concessions and privileges that may seem conducive to the company's objects or any of them.

- 24. To enter into partnership or into any arrangement for sharing profits into any union of interest, joint-venture, reciprocal concession or cooperation with any person or persons or company or companies carrying on, or engaged in, or about to carry on or engage in, or being authorised to carry on or engage in, any business transaction which this Company is authorised to carry on or engage in or any business or transaction capable of being conducted so as directly or indirectly to benefit this Company.
- 25. To purchase or otherwise acquire and undertake all or any part of the business, property and liabilities of any person or company carrying on any business which this company is authorised to carry on or possessed of property suitable for the purpose of the Company.
- 26. To borrow, procure, raise money in local or any foreign currency from banks, financial institutions, non-banking financial institutions as long as this is done with the approval of the Shariah Board, and to avail finances under any Islamic financing scheme like modaraba, morabaha, musharika, Ijara-wa-iktina and Qaraze-Hasna and in accordance with the approval of the Shariah Board.
- 27. To carry on any other business which may seem to the Company capable of being conveniently carried on in connection with any of the above or calculated, directly of indirectly to enhance the value of or render profitable any of the Company's property or rights.
- 28. To invest and deal with the moneys of the Company not immediately required upon such securities and in such manner as may from time to time be determined. The shareholders capital would be kept completely separate from the Takaful fund which belongs to the participants. The Takaful fund would be managed under a Mudaraba contract by the company with a defined profit sharing ratio which may be defined in the operative contract with the participants.

- 29. Generally to purchase, take on lease or in exchange, hire or otherwise acquire any real or personal property or any rights or privileges which the Company may think necessary or convenient with reference to any of these objects or capable of being profitably dealt with in connection with any of the Company's property or rights for the time being.
- To take or otherwise acquire and hold shares in any other company in accordance with guidelines issued by the Shariah Board.
- To promote any company or companies for the purpose of acquiring all or any of the property, rights and liabilities of this Company or for any other purpose which may seem directly or indirectly calculated to benefit this Company.
- 32. To draw, make, meet, accept, execute and issue bills of exchange, Government of Pakistan and other promissory notes, bills of lading, warrants and other negotiable or transferable instruments or securities, concerning this Company as long as these are in conformity with Shariah Board requirements
- 33. To adopt such means of making known the business of the Company as may seem expedient and in particular by advertising in the Press by circulars, by purchase and exhibition of works of art, by publication of books and periodicals and by granting prizes, rewards and donations.
- To undertake and execute any trust, the undertaking of which may seem to the Company desirable and either gratuitously or otherwise.
- 35. To sell, transfer or dispose of any branch of the business, property and the undertaking of the Company or any part thereof for such consideration as the Company may think fit and in particular for shares, debentures or securities of any other company.

- 36. To aid, pecuniarily or otherwise any association, body or movement having for an object the solution, settlement or surmounting of industrial or labour problems or troubles or the promotion of industry or trade.
- To sell, improve, manage, develop, exchange, lease, mortgage, dispose of, turn to account or otherwise deal with all or any part of the property and rights of the Company.
- 38. To establish and support or to aid in the establishment and support of associations, institutions or trust funds calculated to benefit employers or employees of the Company or its predecessors in business, or the dependents or connections of such persons and to grant pensions and allowances and take payments towards insurance and to subscribe or guarantee money for charitable benevolent objects or for any exhibition or for any public, general or useful object, as long as it is permissible by the Shariah Board.
- 39. To procure or register a company in any foreign country or place.
- To join or subscribe to any salvage or protection association or committee, whether mutual or otherwise, in any way connected with any of the objects of the Company.
- 41. To pay all costs, charges and expenses incurred or sustained or to be incurred or sustained by the promoters of the Company or otherwise, in or about promotion and establishment of the Company including therein the cost of advertisement, commission for underwriting, brokerage, printing and stationery.
- 42. To contract with lease holders, borrowers, lenders and others for the establishment, accumulation, provision and payment of sinking fund, redemption funds, depreciation funds, renewal funds, endowment funds and any other special funds and that either in consideration of a lump sum or of any annual premium or otherwise, and generally on such terms and conditions as may be agreed upon provided this is with the approval of the Shariah Board.

- 43. To advance, deposit with or lend money, securities and property to or receive loans or grants or deposits from Government. Provided that such activities are in accordance with Shariah compliance guidelines set by the Shariah Board and generally recognized as such.
- 44. To take part in the management and control of the business or operation of any company or undertaking and for that purpose to appoint and remunerate Directors, Manager, Accountants, Secretaries or other experts, advisors and agents.
- 45. To act as agents for the issue of any financial instruments, stocks or shares, whether or not offered to the public for subscription and to guarantee or underwrite the subscription of any such securities or shares, and to act as trustee, executor, or administrator, with or without remuneration, or to undertake trusts of all kinds and the conduct of any business connected with trust of any description or the estates of the deceased persons and to receive for custody, deeds, securities or other documents or money or any personal chattels, with or without undertaking liability for any loss thereof or injury thereto, and to undertake all kinds of agency business. The approval of the Shariah Board would be required for undertaking any such activities.
- 46. To enter into any arrangements and to take all necessary or proper steps with Governments or with other authorities, federal, provincial, local, municipal or otherwise of any place in which the Company may have interest and to carry on any negotiations or operations for the purpose of directly or indirectly carrying out the objects of the Company or effecting any modification in the Constitution of the Company for furthering the interest of its members and to oppose any such steps taken by the any other company, firm or person which may be considered likely, directly or indirectly, to prejudice the interests of the Company or its members and to promote or assist the promotion, whether directly or indirectly of any legislation which may appear to be in the interest of the Company and to oppose and resist, whether directly or indirectly, any legislation which may seem disadvantageous to the Company and to obtain from any such Government, Authority or any Company any characters,

contracts, decrees, rights, grants, loans, privileges or concessions which the company may think desirable to obtain and carry out, exercise and comply with any such arrangements, charters, contracts, decrees, rights, privileges or concessions.

- 47. To apply the assets of the Company in any way in or towards the establishments, maintenance or extension of any association, institution or fund in any way connected with any particular trade or business or with trade or commerce generally including any association, institution or fund for the protection of the interest of the Insurers against loss by bad debts, strike, combinations, fire, accidents, or otherwise or for the benefit of any clerks, workmen or other at any time employed by the Company or their families or dependents and whether or not in common with other persons or classes of persons and in particular of friendly, co-operative and other societies, reading rooms, libraries, educational and charitable institutions, refractories, dining and recreation rooms, schools and hospitals and to grant gratuities, pensions and allowances and to contribute to any funds raised by public or local subscription for any purpose whatsoever.
- 48. To provide necessary training facilities in Pakistan and abroad for Pakistan nationals in all branches of Insurance by offering scholarships, stipends and any other kind of financial assistance for the purpose and to provide all possible avenues for their employment in the administrative and technical departments of the Company or other insurance companies.
- To subscribe or guarantee money for any national charitable, benevolent, non-political, public, general or useful object of for any exhibition.
- 50. To distribute all or any of the property of the Company other than takaful funds, amongst the shareholders in specie or kind. To distribute any balance in takaful funds in accordance with the guidelines issued by the Shariah Board.

- 51. To carry on any other business that may seem to the Company capable of being conveniently carried on in connection with the above objects or calculated directly or indirectly to enhance the value of or render profitable any of the Company's property or rights or which it may be advisable to undertake with a view to improving, developing, rendering valuable or turning to account any property real or personal belonging to the Company or in which the Company may be interested and to do all or any of the above things, either as principals, agents, or otherwise and either alone or in conjunction with others, and either through agent or otherwise.
- 52. To open any current or fixed account with any one or more scheduled banks in the name of the company and to pay money into and draw money from any such account.
- To advance, deposit with or lend money, securities and property to or receive loans or grants or deposits from the Government.
- To lend money with security and generally to such persons and upon such terms and conditions as the company may think fit.
- To undertake financial and commercial obligations, transactions and operations of all kinds relating to insurance business.
- 56. To remunerate any person or company for service rendered or to be rendered in placing or assisting to place any shares in the Company capital or any debentures, debenture-stock or other securities of the Company or in or about the conduct of its business by payment of each or by the issue of shares, debentures or other securities of the Company or by granting of option to take the same or in any other manner allowed by law.
- 57. To do all or any of the above mentioned things either as principals, agents, trustees or otherwise and either alone or in conjunction with others and either directly or through agents, sub-contractors or trustees.

- To do all such things as are incidental or conducive to the attainment of the above mentioned objects.
- 59. Notwithstanding anything stated in any object clause, the Company shall obtain such other approval or license from the competent authority, as may be required under any law for the time being in force, to undertake a particular business. The company shall not launch multilevel marketing, pyramid and ponzi schemes.
- IV. The liability of the members of the Company is limited.
- V. The authorized share capital of the Company is Rs. 2,200,000,000/- divided into 220,000,000 Ordinary shares of the denomination of Rs.10/- each with power from time to time to increase the capital of the Company.
